Card in Wallet Magic Trick

Instructions

You will need:

- A wallet
- A pack of cards
- A felt tip marker pen
- Magician's wax
- A double back card

A few tips before you start:

This card in wallet magic trick is awesome and will blow your audience away.

To do this trick you need something called '**Magician's wax**'. You can get this wax from lots of online shops by searching on the internet for 'Magician's Wax' or from magic shops.

The second 'secret' item you need is a '**double backed card**'. This is a card that has the 'back' of the card printed on both sides.

You can make a 'double backed card' by sticking two cards face-to-face.

Step 1:

Take a small piece of 'Magician's Wax' and make a small ball.

TIP: 100% beeswax will also work for this trick.

Step 2:

Stick the small ball of wax on one side of the double backed card.

Step 3:

Place the double backed card in the wallet with the wax on the facing down side.

Well done !
