How the day will run:

1. SJ - Approximately 12 fences in the SJ ring ranging in heights - commencing at X-oles; these will go up approx. 10cm on the hour.
2. XC - 3 Heights of jumps will be flagged - Blue under 80cm; Red under 95cm; Black Over 95cm. There will be some smaller obstacles flagged for those in the x-pole levels.
3. All falls of rider must be checked by Medic before continuing for the day & before driving home.
4. Nothing is timed or scored (Spot Prizes will be given out) No need to be in a hurry or out of control. You can circle between the fences (not combinations) & you can miss fences you don't want to jump. You **DO** need to walk the course, so you know where you are going..... Fences need to be jumped in numerical order 😊 - this is so it doesn't look like an "Outback round-up" on the XC pitch - more like a well executed dance routine 😊 😊
5. You can contact me (Denise) lutzen007@gmail.com or 021 02921039 - Happy to answer questions - please read this first though.....
