

Mary Cohen's Music Cupboard

"Here's how to draw a one octave piano keyboard in eight easy steps!"

1. Start by drawing a big rectangle - you don't need to use a ruler

2. Draw a line down the middle

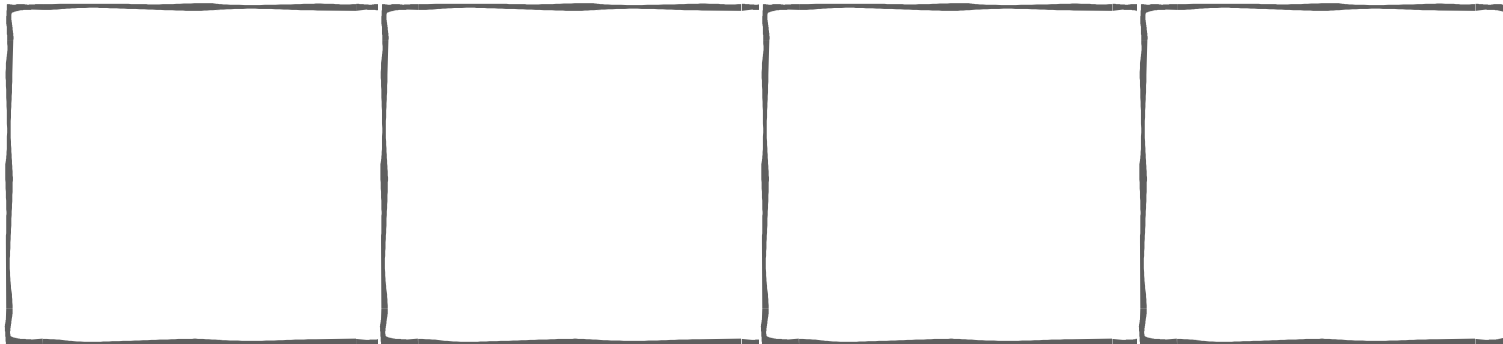

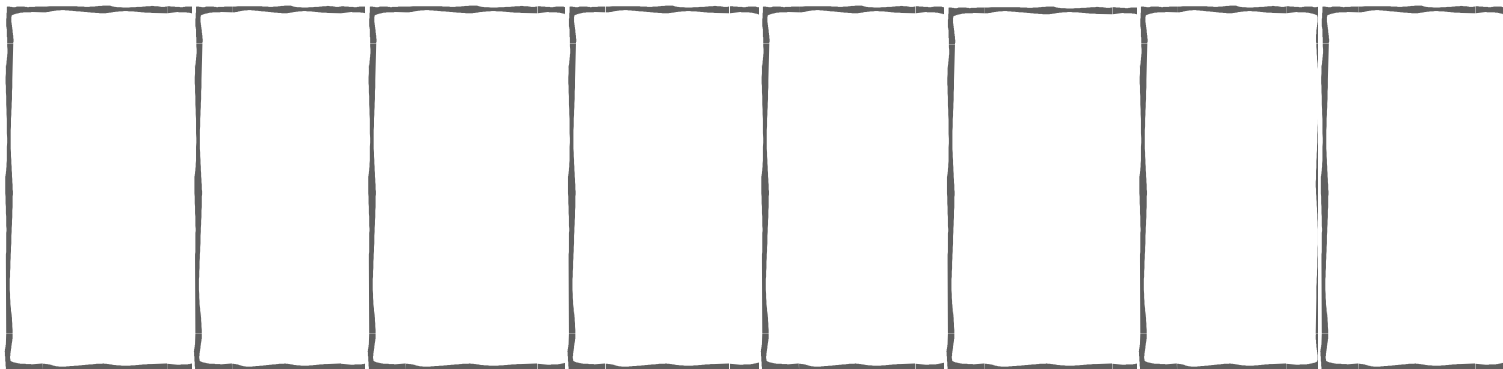

Mary Cohen's
'How to draw a one octave piano keyboard'

page 2

3. Draw a line down the middle of each half

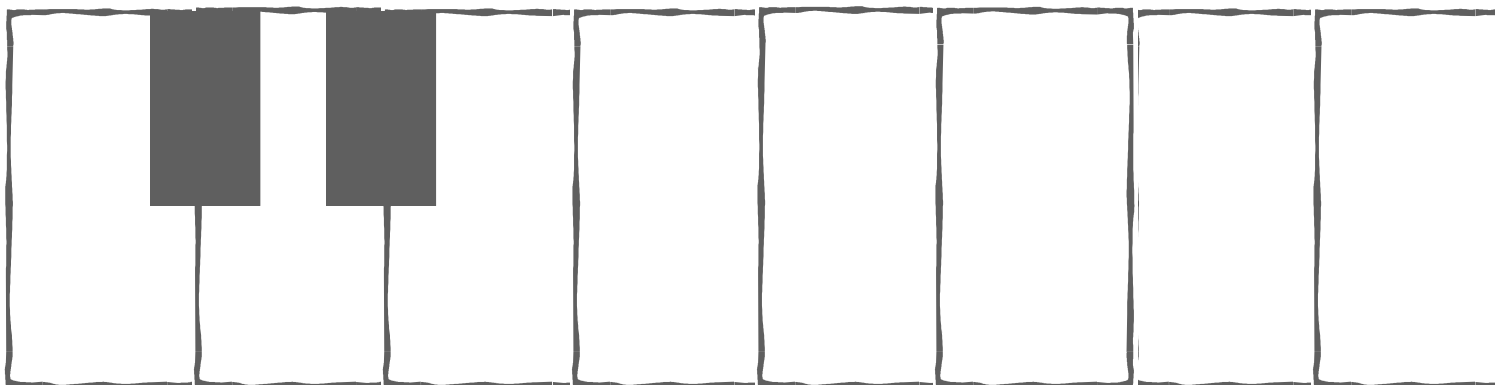

4. Draw a line down the middle of each quarter

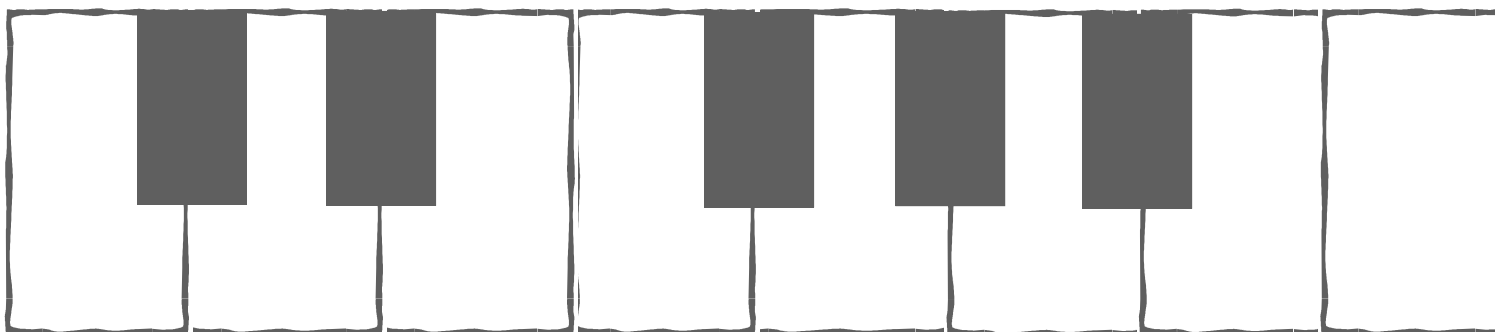

5. Copy the TWO black keys in exactly the right places!

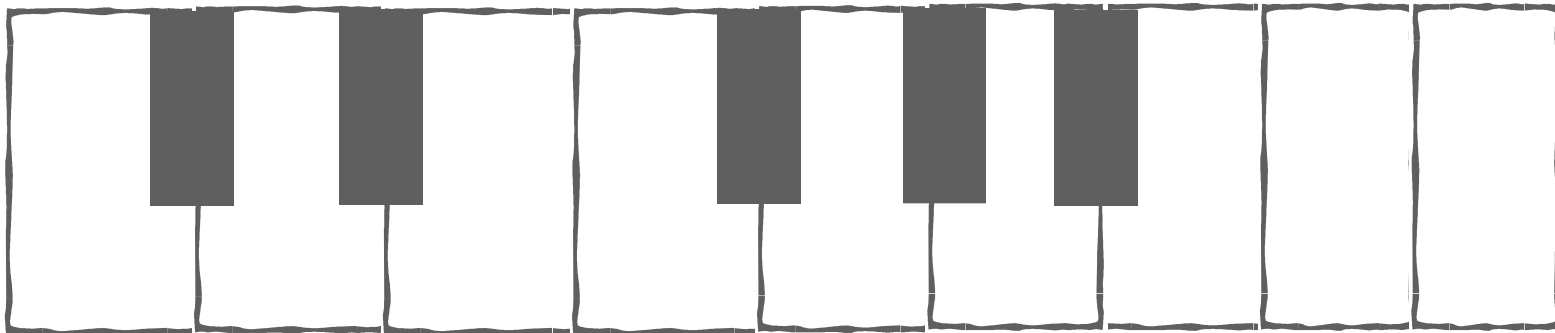

6. Add the THREE black keys in exactly the right places!

7. Write in all the letter names of the white keys

8. Now...where should the next lot of TWO black keys start?
