

BINGE-WORTHY

Icebreaker: What TV series have you been watching recently? What do you like about it that has caught your attention and why?

Main Passage: Luke 4:1-13

Big Idea: Speak the Word

There are multiple issues our world is facing. Whether it's emotional, psychological, intellectual, political, or social. But, one issue that is unseen to the natural eye, yet very real, is the spiritual demonic world of evil. It's this spiritual world where Satan lives, that Jesus was confronted with and conquered by how He spoke the Word.

Point 1: We're Exhausted

- What have you noticed recently in people's post, comments, or conversations? How do you think they are handling the issues we are facing in our world?
- When, where, and why was Jesus approached by the devil? (Lk. 4:1-13)
- How did Jesus know it was the devil tempting him? How do you think the devil appeared to Jesus?
- How does Jesus respond to the devil? Do you think the temptations were real temptations to Jesus?

Point 2: Heaven & Hell are both broadcasting their message

LK. 3:22; Eph. 6:11-12

Attack on our identity, but it's an attack on the Word.

- Have you been attacked in your thought-life before and you knew it was coming from the lies of Satan? Explain.
- What should our battle plan consist of? What can we do to wrestle, fight against, and overcome the battlefield of the mind?
- How can we offer assistance or help others who may be experiencing an attack?

Point 3. It is Written

READ Heb. 4:12, Eph. 6:17

The Bible, it's the brains of your defense, the brawn of your offense.

- What is our biblical weapon? How can we use this weapon accurately? Give practical examples.

APPLCIATION:

- Speak the Word
- Memorize one scripture passage this week
- Prepare now for the battle you will face in your future
