THE WHITE HOUSE

WASHINGTON

Global Change Working Group

AGENDA

November 22, 1989

1. President's International Conference
 - Overview of Proposals
 - Discussion
2. Information on Federal agency activities on greenhouse gases

November 22 Global Change Working Group Meeting
Briefing Paper for Dr. Allan Bromley

I. President's International Environmental Conference

A. Note that all invited to arrive early to review paper; for those who were unable to do so, will walk through paper.

B. Paper represents work done earlier this year, including paper prepared in June on which all agencies with direct interest consulted, and new options formulated over past few months.

C. Consideration of President's conference should take into account other international environmental conferences and meetings; distribute list submitted by State Department (request has been made for State to come to meeting with list; if no list available, drop this point). Exact timing of conference will be set later, not item for decision at this meeting.

D. Presentation of all options, with pros and cons (10 minutes).

E. Open floor for discussion

F. After discussion, see if consensus to delete any of the options can be reached.

G. See if consensus on one or two of the options for presentation to DPC can be reached.

H. Paper will be revised to reflect discussion at this meeting and presented to a DPC meeting with the President tentatively scheduled for December 15.

II. Requests for Greenhouse Gas Inventory Items

A. Follow up on request made in last meeting to have all agencies submit listing of all activities underway with respect to greenhouse gases (research, assessments of economic costs, etc.).

B. Lists not previously submitted due by COB November 27.

III. Future Activities

A. DPC meeting on President's tree initiative and reforestation scheduled for December 4.
