*Bunt
I'd like to
see him soon*

Mr. President:

Pepper is going downhill, is still in Walter Reed, and probably will not be able to leave for any length of time. He is constantly nauseated and a visit this week is discouraged.

Technically, he should not live more than 3-4 months, but he probably will fool all of us. There is no effective treatment for his melanoma.

Let me know if you would like to visit him, and when. I'll be glad to do some advance work for you.
