Mrs President:

Dear Sir:

Nov. 21st 1992

At this time you and I can share the sorrow of a loss. My 75-year old brother passed away a month ago, doing what he liked best; fishing. He also had a stroke two years ago and did not completely recover from it.

Your dear and loving mother went the same way. Both your family and mine have been blessed with God's most precious gift: "The Gift of Life". Your mother 91. My late father 93. My two brothers 75; and on July 9th 1993 I will be 84.

I pray and hope that the same Good Lord will give you and yours the strength to bear the burden of your loss.

You and I have much in common. I served three years on active duty with night fighter Squadron VF 911 during world war II. and five years with the same squadron in the active naval air reserve during and after the Korean War.

I hope and pray that you will enjoy your retirement as much as I have mine for the past twenty-two years. I have lived in a small 24' sailboat for the past 21 years. I have sailed and fished year round and still do.

Good luck and good health to you and your family
Sincerely Joseph R LeBlanc P.O. Box 14415 P.C. 90733

P.S. I have lived the better side of my life according
to a famous old phrase by a brilliant scholar,
my friend, my pastor and my teacher as follows:
"What does it profit man, if he should gain
the whole world, and then suffer the loss of
his own soul"

*With Sympathy
In the Loss of Your Mother*
