**20/20 Interview - Barbara Walters with President and Mrs. Bush
June 21-22, 1992**

Approximate Time Schedule

Sunday, June 21

- 0700** ALL trucks arrive at designated gate to be cleared and sniffed
- 0800** Setup begins, trucks unload and those not needed will leave the grounds (catering will be set up and left in the press briefing room cafeteria)
- 1030** Setup continues (caterer returns with lunch setup)
- 1130** Crew has official lunch break
- 1230** Setup resumes
- 1700** (Approx) Setup Concludes

Monday, June 22

I can be more specific after Dorrance gets a better idea of the President's schedule and we know when we're going to tape. We would look to come in the gate roughly three (3) hours before taping would begin. Knockdown would be roughly 3-4 hours to clear EVERYTHING from the grounds.

RE: 20/20 Remote - Barbara Walter & President and Mrs. Bush

FIRST ITEM:

The production truck is a white Ford Econoline 350 Van with New York plates #NYP 2170. It contains a production switcher, some tape machines, and a couple cameras.

* *It will be present at whatever gate you select at 7AM on Sunday, June 21st. Along with it will be a van carrying extra equipment (it's an ABC courier van--I'll get you the tag number) and a delivery truck carrying rented lighting equipment. The courier van and the lighting truck will NOT be staying--only the Econoline.*

SECOND ITEM:

Power. Here's what I need:

(3) 110-volt, 20-amp circuits dropped over by the C-9 guard house to power the truck.

100 amps at 110V in the oval office.

150 amps at 110V on the patio.

I will need to know the name and phone number of the electrician in charge of the project so that the lighting director and I can speak with him.

I would also like to have an electrician on duty with us on both Sunday and Monday to assist us.

I can be reached at (202) 887-7411 if you need anything. Thanks!

* *THERE WILL ALSO BE AN ABC CREW CAR.*
