The Draw will be out **Friday** prior to the event. All riders will be allocated a start time - please keep to time, so we can run the day smoothly. You will have back number for each round. Please **print and bring your back number/s** so it is easy for starters and others to see. Start with Show jumping and go straight to cross country. You can choose the jumps on XC.

There will be no additional rounds unless they have been prebooked via EVO.

Respect the grounds

Remember this is a public Domain so people will be walking the grounds - be mindful of them. The Showjumping and cross country will run Nicholson Glen and around the top polo fields. The cross country is set up so that you ride on the outside of the polo field. At no time do we want to see the riders on the actual polo field.

Guidelines

As per ESNZ rules riders must wear approved tagged helmets and back protectors - these must be worn at **all times** during your ride.

Those that have paid for an extra round will ride straight after the first round is finished. If the second round is a different height, the second round will also be timetabled with a second Back number. If you have 2 stops on any fence, please ride past it and go to your next fence so we keep the day moving

If you bring your doggy friends, please keep them under control and on a **lead at all times**. They are NOT to go on the polo field or Nicholson's farm.
