

MERRY CHRISTMAS!

SUPPLIES NEEDED FOR CHRISTMAS BONUS TASKS:

- *10 sets of bells. Tie them together, for groups of "Jingle Bells."
- *Silly String (8-10 cans).
- *8-10 Rolls of toilet paper.
- *8-10 Rolls of red streamers.
- *8-10 Rolls of green streamers.
- *10 canisters of play dough.

CONSIDER THE FOLLOWING THEMES AND DECORATING IDEAS:

- ***Christmas Trees.** Try one per team and decorate with ornaments for each color team. You could also place a Christmas tree in the center circle, or no fly zone.
- ***Christmas Cookies.** Enjoy cookies as a snack after OMC, or have kids decorate cookies as a part of the actual game.
- ***12 Days of Christmas.** Use the 12 Days of Christmas as stations where players can get new tasks or turn in completed tasks.
- ***Christmas Names.** Name each team after a Christmas-related object or theme (the carolers, the reindeer, the candy canes, etc.)
- ***Use Stockings.** Have each team turn in completed tasks to their team's stocking.
- ***Dress the part.** Your event staff can wear hats and attire to dress up like Christmas helpers.
- ***Create Presents.** Wrap large boxes as Christmas presents and use those in the center circle to hold supplies, or at each station for task collection.
- ***Creative Caroling.** Have each team come up with a cheer to the tune of a favorite Christmas carol.
