

Lincoln 1.5-liter fluid extractors/dispensers

Provide clean, efficient fluid transfer

Model 616
1.5-liter fluid extractor/dispenser

Model 617
1.5-liter DEF fluid extractor/dispenser

Lincoln's model 616 and 617 (DEF) fluid extractors/dispensers were developed to complement our line of proven fluid transfer equipment. These simple-to-use, syringe-action tools feature a large, 1.5-liter fluid reservoir, twist-valve and dual-seal piston designed to transfer fluids quickly with no mess.

Potential vehicle service uses for model 616 include fluid transfer from master cylinders, power steering reservoirs, transaxles, coolant reservoirs, diesel fuel filters and cylinders. This versatile tool also is suitable for a variety of fluid exchange applications in general industry and marine uses. Lincoln's model 617 1.5-liter DEF fluid extractor/dispenser makes quick work of diesel exhaust fluid transfer tasks.

Lincoln 1.5-liter fluid extractor/dispenser advantages:

- Simple to use and clean
- Easy disassembly
- Durable design for long life
- Serviceable
- Does not leak

Transfers fluids quickly and easily with no mess

Product models

Order no.	Description
616	1.5-liter fluid extractor/dispenser
617	1.5-liter DEF fluid extractor/dispenser
