## Hey Parents,

This is a place for your child to draw their prayers. They can draw a picture of a person they want to pray for, or about what they want God to do. For example, if your child says, “I want my Grandma to be happy—she’s been sad and alone.” Then suggest that they draw a picture of Grandma smiling. Then pray about it together.

Not sure if that picture is a dinosaur or a tree house? Just ask them to explain. Point out that their (clearly artistically advanced) picture is one way to pray. This could be an easy, but invaluable way to help your child learn to talk to God. We encourage you to try this out once or twice a week and have fun praying together.
