 DIST. FEATURES central tower with concave mansard roof, corbel tables & corbelled parapet
 ALTERATIONS door cut in upper floor, engine doors not original
 SITE & RELATED STR. freestanding in commercial area

ARCHITECTURE

STATEMENT

This station is of interest primarily as an early example of its building type in the city and for being the earliest recorded project by J. W. Ross, a local architect who had several important city and county commissions later in the 19th century, most notably the Scott County Courthouse (1888) and City Hall (1892-95)

SOURCES

Oszuscik, p. 279-280

IFICANCE

This building is associated with early fire prevention efforts in the City. The transition from volunteer to paid fire fighting occurred shortly after the station was built. It is the oldest fire station that is extant.

HISTORY

DESCRIPTION

Fire King Engine 2nd Hose Company organized in 1857 as a volunteer fire fighting unit. The Perry Street station occupied in 1878 was their second building. In 1882 when the volunteer force was converted to a paid crew, the Fire Kings became "Hose Company No. 1." Marsh Noe, foreman of the Fire Kings, was named first chief of the paid department.
