

Ecuador has some very big churches, but many people still do not know Jesus as their Lord and Savior.

The Caldwells and their mission team visited the equator and learned about the history of Ecuador. The equator divides the top half of the earth from the bottom half.

Ecuador has beautiful mountains and hot water that comes out of the ground.  
They make huge hot tubs from the water where people can soak.

Llamas are a very common animal in Ecuador. This llama is a pet at the For His Children home.
