

STAFF PERSONAL REFLECTION JOURNAL

Going Deeper

Try and find a quiet place such as the school chapel and, after watching the video, capture your thoughts on the following questions:

Q# 1

Who is a person in your own life that you feel has always, 'walked their talk'? What impact have they had upon you? What lessons do you take away from your observation of them?

Q# 2

How do you feel about your own 'lived witness' of the faith before students at this stage of your life? What would you change? What are doing well? What do you think students would say about your relationship with Jesus if they were asked?

"I'm not afraid to fail...I'm scared to death of dying and having the Lord say to me, 'Angelica, this is what you might have done had you trusted more.'"

STAFF PERSONAL REFLECTION JOURNAL

Going Deeper

Q#3

What do you sense in students in terms of cynicism or lack of belief in the witness of some leaders? How do you feel about this? What small steps in your own life or that of your school could make a difference?

Action Steps

This week the Church documents stated:

"In today's secularized world, students will see many lay people who call themselves Catholics, but who never take part in liturgy or sacraments."

In the next seven days try and make an extra effort to attend a weekday Mass or Reconciliation. Spend some time praying for a deeper experience of God's love both for you and for every student.

Pray for the grace to witness to them more deeply as your own faith deepens.

"Let us not shrink from entering the public square to proclaim the person of Christ, to teach the values that flow from reason and faith, to uphold our right to go about our daily work in accord with our teachings and values."
evangelisation

Archbishop William Lori
