

## Middle and High School

### The Month of Love

The month of February is all about love and relationships. We have been walking through the Gospel Project the last few months in Student Life, and it has been a great journey. We have seen God's amazing love and grace given to His people time and time again. We know that God's love and grace for us is just as big as it was for the people in the Bible.

During February in Student Life, we will look at some topics we believe are important for us to talk about with students. We will study:

- ▶ What does God have to say about my relationships? This includes friendships.
- ▶ What does God have to say about my sexuality?
- ▶ What does God say my purpose is?

We will study this through a Biblical lens, looking at what God has to say to us about each topic. We want our students to know God loves them so much, and He wants to lead and guide every part of their lives. These aren't always easy topics to discuss, but they are very important conversations to have with our students.

Please be in prayer with us and for us. If you have any questions, please contact Nic or me.
