

## ONE BIG STORY LISTENING GUIDE KEY

When you teach the Bible as one story as opposed to lots of little stories, you avoid HAPHAZARD discipleship.

- Be intentional to share the full narrative of REDEMPTION.
- The One Story approach to learning enables kids to CONNECT the dots.
- Kids see what Jesus has COME TO DO for them and what He has ACCOMPLISHED for them.
- Kids see that all pieces work together to give us ONE IMAGE of what God wants us to know about him.
- The One Story frames how we LIVE everyday.

God didn't make Jesus as a BACKUP PLAN. Jesus WAS THE PLAN, from the beginning.
