10 grams - 1.5x5mm Lava Red Dragon® Scale Seed Beads (SB6969) (**B**)

97 beads - 3mm Opaque Olive Fire Polished Round Glass Beads (FP3555) (**C**)

1 - 20x14mm Sterling Silver Flower Toggle Clasp (SS5173)

1 - Smoke Gray FireLine Braided Bead Thread .008 diameter - 6 lb/Size D (SM1001)

Tools needed to complete the bracelet:

Size 11 Tulip Beading Needles (TL2648)

Xuron Thread and Fiber Scissors (TL3000)

Beading Techniques needed to complete the bracelet:

Basic Right Angle Weave

Instructions to complete “Poinsettia Row” bracelet:

Tip

The letters A – C designate the beads used in the pattern. Please refer to the materials list above for the key. The base of the bracelet is made with a variation of right angle weave using five beads per unit instead of four. If you are not familiar with right angle weave, please follow the Basic Right Angle Weave Technique and practice until you are comfortable with the stitch. When the right angle weave base is complete, a fringe technique is used to create the double-layered “blossoms” using Dragon® Scale beads and size 15 seed beads. Finally, the seed beads are connected, forming the blossom centers.

Step 1

Right angle weave base:

Thread a needle with 5 feet of beading thread (add thread as needed). String 5 – C, and pass back through all five beads again. Pass through the first C strung one more time. One right angle weave unit is complete.

Step 2

String 4 – C, and pass through the first C from the previous unit. Pass through the first 3 C strung in this step. The second right angle weave unit is complete.

Step 3

Repeat Step 2 22 times, forming a total of 24 right angle weave units. The bracelet base is complete.

Step 4

Fringe:

Exit from any C in the last unit formed. String the following:

1 – A
1 – B
1 – B
1 – A

Pass back through the 2 Bs and the first A; pull beads close to the base. Pass through the next C in the unit.

Step 5

Repeat Step 4 with each C in the unit, forming a blossom of five double-layered petals in a circle. Make sure all petals are on the same side of the bracelet base.

Step 6

Repeat Steps 4 – 5 with each unit in the base.

Step 7

Weave through to the center of the first blossom, exiting through an A bead that is sitting on top of a petal fringe cluster. Weave through the A beads at the top of the other four fringe clusters in the blossom and back through the first A bead, connecting the clusters into a circle. Weave down through the beads and over to the next blossom.

Step 8

Repeat Step 7 with each blossom.

Step 9

Exit the end-most C on one end of the bracelet. String 8 – A, the loop on the bar side of the toggle clasp, and 7 – A. Pass back through the first A strung, forming a loop. Pass through several C in the base to secure, and trim the thread.

Step 10

Exit the end-most C on the opposite end of the bracelet. String 7 – A, the loop on the ring side of the clasp, and 7 – A. Retrace the thread path in this step again to reinforce. Pass through several C in the base to secure, and trim the thread.
