TO ASSEMBLE THE EARRINGS

STEP 1: (Images 2-3)

First we will assemble the fringe dangle. Use your cutters to cut off the flat head part from the two 22 gauge Silver Plated Brass 2" Head Pins. Create a loop on one of the ends of the cut Head Pins using your needle nose pliers. Repeat to complete the pair.

STEP 2: (Images 4-12)

Using the cutters snip the 12" of Chain in half. Open up one of the Small Jump Rings using your Needle Nose Pliers. Attach one end of the chain to the open jump ring. Measure with a ruler approximately 1" and loop the chain back up approximately 1" threading an additional link of the chain onto the Small Jump Ring. Continue looping the chain onto the Jump Ring until the 6 inches are looped, creating a dangle. Thread onto the Head Pin from Step 1 and close up the loop on the Small Jump Ring. On the ends of the looped chain, use your cutting pliers to give you fringe dangle a little haircut. Repeat to complete the pair.

STEP 3: (Images 13-16)

To assemble the earrings, thread onto the headpin with the fringe dangle from Step 2 the following components:

- A 8.5mm Antique Silver Plated Brass Daisy Bead Cap (Image 13)
- A 8mm Crystal Swarovski Elements Crystal Round Bead (Image 14)
- A 10mm Antique Silver Plated Brass Crown Bead Cap (Image 15)
- A 12.5mm Antique Silver Plated Brass Petal Bead Cap (Image 16)

STEP 4: (Images 17-21)

Using your cutters cut away all but 1/4" of the head pin and create a top loop. Attach the 11mm Silver Plated Base Metal French Ear Wire with 1.5mm Ball and close up the loop. Repeat to complete the pair.

I'm telling you, these earrings will transport you to a hot summer day in Paris!
