

MATH PLUS ACADEMY

FACT SHEET

- Classroom sizes are between 6-10 students with one full-time licensed math teacher and one trained assistant.
- Math Plus Academy has developed a powerful curriculum that teaches children to think and not just memorize.
- Students are assessed and placed by their ability not grade so they stay challenged.
- Six classes are currently offered:
 - Math: elementary, pre-algebra, algebra & geometry
 - LEGO: robotics & engineering
 - Problem solving
 - Chess
 - Computer programming
 - Math Olympiads
- Programs for parents, organizations and schools:
 - Affiliate Programs
 - "I Love Math" Assembly
 - Math Night
 - Enrichment Day
 - Seminars for Parents and Teachers
 - Field Trips
 - Games-a-palooza
- Supports local schools by partnering with PTOs to help with their fundraising efforts and provides events for schools to help get kids excited and motivated to learn math.
- Routinely holds open houses and other fun events on-site, like Games-a-palooza, to allow local parents to experience the joy of mathematics, robotics and other inspirational programs, first-hand.
