THE WHITE HOUSE
WASHINGTON

November 3, 1989

MEMORANDUM FOR CHARLES G. UNTERMEYER

FROM: D. ALLAN BROMLEY *DAB*
SUBJECT: National Science Board

The enclosed letter from Senator Gramm is self-explanatory. I enclose herewith a copy of my response and the C.V.s of Fonken and Woodson. Senator Gramm is very anxious to have three Texas members -- one from each of his major research universities. This would represent, I believe, a greater concentration of state representatives than is enjoyed by any other state.

I pass these on as grist for the next NSB appointment round. And I have a very high opinion of Herb Woodson. He would be an excellent NSB member.

MEMORANDUM FOR THE PRESIDENT

FROM: D. ALLAN BROMLEY 
SUBJECT: National Science Board Membership

Having been confirmed in my present position, I believe that it is appropriate for me to resign from membership on the National Science Board. I, therefore, respectfully submit such resignation to you herewith. I have much appreciated the opportunity to serve, albeit briefly, on the Board.

**EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF SCIENCE AND TECHNOLOGY POLICY**

WASHINGTON, D.C. 20506

Note for Sara Emery

Sara,

Thank you for your guidance on
Dr. Bromley's memorandum to the
President submitting his
resignation from the National
Science Board.

It is attached herewith for
appropriate distribution.

MEMORANDUM FOR DR. ALLAN BROMLEY

THROUGH: JAN NAYLOR *Jan*
Special Assistant to the President
and Associate Director of Presidential Personnel

FROM: DIANE DRACOS *DD*
Deputy Associate Director
of Presidential Personnel

SUBJECT: Candidates for the National Science Board

Attached please find the most current list of candidates submitted by the National Science Foundation for the National Science Board. Dr. Erich Bloch and I discussed each candidate individually: the asteriks before some names indicate the individual's term will be expiring in May, 1990 and a plus (+) sign before a candidate signifies Dr. Bloch's suggestion that the candidate should be considered strongly for reappointment, based on their contribution to the current National Science Board.

As you are aware, the National Science Foundation would like ethnic, geographic, and field of discipline diversity on the National Science Board. Dr. Bloch believes appropriate candidates with a mathematical or astronomy background should be given serious consideration.

We look forward to your comments and suggestions. Please contact me (456-2147) if I can be of any help. Thank you in advance for your time and input.

Jan Taylor:

Will be away for next 2 weeks
but have sent you herewith a list
(ordered) of my top nominees. I
have also marked a black X on
your list against the names of those
against whom appointment I would
advise - for several reasons. Will be
happy to discuss them with you. JAB

NATIONAL SCIENCE FOUNDATION
WASHINGTON, D.C. 20550

July 26, 1989

OFFICE OF THE
DIRECTOR

Mr. Chase Untermeyer
Assistant to the President and
Director of Presidential Personnel
White House Personnel Office
The White House
Washington, D.C. 20500

Dear Mr. Untermeyer:

As you may know, Dr. Arden L. Bement, Jr., Vice President at TRW, Inc. received a recess appointment to the National Science Board, the policy making body of the National Science Foundation, on December 22, 1988. Early in January, I was informed that the President had nominated Dr. Bement to a full six year term for the National Science Board. This appointment would require Senate confirmation.

In discussions my staff has had with the staff of the Senate Labor and Human Resources Committee, a question has developed as to whether or not a full term nomination for Dr. Bement has been submitted by the President. The committee staff indicate that according to their records only a recess appointment has been made.

Dr. Bement would make an outstanding member of the National Science Board. His broad experience in science and technology would make him a valuable member of the Board. I would hope the President would agree with this assessment and support Dr. Bement as a member of the National Science Board.

I hope you will check into the situation concerning Dr. Bement's nomination and do all that you can to help move him through the nomination and confirmation process.

Thank you for your help in this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "E. Bloch".

Erich Bloch
Director

cc: Dr. D. Allan Bromley, Science Advisor
to the President-Designate
Dr. Arden L. Bement, Jr.

TRW

July 25, 1989

Dr. D. Allan Bromley
Science Advisor Designate and
Director, Office of Science & Technology Policy
Washington, D. C. 20550

Dear Allan,

I was just informed that your confirmation hearing went extremely well and your confirmation is imminent. Congratulations!! I hope you won't hesitate to call on me if I can be of assistance to you.

Last week I discovered that the NSB nominations sent to the Senate for you and me by President Reagan were recess appointments and not full-term appointments as I was earlier informed. Consequently, the Senate can take no further action on my appointment until my nomination is resubmitted to the Senate by President Bush for a full-term appointment. I would be most grateful if you would support this action through Chase Untermeyer, Director, Presidential Personnel.

I have become actively involved in three Task Forces of the NSB (Human Resources, Europe-92 and Industrial Research) and I hope very much I will be able to remain on the Board in service to the Bush Administration beyond the current session of Congress.

Thank you for your consideration.

Sincerely yours,

Arden L. Bement, Jr.
