HAMILTON PONY CLUB

Cross Country and Show Jumping Practice Day

Event information

- Show Jumping will start at 9am, estimated height changes will be emailed out once entries close.
- Whiteboard order: There will be a whiteboard at the SJ gate and the cross country gate. Please be ready to go and monitor the height changes. If you would like to ride your SJ round one after the other just let the gate steward know.
- Cross Country will be run similar to a gamblerstake, but with no scoring. Riders will be released at 1–2 minute intervals so they can experience riding the course in a similar way to a real cross-country round. At each fence, riders can choose which height option they would like to jump, with most fences offering 65–95cm options. Class 1 will have a shorter course with mostly 50cm options. Classes are divided into rough height levels to help with scheduling and to ensure riders and horses of similar levels are on the course at the same time; however, riders are welcome to choose lower or higher options than their class level.
- Riders may have more than one horse.
- Dress: Riders do not have to wear show attire, tidy dress is recommended. Yellow tagged helmets must be worn at all times when mounted. Legal Back protectors must be worn during the cross country phase. Long sleeves must be worn for cross country.
- There will be no gear checks.
- Class changes: If you wish to change classes/heights please talk to the gate steward
- There are no yards, you can tie horses to floats. We do not have a wash down bay, our only water source is a trough by the toilets.
- The shed will be open, you are welcome to come sit and watch from there
- No dogs allowed
