OVERCOME GROWING PAINS

*(Specific Steps to Amazing Growth)*

Want to really grow? Take some time and write out a growth plan to address each area above. And take the first step TODAY to grow.

Look at your calendar for the next year: Schedule specific, timed and focused growth plans. If you think you don’t have time to schedule something else, imagine what last year could have looked like if you had scheduled plans for growing.

Remember, growing is not a goal, but a life-long process that MUST start with being intentional. While scheduling growth time may seem simplistic, it IS the beginning of action intention.

LAW 2 — MEETING 2

The Law of Awareness
You Must Know Yourself To Grow Yourself

I. Do You Have A Sense Of _______________?

A. To grow yourself, you must know the following:
   1. __________________
   2. __________________
   3. __________________
   4. __________________

A. To reach your full potential, you MUST know __________________, and where __________________.

II. There are three kinds of people when it comes to finding direction:

A. People who ___________________ what they would like to do.

   They are confused.

B. People who ____________ what they want to do, but ________________.

   They are frustrated.

   These people are fulfilled.
III. How To Find Your Passion and Purpose

E. Do you know _____ you want to do what you would like to do?

F. Do you know what to do so you can do what you want to do?
   1. __________________ – Becoming very conscious of every choice you make.
   2. __________________ – The major difference between those who do it and those who don’t do it, is those who do it, do it.

- Here is what I asked you…
- Here is what I heard you share with me…
- Here is what I did
- Now, can I ask your more questions?

The goal is to find a mentoring relationship that is mutually beneficial.

I. Will you ________________ to do what you want to do?

J. When can you ________________ what you’d like to do?

K. What will it ____________ when you get to do what you want to do?
OVERCOME GROWING PAINS

• Have you been able to define your own potential? If not, seeking aid in this area from a coach or mentor may be in order.
• What habits have you developed that have hindered your progress toward your potential?
• Rate your satisfaction in areas of your life. In what areas have you become “average” and may have lost some stretching?
• Create some specific means for stretching in the areas of your life for which you are no longer winning.
• Remember to establish a balance between your potential and your present place so that stretching is both possible and challenging. This tension is critical, but you do not want to get so overwhelmed that you simply give up.
• Your stretching goals should be SMART:
  - **Specific** – words like “more, bigger, faster” are not specific
  - **Measurable** – without measuring, how do you know if you succeeded?
  - **Attainable** – they should be something you WILL actually do
  - **Realistic** – they must be something you CAN actually do
  - **Timed** – without a timed arrival, you are only creating a wish list

• For real growth to occur in your life, find a next-step mentor.

• Before you meet with your mentor or coach, have at least five thoughtful questions ready for him or her.

• Make a list of specific areas of your life you want to discuss. Remember, this is not counseling, but coaching for the future.

• Find even distant mentors you can follow.

OVERCOME GROWING PAINS
(Specific Steps to Amazing Growth)

• Have you made the transition from “I Can’t!” or “Can I? To “How Can I?”

• Do some dreaming and then ask yourself:
  
  If I knew I could not fail, what would I attempt?
  
  If I had no limitations, what would I like to do?
  
  If money were not an issue, what would I be doing with my life?

• Do these things seem impossible, or possible? If they seem possible, then you are ready to expand.

• Give yourself an effectiveness audit so that you can be sure you are thinking WHAT WORKS instead of MORE WORK.

• Think about your own behavioral patterns. What is working and what do you need to adjust? Use the criteria of “Required, Return, Reward” to help you make the needed adjustments.
