

December 17th

Dear Mr. President,

The time goes by so fast and I
didn't want you to get away without
my personally thanking you for being our
President these last four years. You
are such a fine man and I think the
world of you. Mrs. Bush was a perfect
First Lady and I always rested well at
night knowing that you two were
in the White House. God Help us and
Bless us all in the future and may you
have a happy, healthy, and prosperous
new life. Merry Christmas to your
entire family. Sincerely,
~~For my love~~

a christmas memory .
remember ?
