SHOWCASE

a two-week technique class with Jennifer McGuire

Supply List

In this class, I use a large variety of products. However, I highly recommend using what you have on hand. This class is about making the most of what you have and getting creative!

Below I have provided two lists. One shares some “suggested products” that would be good to have to do the techniques in the class along with supplies you have at home. The second is a very “detailed list” of every specific product that I used on my canvas, for reference. Again, you can use products on hand, and I will mention in the videos other products that will work for specific techniques, too. Therefore, it is my recommendation to follow the “suggested product” list instead. :)

After each product listed below, there are links to three favorite online stores: SSS (for [Simon Says Stamp](#)), 2Ps (for [Two Peas In a Bucket](#)) and EH (for [Ellen Hutson](#)).

Also, to make shopping easier, there is a category for class products from [Simon Says Stamp HERE](#) and for [Two Peas In a Bucket HERE](#).

Remember that we have great student discount codes [HERE](#) for your shopping, too!

Suggested products to play along and experiment in class:
