

Multiplication by 4's

How many bunches of balloons are below? Count each one, writing the number on the line above the bunch.

Each bunch of balloons has 4 balloons. Skip count by four, writing the number on the line below each bunch as you count.

Use the bunches of balloons to complete the problems below.

$7 \times 4 = \underline{\quad}$	$5 \times 4 = \underline{\quad}$	$6 \times 4 = \underline{\quad}$	$10 \times 4 = \underline{\quad}$	$9 \times 4 = \underline{\quad}$	$11 \times 4 = \underline{\quad}$
$1 \times 4 = \underline{\quad}$	$2 \times 4 = \underline{\quad}$	$3 \times 4 = \underline{\quad}$	$12 \times 4 = \underline{\quad}$	$4 \times 4 = \underline{\quad}$	$8 \times 4 = \underline{\quad}$
