Hi Seller,

If you are looking for someone to possibly buy your house, ***THEN DON'T CALL US!!!*** However, if you want to consider your house already sold, then start packing your bags so you can get on with your life.

There are many ways that I can buy your house and it doesn't have to be a complicated process. In fact, I can close in as little as 48 hours or as long as ***YOU NEED***. Give me a call and I'll explain in plain English how the solution to your problem is only a phone call away.

Sincerely,
