Regulation jumping helmets must be worn. Jumping whips are allowed, spurs optional. Breastplates, bandages or boots may be worn. Martingales may not be worn. Dressage whip may not be carried. Riders are expected to have shortened stirrup length

Bridle: ordinary snaffle
Arena: 40 x 20 metres
Time: 4 mins approx
(Suggested Schedule Time 6 mins)

NOTE TO JUDGES:

This test is for riders and horses with some jumping experience. The rider must maintain a balanced position throughout. The horse/pony should be accepting the bit, maintaining an even rhythm and jumping calmly at the set pace. It is understood that in the working gaits, a jumping horse is not expected to be as round on the bit as a competing dressage horse. The horse must softly accept the bit and may show more "roundness" in the parts of the tests separate from the jumps. After jumping, horses may land in canter and make a balanced transition to working trot. Transitions into and out of the halt may be through the walk. Knockdowns will be penalized at the judge's discretion. In the case of a knocked down rail being in the way, the judge will ring the bell for the rider to stop without penalty. After the jump is replaced, the bell will be rung again telling the rider to continue from where he stopped.
