3 Last Time Ship Date

The last time ship date for the -30 version of the DM3730/AM3703 Torpedo + Wireless SOM will be **31 March 2014**.

4 Recommended Migration Route

Logic PD suggests migration to the -31 version of the DM3730/AM3703 Torpedo + Wireless SOM, which has been upgraded to improve both transmit and receive performance on the 802.11a, 802.11n (5 GHz), and Bluetooth interfaces.

The changes necessary to improve performance were significant enough to require that the model number version code be incremented from -30 to -31. Therefore, the former -30 version of the DM3730/AM3703 Torpedo + Wireless SOM is being discontinued, and customers are encouraged to migrate to the -31 version of the SOM being introduced.
