RING 01

HAPPY TO BE HERE JUST STARTING OUT

WAITEMATA
RIDING CLUB

This ring is for the more nervous combinations that are just starting or don't attend many competitions.

You may be working at level 0 dressage or recently stepped up to level 1. This is for the riders that need time to breathe & relax. If you can happily canter in a group – this is not the ring for you.

Ring 1 Jumping will be between poles on the ground up to 60cm. You can change rings for jumping.

RING 02

BEEN HERE BEFORE CONFIDENT

For riders who can confidently ride all three gaits in a group setting. You may have attended Ribbon Days before, placed in level 1 dressage or ridden in levels 2+ on your entered mount. Trotting in a group is likely, group canters at judges discretion.

Ring 2 jumping will start from 65cm.

You can change rings for jumping

If you are unsure what ring you belong in, flick us a line of what you and your mount normally get up to and we can advise accordingly.
