PLANO MOLDING COMPANY

Plano, Illinois 60545-0189

312/552-3111 Fax (312) 552-8989

April 28, 1989

Mr. Bob Boillard
Official Tackle Master for
the President of the United States
31 A Clifford Street
Biddeford, Maine 04005

Dear Mr. Boillard:

Joe Hughes from PRADCO had contacted me with regards to keeping our great President Bush supplied with Plano tackle boxes for his saltwater excursions. Therefore, under separate cover and at no charge we are sending our Plano 797 drawer box, 1468 Phantom, and 6802. These three boxes will certainly provide organization for all of President Bush's saltwater tackle.

Bob, if you would like any tackle boxes for your own personal use, enclosed is our 1989 catalog. Pick what you need and get (NO WAY) back to me, or if you see anything President Bush would like, just make a list, send it my way, and we'll certainly keep you supplied. RAB

While you're thumbing through the catalog take a look at our rod cases. You may be interested in some of those along with our bait buckets also.

Thanks for your interest in Plano and your support. Thank God, at last, we've got a president who loves and respects the outdoors as much as we do.

Sincerely,

PLANO MOLDING COMPANY

Dear Don:

I am enclosing two bound copies of the preliminary proposal relative to the "Bush Presidential Library" coming to Texas A&M University. I am sending them to you in the hope you will give the original to the President and the duplicate original to Barbara.

One additional copy is for you and the other is for Fred McClure. Please present each copy as soon as possible with my deep appreciation as well as the same appreciation of Mr. Michel Halbouty, Chairman of the Library Committee.

Don, I must say that the President received a tremendous welcome at Texas A&M University. My only regret was that many of our 39,000 undergraduates had left for home, leaving us with only our three thousand graduates on campus. There were no signs other than "Welcome" signs, no protestors, no booing, no jeering, only "God bless you Mr. President" and thunderous applause. The President was superb and the advance team, the secret service and the staff had to be impressed. I believe that Governor Sununu and General Scowcroft were pleased with our hospitality and the sincere outpouring of love and appreciation for our President. The President was visibly surprised at the honorary degree and we were all so pleased with his acceptance. It was a grand day for all of us.

Again Don, thank you for your continuous help and for your friendship.

Sincerely,

William A. McKenzie

The Academic Procession

The Commencement Marshal presides over the Academic Procession, standing directly in front of the platform; the raised baton signifies that the Commencement is ready to start. As the processional music begins, the procession will file in and *the audience should rise and remain standing until after the national anthems and the invocation*. Candidates for degrees may be identified by the color of the tassel on the cap—which signifies the School—or, if they are receiving an advanced degree, the color of the band on the hood, which signifies the field of study. The identifying colors are as follows:

COLLEGE OF LIBERAL ARTS: black tassel

SCHOOL FOR THE ARTS: Music, pink tassel and hood; Visual Arts and Theatre, brown tassel and hood
Doctoral candidates: Music, gold tassel and pink hood; Visual Arts and Theatre, gold tassel and brown hood

COLLEGE OF COMMUNICATION: black tassel; golden yellow tassel and hood

SCHOOL OF EDUCATION: light blue tassel and hood
Doctoral candidates: gold tassel and light blue hood

COLLEGE OF ENGINEERING: orange tassel and hood; yellow tassel and hood

HENRY M. GOLDMAN SCHOOL OF GRADUATE DENTISTRY: yellow tassel and hood; gold tassel and lilac hood

GRADUATE SCHOOL: candidates for master's degree only, red tassel and white hood
Doctoral candidates: gold tassel and blue hood

SCHOOL OF LAW: gold tassel and purple hood

SCHOOL OF MANAGEMENT: drab tassel and hood
Doctoral candidates: gold tassel and drab hood

SCHOOL OF MEDICINE: gold tassel and green hood

METROPOLITAN COLLEGE: yellow and drab tassel; hoods various

SCHOOL OF NURSING: apricot tassel and hood; golden yellow tassel and hood
Doctoral candidates: gold tassel and apricot hood

SCHOOL OF PUBLIC HEALTH: peach tassel and hood

SARGENT COLLEGE OF ALLIED HEALTH PROFESSIONS: green and gold tassel; golden yellow hood
Doctoral candidates: gold tassel and golden yellow hood

SCHOOL OF SOCIAL WORK: citron tassel and hood

SCHOOL OF THEOLOGY: scarlet or gold tassel and scarlet hood

UNIVERSITY PROFESSORS PROGRAM: gold tassel and hood

The faculty procession follows the student processions. The platform party follows the faculty.

At the conclusion of the exercises, the audience will rise for the singing of "Clarissima," the benediction, and the recessional. Please remain standing until the platform party and faculty have recessed. Graduates will remain in their places to greet family and friends on the field. Sites for the diploma convocations in the afternoon are listed at the back of this book.

An interpreter for hearing-impaired spectators will be stationed on the field.

The **First Aid Station** is directly beneath the stadium. It is staffed by a physician and nurses. The **Lost and Found Counter** is located in the lobby of the Boston University Police Headquarters, 32 Gaffney Street.

Clarissima

Dean B. Doner

Brenton C. Patterson, '11

The musical score for 'Clarissima' is written for a vocal soloist and piano accompaniment. It is in 4/4 time and B-flat major. The score consists of four systems, each with a vocal line and piano accompaniment. The lyrics are: 'Bos - ton U - ni - ver - si - ty, Proud with mis - sion', 'sure—— Keeping the light of knowl - edge high, long to en -', 'dure—— Treas'ring the best of all that's old, searching out the', and 'new—— Our al - ma ma - ter ev - er - more! Hail B.— U.—'. The piano accompaniment features a variety of chords and melodic lines, including some with triplets and arpeggios.

Bos - ton U - ni - ver - si - ty, Proud with mis - sion

sure—— Keeping the light of knowl - edge high, long to en -

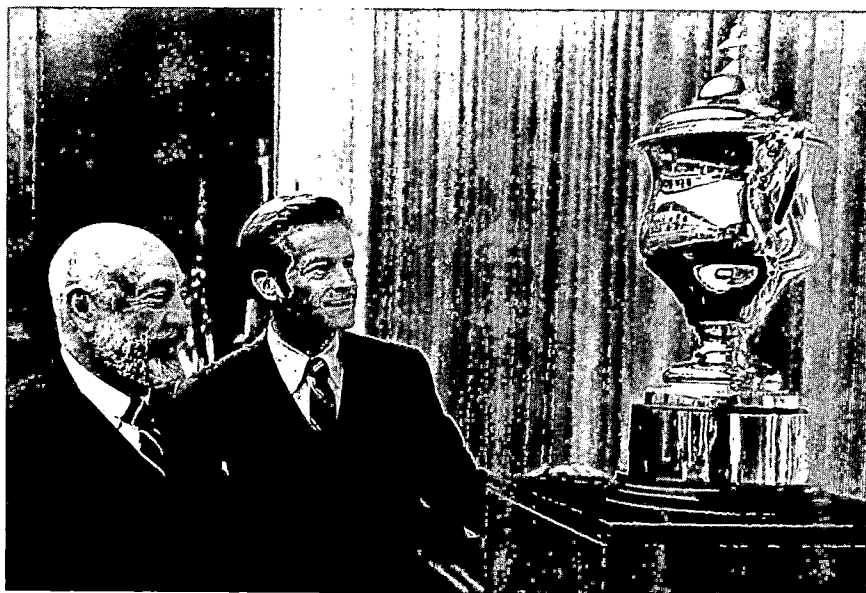

dure—— Treas'ring the best of all that's old, searching out the

new—— Our al - ma ma - ter ev - er - more! Hail B.— U.—

New lyrics for "Clarissima" were written by Dean B. Doner, former Vice President for Overseas Programs.

The Metcalf Cup and Prize

FOR EXCELLENCE IN TEACHING

THE METCALF CUP and \$10,000 Prize was created by an endowment gift from Dr. Arthur G. B. Metcalf (at left in photograph with President Silber), an alumnus and Trustee of Boston University. Candidates are nominated by students, faculty, or alumni, and finalists are selected by a screening committee of faculty and students. The committee's recommendation is then forwarded to Central Administration and the Board of Trustees for approval. "The purpose of the prize," Dr. Metcalf has said, "is to establish a systematic procedure for the review of the quality of teaching and the identification and advancement of those members of the faculty who excel as teachers, of which this cup is symbolic."

Frances H. Miller, SCHOOL OF LAW

Professor Miller's classroom surges with intellectual electricity. For more than twenty years, she has with energy and rigor exposed the social, economic, and moral components of legal issues. She reveals the great human questions that underlie the precisions and nuances of legal language. Her students learn not only to thread the mazes of trusts and wills, but to understand how law arises out of the fears and hopes of people contemplating their own mortality.

Professor Miller has the rarest of academic reputations: that of a hard grader whose courses are a "must." Hundreds of students come to class ready not only to listen, but to participate. Professor Miller often adopts the Socratic method, leading a student from unexamined assumptions or formulations to the unanticipated but disastrous general rule that would logically follow. Students not only learn how they went wrong, but are challenged and inspired to try again. Professor Miller's unyielding demands for precision and logic are mediated by humor, warmth, and encouragement.

Both in and out of class, students find Professor Miller the most accessible, concerned, and helpful of teachers. Writes one: "Her investment in students' work motivates them to invest in themselves, and to produce not just adequate writing, but the best work they can." Former students practicing law in fields far removed from her own acknowledge her important influence on their careers.

A former student writes of Professor Miller: "She loves to teach. The felicitous combination of love of teaching and academic excellence makes her one of the great assets of the University."

The Metcalf Awards

FOR EXCELLENCE IN TEACHING

THE METCALF AWARDS, endowed by a gift from Dr. Arthur G. B. Metcalf, are given annually to one or more finalists in the competition for the Metcalf Cup and Prize. These Metcalf Awards are \$5,000 each. "The Excellence in Teaching Awards are a concrete expression of our intent at Boston University to recognize and advance Teacher-Scholars," President John Silber has declared. "We are not interested in recruiting teachers who excuse themselves from the test of scholarship or writing; nor are we interested in scholars who disdain the company of students. Students at Boston University in future years will be the beneficiaries of this program to encourage outstanding teaching."

Katheryn Pfisterer Darr, SCHOOL OF THEOLOGY

A student in the School of Theology's course in Biblical Hebrew writes that Professor Darr has "an amazing ability to work our socks off without intimidating us. At the same time that she was teaching us the Hebrew alphabet she was also telling us the stories that accompany each letter. We learned to love and respect the language."

For most of her students, Hebrew will be an essential tool in their lives as ministers. Her students learn not only to read Hebrew scripture accurately and astutely—they learn that logic, historical awareness, and critical thinking will neither vitiate nor stunt their faith, but rather strengthen and sharpen it. The result, a student writes, is faith with "breadth and depth of understanding."

Students note that Professor Darr is "first and foremost prepared," and that each assignment she gives can later be seen to have been crucial to the learning process. The single word most often used by both students and colleagues to describe Professor Darr is "inspirational." "The passion, strength, and commitment with which Professor Darr teaches," says a colleague, "should be an inspiration to us all." And a former student, now a minister, pays her the highest of compliments in saying: "I thank God that I have had the chance to learn from Professor Darr."

John Snyder, COLLEGE OF LIBERAL ARTS

Professor Snyder is an artist in teaching the subject he clearly loves: the organic chemistry of natural products. He will describe, for instance, how certain plants produce natural insecticides that are nontoxic to humans—but how their effectiveness deteriorates rapidly in sunlight. Professor Snyder will then show his class how organic chemists, once they understand the compound, can make it less sensitive to light and thus longer lasting. And he will go on to explain the fundamental principles of organic chemistry essential to understanding this compound.

One student says, "What I had anticipated as the drear rite of passage through organic chemistry turned out to be a truly enjoyable learning experience, full of intellectual challenge." Professor Snyder presents highly technical material with rapidity and energy, filling the chalkboards with diagrams, citing references. Yet "he would patiently rephrase everything," says one student, "until he was satisfied that we were all back on his level." Professor Snyder's examinations, says another, were "among the most difficult that I encountered at the University, but were fair, requiring not rote memory and regurgitation of lecture notes, but [the] processing of what you knew."

"Professor Snyder," writes a colleague, "epitomizes a teaching function that is uniquely important in the sciences: mentorship. He plants the seed and turns on the light. He is repeatedly singled out by his students as the one who 'made the difference.'" And one of his students says: "If being an outstanding teacher means to challenge and motivate students toward excellence, then Dr. Snyder [is] an outstanding teacher."

Honorary Degree

Barbara Pierce Bush, DOCTOR OF HUMANE LETTERS

Barbara Pierce was born at Rye, New York, in 1925. After finishing her secondary education at Ashley Hall in South Carolina, she enrolled in Smith College, where she studied from 1943 to 1944. In the following year she married a young naval aviator named George Bush.

Mrs. Bush and her husband are the parents of six children and have ten grandchildren. While making family her first priority, Mrs. Bush has also, for many years, been one of the nation's most committed and effective volunteers in the campaign against illiteracy. She serves on the boards of Reading Is Fundamental (RIF) and the Business Council for Effective Literacy. She is a sponsor of Laubach Literacy International and also serves as honorary chairman of the national advisory council of the Literacy Volunteers of America and the National School Volunteer Program. In 1989, she received the Harry S. Truman Distinguished Service Award in recognition of her many and effective efforts on behalf of improving literacy in America.

Mrs. Bush has also worked hard in the battle against cancer. She is an honorary board member of Children's Oncology Services of Washington, and of the Washington Home. She is on the advisory board of the Sloan-

Kettering Cancer Center and has been a trustee of Atlanta's Morehouse School of Medicine since 1983.

In 1984, as part of her efforts on behalf of literacy, Mrs. Bush published *C. Fred's Story*, her cocker spaniel's penetrating account of his experiences in government service here and abroad.

Honorary Degree

François Mitterrand, DOCTOR OF LAWS

François Mitterrand, now serving his second six-year term as President of France, is the first member of the Socialist Party to be elected to that office by direct suffrage.

Born in 1916 at Jarnac in the Charente, President Mitterrand received his secondary education at the Collège Saint-Paul in Angoulême and studied law, literature, and political science at the University of Paris. In 1938 he was called up for military service; when the war broke out he was a sergeant serving at Verdun. For action near Verdun in which he was wounded in June of 1940, he received the Croix de Guerre. He was captured shortly afterwards, and sent to a German prison camp. Eighteen months later, his third attempt to escape succeeded, and he returned to France and joined the Resistance.

Between 1944 and 1946, M. Mitterrand was Secretary General of the Organization for Prisoners of War, War Victims, and Refugees. In 1946, he was elected to the National Assembly and served almost continuously as a deputy in that body until his election as president in 1981. Between 1959 and 1962, he was a member of the Senate. M. Mitterrand has also been

Minister for Ex-servicemen, Secretary of State to the Presidency of the Council, Minister of the Interior, Minister of State for Justice and, between 1971 and 1981, First Secretary of the Socialist Party.

In addition to the Croix de Guerre, President Mitterrand holds the rank of Grand Maître in the Légion d'Honneur, the Rosette de la Résistance, the Grand Cross of the Order of St. Charles, and the Simon Wiesenthal Centre Prize.

President Mitterrand has written many essays and books. Among his major publications are *The Rose in the Fist*, *The Wheat and the Chaff*, *Politics I*, *Politics II*, *Here and Now*, and *Reflections on French Foreign Policy*.

President Mitterrand and his wife, Danielle, have two sons.

Honorary Degree

George Bush, DOCTOR OF LAWS

George Bush was born in Milton, Massachusetts, in 1924. He received his secondary education at the Phillips Academy in Andover. Upon graduating in 1942, he received training as a torpedo bomber pilot at the U.S. Naval Air Station in Corpus Christi, Texas. Assigned to squadron VT51 on the carrier *San Jacinto*, he flew fifty-eight combat missions in the South Pacific. His combat decorations include the Distinguished Flying Cross and three Air Medals.

At the war's end, Mr. Bush enrolled at Yale University, where he majored in economics. Upon graduation, he worked in the oil industry in west Texas, first as a trainee and salesman for an equipment supply company, then as an independent oilman. In 1953, he became a cofounder of Zapata Petroleum, and in 1956 became president of its offshore drilling subsidiary, Zapata Off-Shore. In 1966, he sold his interest in Zapata Off-Shore, which had become an independent company, and left business for politics.

For the past twenty-two years, Mr. Bush has served in a variety of both appointive and elective offices. In 1966 he was elected representative of Texas' Seventh Congressional District, serving two terms.

Appointed U.S. Ambassador to the United Nations by President Nixon in 1971, he served until 1973, when he became National Chairman of the Republican Party. In 1974, President Ford appointed him Chief of the U.S. Liaison Office in the People's Republic of China, a post tantamount to that of ambassador, and in 1976 named him Director of Central Intelligence. Mr. Bush ran for the 1980 Republican presidential nomination, and was nominated for vice president. Elected vice president in 1980 and re-elected in 1984, he was elected the forty-first president in 1988.

Mr. Bush's autobiography, *Looking Forward*, was published in 1987.

Overseas Programs

1964–1989

After developing a successful graduate program for Navy officers at the Newport Naval War College in 1956, Boston University was asked to develop education programs on a larger scale for United States government personnel stationed in Europe. In the spring of 1964, the Boston University international relations program opened in Heidelberg, West Germany, with thirty-four students. On June 20, 1965, the University held its first Overseas Programs commencement in the Alte Aula of the University of Heidelberg and awarded sixteen master's degrees. The Overseas Programs expanded first to Berlin and then to other European countries, adding programs in education, business, and engineering. Over the past twenty-five years, more than 7,000 students have earned master's degrees and Certificates of Advanced Graduate Study through the Boston University Overseas Programs.

Graduates of the Overseas Programs will receive their diplomas at the twenty-fifth commencement exercises in Heidelberg on June 4, 1989.

Honorary Degree

To be presented in Heidelberg, West Germany, on June 4, 1989.

Helmut Kohl, DOCTOR OF LAWS

Chancellor Dr. Helmut Kohl was born in 1930 in the town of Ludwigshafen in the Rhineland-Palatinate.

At the age of seventeen, he joined the newly organized Christian Democratic Union (CDU) and rose rapidly within it. In 1959, one year after receiving his Ph.D. from the University of Heidelberg, where he studied law and political science, he became the youngest member of the legislature of his home state. He also served as a department head in the Chemical Industry Association in Ludwigshafen, a position he held from 1959 until 1969 when, at the age of thirty-nine, he was elected prime minister of his state. Throughout his career, Dr. Kohl's political style has been characterized by personal warmth, informality, and *Bürgernähe*, or accessibility to the people.

Since 1973, Dr. Kohl has served as chairman of the CDU national executive committee. He has been a member of the Bundestag since 1976. Between 1976 and 1982, he served as chairman of the CDU/CSU opposition party in the Bundestag. Since October 1982, Dr. Kohl has been Chancellor of the Federal Republic of Germany.

Dr. Kohl is the author of several books on politics, including *Hausputz hinter den Fassaden* (Housecleaning Behind the Facade), *Zwischen Ideologie und Pragmatismus* (Between Ideology and Pragmatism), *Der Neue Realismus* (The New Realism), and *Die CDU: Porträt einer Volkspartei* (The CDU: Portrait of a Party of the People). For his public service, he was awarded the Grosses Bundesverdienstkreuz in 1970 and the Grosskreuz Verdienstorden in 1979. Chancellor Kohl and his wife, Hannelore, have two sons, Peter and Walter.

National Anthems

FRENCH REPUBLIC

La Marseillaise

Allons, enfants de la Patrie,
Le jour de gloire est arrivé;
Contre nous de la tyrannie,
L'étendard sanglant est levé,
L'étendard sanglant est levé.

Entendez-vous dans les campagnes
Mugir ces féroces soldats?
Ils viennent jusque dans nos bras
Égorger nos fils, nos compagnes.

Aux armes, citoyens; formez vos bataillons!
Marchons, marchons,
Qu'un sang impur abreuve nos sillons!

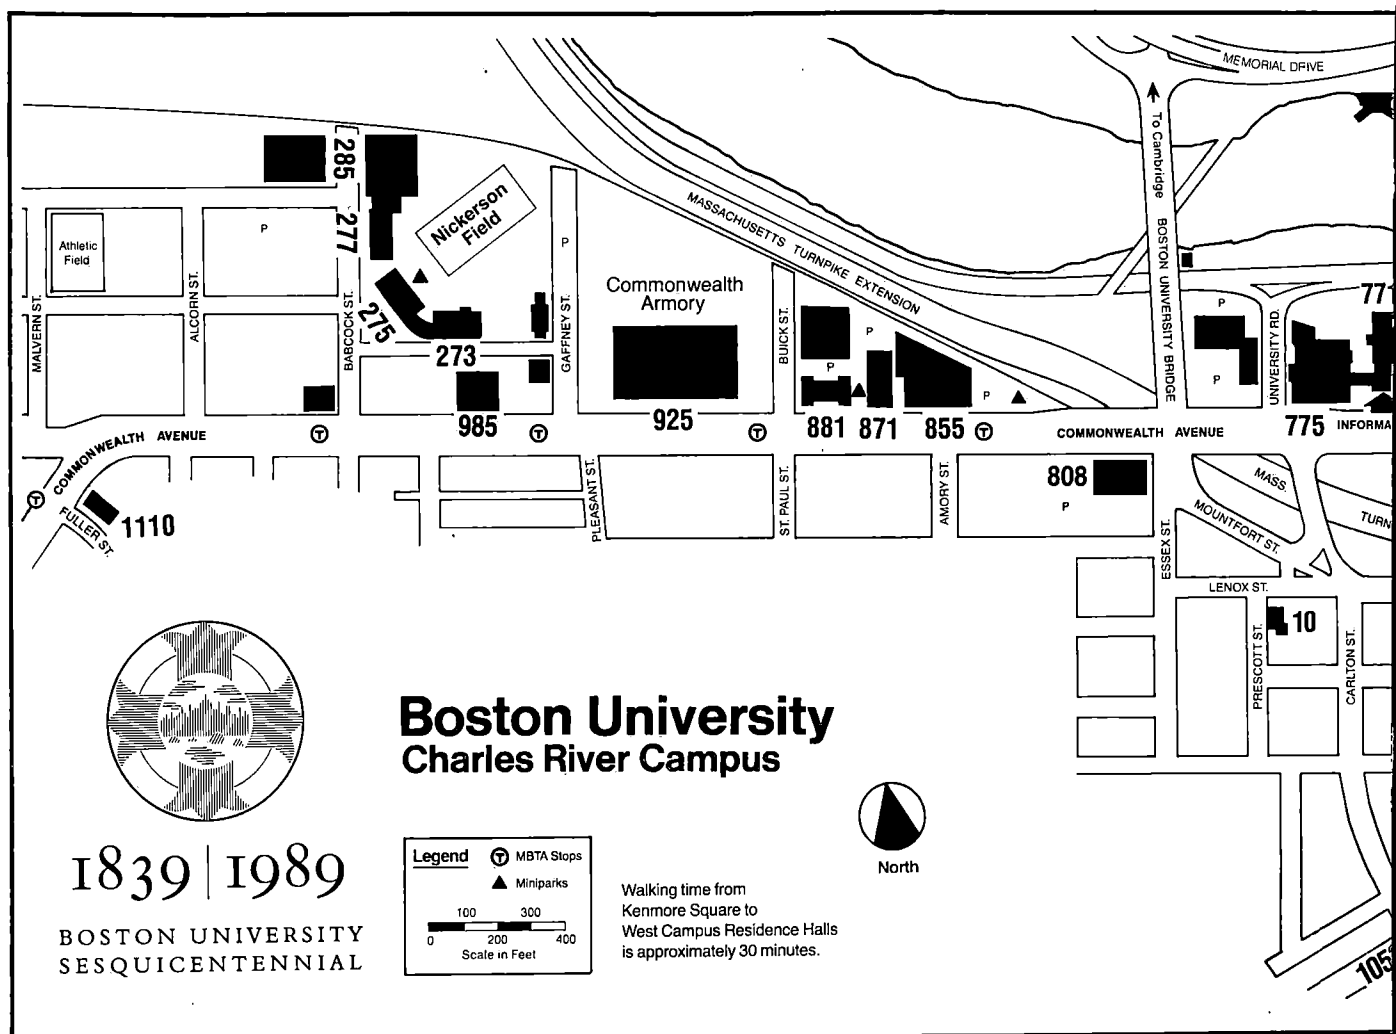

—Claude Joseph Rouget de l'Isle

UNITED STATES OF AMERICA

The Star-Spangled Banner

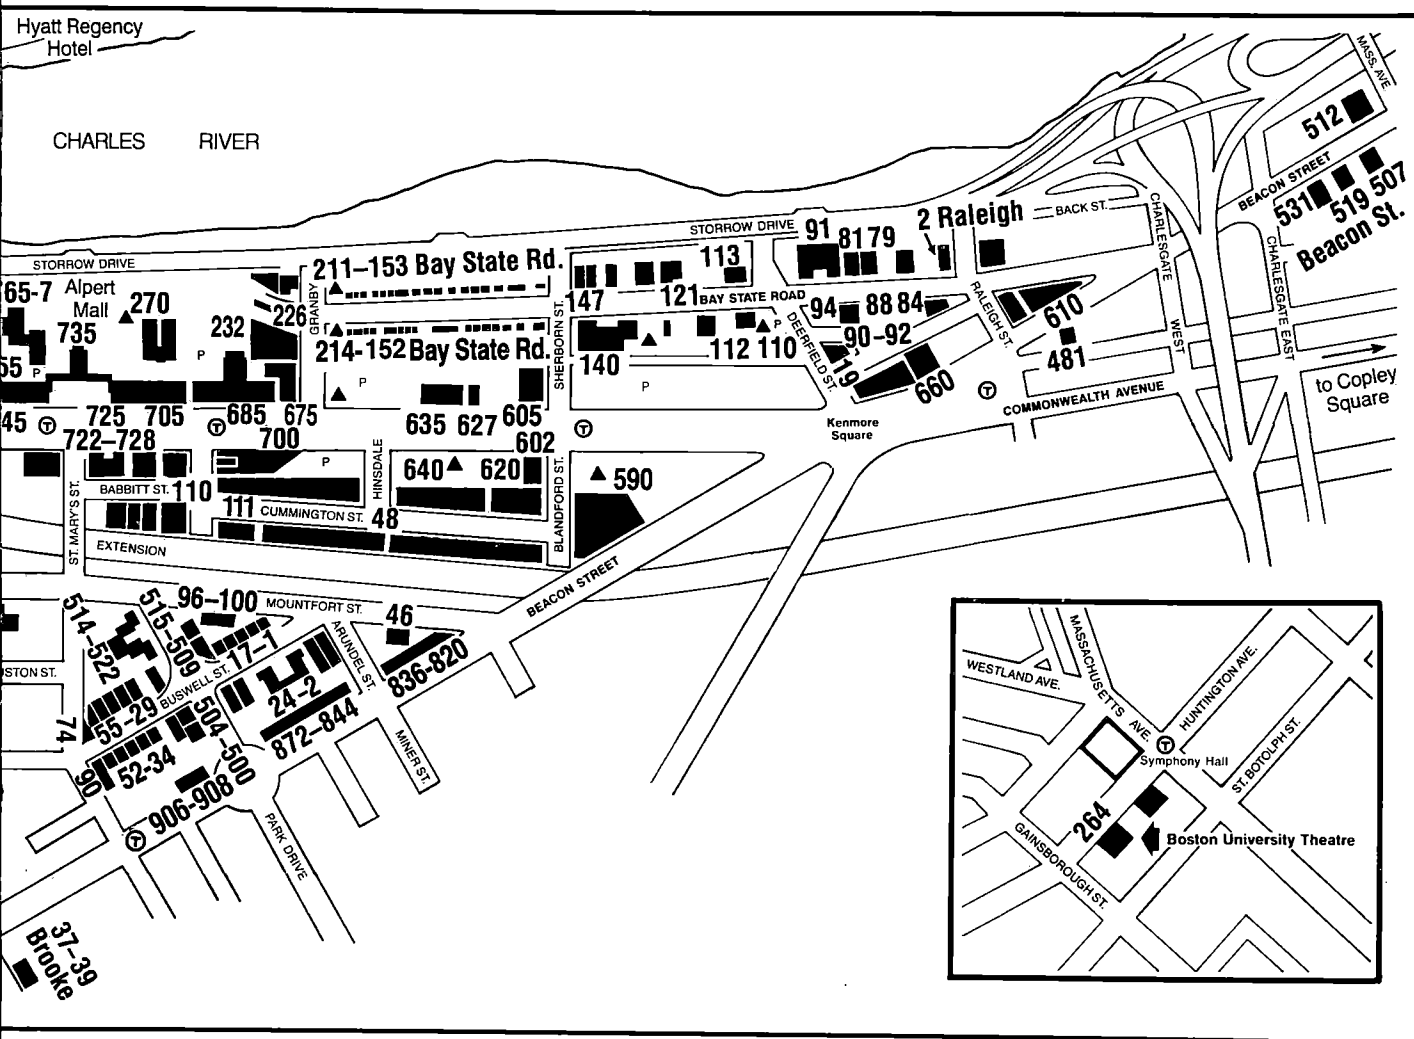

O say can you see by the dawn's early light
What so proudly we hail'd at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight
O'er the ramparts we watch'd, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
O say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

—Francis Scott Key
