R - NSA - NK will follow am. If talk; NK understands int'l sanctions awaiting. In light of realities, NK cannot reject US/K will cont efforts on NK nuclear/regro'g./enrich. Expect support until comm. As for S-N involvement. No spec. PB has expressed support for talks to latest prod.

P - (Focus in UNSC -) Taping. Charter claps diff. Others want in. Need extensive consultations. Nixon 72 -

Agreed Disc'y econ issues. Not exd'g econ issues. No set list to declare visit a success. Hear pres. statements for Pm - Indeed already pres. steps on monetary front, lowering % rates. Pol opponents raise bar. Ling. handles rel. in broad, global sense. Make clear to J int in their views on sec/wide array. Encouraged by forthcoming statements / trade.

- (US-NK rels upgraded 3) (Kor wht pressure)

R- consistently said NK shd open, not be threat. If NK closes make threat & if S-N rels improve, not only oppose US-NK upgraded contacts, & wd suggest. RB fully agreed, US will pressure in full consultation. K will never be punishing.

P- (cnds upgrade: 1) make / pursue intentions 2) HR 3) not in front of Kor govt, not permit NK end run before hand. probs resolved.

Not ques of trade balance, ques of fair trade. Will not work to Korea where less than fair. Bush say we can do better. Shd try for full/fair access.

P/ Ops Leaders

1/6/92

2:10 -

1 - Greeting Mr P, & honor welcome you -
from visiting - ops leaders. Coadle of deputy -
... Nat Aziz welcomes you.

P 1st let me take you for group's & leaders coming to
U have a vigorous pol sys now. When Speaker said
I shd feel as @ home to my long leaders. Like
here, they can be pretty contentious. This feels v.
relaxed. In spite of that, sys works, end up to mutual
respect for each other. Know that's how works in yr
v. active dem'y. That to group, speech & in few
minutes. So, I give permission, much prefer hear from
yr side.

U45- 1st may I express truly glad/happy see you again. Met
in Sept to celebrate entry in UN. U happy see a again.
Mr P, as was by success but can't ^{big success for} function world as whole.
Also ^{contributed} ~~caused~~ growing mood of hopefulness on Korean plain. We
have upgrade deal. Now 2 Koreans.
Mr P, our 2 peoples share st deal common int. Greatly
int'd common alliance. Another issue is what's growing.
Long run, cont. to overall sth. But short run, growing
in what v. sensitive. Know a bright along back.
Have find way to resolve.

P Best way resolve it is successful concl. of UN/60th.
If can be successful, that's way resolve it.

KyS - Mr P we have several ring elections in country & even in diff's. But Korean people best when in diff'y. Thus confident will overcome diff's. There are some issues relate to U/S, but have v. able Amb boys to resolve. He can solve so many things.

Speakers - So learn to Amb boys

KyS - Finally, with you & - victory in coming election you

KDS - 1st, welcome back to K. Best New Year's wish to you & family. Short of time, 3 brief pts.

1st pay highest compliments for country to world peace.

Tenure saw end of cold war, defeat of Sth., outbreak of dem's throughout world. Pay highest compliments.

2 - Mr P, things overall v. smooth betw. U/S & Korea. Some friction in trade areas. My party in whole supports free trade. In prime. favor free trade. But in reality, as far as rice imports go, access to rice market will ruin our 7m farmers, not contrib to econ stat'n as whole. Undstd yr pos'n, but have to take into consid practical realities of farmers as well.

3 Finally, Mr P, saving area, I incl'd econ/pol force in area. Look at th, serious uncertainties. So want US remain imp econ/pol force in region. Thus do not want support Malaysia's SAEC. Don't like J/Th sides. Want US to remain as com/priest leader, as in inst. of US & K.

P - Agree & that. Will say so to yr members. Malaysian proposal, in our view, is creating a trading bloc, led by J. then who we would be excluded. NAFTA not in our

may keep us from being isolated. Will open up L.A. to greater proximity. Not in any way creation of a bloc.

Speaker: As I said, FTAA, not in any way a bloc

O: That's true. I've assumed ^{ASIAN} ~~the~~ friends will not in any way be a bloc.

WJ: May I get out not anti-J. Will be friends
But are concerned of becoming ^{economic} dominating
force. Our belief, as may be too naive to expect
to J.

O- All along heard these concerns, not that we're naive.
