

## There's An App For That: TWO! with Bonnie Hayhurst, MT-BC

Here's what people say about Bonnie's teachings:

*Bonnie's detailed expertise about the apps and equipment used with the iPad helped me to **take my knowledge to the next level.** ~ Linda Jedrzejek, MT-BC*

***Bonnie set a nice, easy going pace, and explanations of everything were easy to understand.** Bonnie is so very talented and has a wonderful knowledge of technology! ~ Lisa Barnett, MT-BC*

*...Now I've purchased an iPad, and I already tried using it in sessions. I am excited to explore the music storage capabilities! **Bonnie was very clear about explaining and demonstrating apps.** Even I could easily follow her teaching.  
~ Cindy Long, MT-BC*

***Bonnie made everything seem very user friendly** and inspired me to try new things. ~ Catherine Schroth, MM, MT-BC*

**Description:** In this jam-packed video course you will learn how to incorporate 145 apps into your music therapy work. The apps explored in this course are organized by client need, goal area, or music therapy use. The 18 comprehensive chapters include apps for assessment, documentation, cognitive development, teaching educational concepts, addressing attention and memory, gross motor functioning, fine motor functioning, sensory input and stimulation, relaxation, procedural support, managing pain anxiety and stress, communication & literacy, aphasia, AAC devices, social/emotional expression, regulating mood, self-expression & creativity, quick reference, and apps to keep yourself organized and effective.

Also, the course includes best practice suggestions, iPad ethical considerations, iPad maintenance tips, navigating the app store, and iPad resource lists galore!

You'll also be invited to join the iPad course forum to connect with an active community of music therapy iPad enthusiasts.

**Board Certification Domains:**

1. Select and adapt musical instruments and equipment on the iPad consistent with treatment needs. (BCD II.D.9.)
2. Select and prepare non-musical materials, via the iPad, consistent with music therapy goals and client's learning styles (e.g., adaptive devices, visual aids). (BCD II.D.12.)
3. Structure and organize music therapy experiences using the iPad within each session to create therapeutic contour (e.g., transitions, pacing, sequencing, energy level, intensity) (BCD II.C.2.)
4. Develop and enhance technology skills using the iPad. (BCD IV.A.7.)

**Prerequisites:** Facebook profile is recommended, not required. The course forum is held in a Facebook group. Participants may submit insights via email in lieu of the Facebook forum.
