Adams - Conewago Chapel Bridge - UBD appears too small; Cumberland-HISTORIAN
no description for property; Perry - 8 have problems related to insufficiency of
boundaries element condition & effect of repairs on integrity. All appear to be eligible.
Need to call on other points, also, to discuss rationale for inclusion of bridge no longer
over water in other nominations + exclusion of similar bridge in Adams Co.

CALL/HOLD ARCHITECTURAL HISTORIAN
 DUBIE 7/23/80

State has verified that boundaries are sufficient, assessed current
condition where this was absent + addressed impact of strengthening
I beams on integrity. See addendum + phone slip
