Dressage Seat Equitation Notes

Classes 19, 20, & 21 are a new concept based loosely on the USEF program.

1. Objective is to encourage and reward riders for developing a deep, quiet and classical dressage seat.
2. Riders need to be able to apply the aids in the best way possible to develop a harmonious performance.
3. Rider's position and seat are judged with the overall impression being more important than individual movements.
4. General impression can be described by Article 418 of the ESNZ rules for dressage.
5. The quality of the horse/pony's paces will not be judged. The horse's performance is only important in the way it relates to the rider's seat and aids.
6. Riders will be judged in groups of 3 or fewer in a standard dressage arena. There is no set test. A caller will direct riders what to do and when. Riders are expected to keep a safe distance between themselves and other horses and to circle away rather than pass another horse. Riders may be asked to perform a short individual test of a few movements appropriate to the level of the class.
7. All classes to be ridden in a snaffle bridle. A whip may be carried, and short spurs worn. All other clothing, helmet and equipment as per ESNZ rules.
8. The scores are not required to be displayed other than the results of the place getters.
9. **If you require further information, please contact Barbara Clarke Ph. 027 390 3916**
