MEMORANDUM FOR CHARLES G. UNTERMEYER

FROM: D. ALLAN BROMLEY   
SUBJECT: Vice Chairmanship of the  
President's Council of Advisers on Science  
and Technology (PCAST)

When I discussed the formation of the PCAST with the President (please see copy of my memorandum of September 14, 1989, attached), I presented a list of candidate nominees and suggested that Dr. Bernadine Healy be named Vice-Chairman of the Council.

It is important for the working of the Council that the public announcement of its formation and of its membership include the identification of Dr. Healy as Vice-Chairman.

I would appreciate your taking the appropriate steps necessary to achieve this.

For your information, I also attach a brief statement of Dr. Healy's qualifications.

**BERNADINE P. HEALY, M.D.**

**Biomedicine**

**Chairman of the Research Institute, The Cleveland Clinic Foundation**

**Immediate Past President, American Heart Association**

A professional cardiologist, Healy held a professorship in the Johns Hopkins University Medical School before joining Jay Keyworth as Deputy Director of OSTP for two years prior to accepting her current post. During the past year, she was a member of Bill Graham's White House Science Council. She is broadly experienced in the biomedical area, and I have served with her on a number of panels and committees where I have been much impressed by her wisdom, common sense and professionalism.
