

Schools job list

Please find below the jobs list for the show. We have tried to keep our fees as cheap as possible for the riders at \$90 per rider, so we the ask for schools to help out for the show.

Job One: Gate - If you are assigned to a gate job we are asking for 2 helpers from your school minimum. One person stands at the entrance to the arena and let riders in and out of the arena, the other checks off the list that the riders are in correct order and radios the judge only if the rider is out of order. You will have a head gate steward who will send riders from the warm up to you, she will also let you know if someone is out of order. 2 riders must be in the Canterbury Arena at all times.

Job Two: Poles – If you are assigned to pole job we are asking for 3 helpers from your school minimum. You must be in the arena out of the way and put up any rails that fall. Please be quick but watch out for where a rider is riding.

Please note – some schools have two jobs both days, these are only for schools with classes with low numbers.
