Equestrian Entries

Team Entry for BOP Schools SJ

Prerequisites:

1. The team manager needs to be registered with Equestrian Entries (many would be if they are riders) and ensure their contact details, including their cell phone number are correct.
2. Every team member must be registered with Equestrian Entries AND have the competing horse assigned

to their account. Will have one if they have entered any event using Equestrian Entries, even if they didn't enter online. Get them to do this before you begin the entry process.

Process:

- The team manager logs onto the Equestrian Entries website.
- They click on the Enter button beside the event, events are organised chronologically.
- A pop up may show up to select either an individual entry or a team entry (select team).
- Now complete the details on the page for the name of the organisation ie St Peters School and the role and contact details for a Team Trainer. It is compulsory to have two contacts per team (can be the same for all teams.)
- Click the Save Changes Button
- Now press the Add Team button
- A pop up appears where you enter the name of the team ie St Peters Blue and highlight the competition
- Press the save button and you should see something similar to below.
- Press the Enter/View Riders button and the next section will appear where you can add in your team riders.
- Press the Add Rider button and a search popup will appear. Type in the surname and all the riders and their horses should appear with that search name.
- Select the rider/horse you want (it will highlight orange) and press the Next button at the bottom of the popup.
- Repeat the process for the next rider
- Now you can see the rider(s) you have selected.
- Once you have entered all the riders press the 'enter classes' button and the list of classes at the event will show.
- Tick the applicable classes for the team competition – farthest to the right
- A 'hide' button at the top of the list of classes will roll up the class list, so you can see the next rider and enter their classes.

If you have more than one team to enter, go back to the top of the page and add another team and repeat the process.

Once you have all the teams completed, press the next button at the bottom right of the page.

This goes to the normal final page (for any team or individual entry)

Select any additional fees.

There are boxes where you can put in special requests relating yarding, draw and general. You can use the general box if you want to make notes about riders etc.

The confirm entry button at the bottom right will process the entry. There is a button bottom left which will take you back to the previous form to change entries further.

You will receive an email confirmation with the entries and total fees due.

We hope you will find this a simple process but please don't hesitate to ring 021 684858 or use the website chat if you are having any problems.
