Expert Reviews:

Edmunds.com: If you're certain that luxury means never having to say, "I'm sorry, but there isn't enough room to take that with us," then Chrysler built the Town & Country for you.

newCarTestDrive.com: Its power-assisted steering is light, making it easy to maneuver and park in crowded lots, and the front air dam isn't so low to the ground that it scrapes on curbs. Careful suspension tuning, a new steering system and a rigid structure have raised the Town & Country's handling prowess to that of the leading minivans.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
