Medal of Freedom Citation

to

MARGARET THATCHER, OM, FRS, MP

Three times elected Prime Minister of the United Kingdom, Margaret Thatcher led her country with fearlessness, determination, integrity, and a true vision for Britain. In over a decade of achievement, she extended prosperity at home and made signal contributions to transatlantic partnership, the unity of the West, and overcoming the postwar division of Europe. With a strong sense of her nation's history and of the principles which brought it to greatness, she restored confidence to the British people. The United States honors a steadfast and true ally and a firm friend of political and economic freedom throughout the world.
