ASTRODOME VEHICLE ENTRY & PARKING INFO - "W" DECAL (W1)

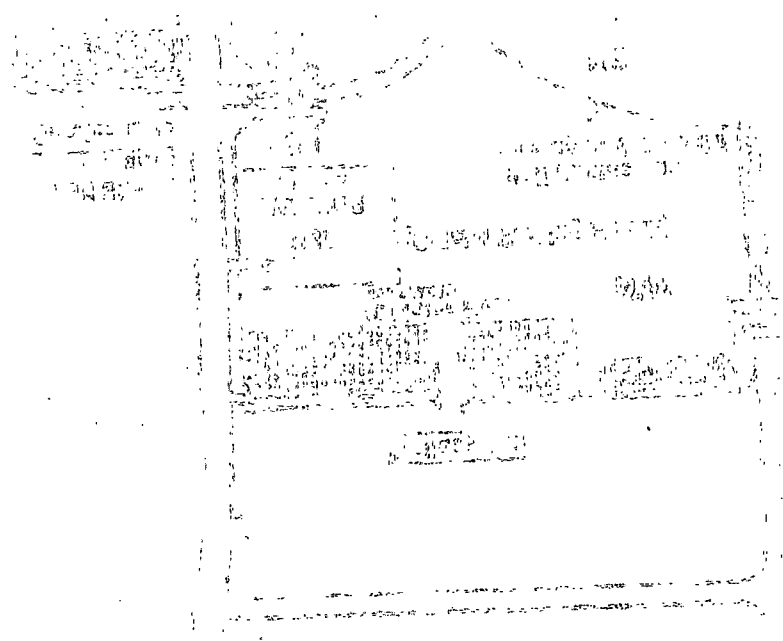

- PLACEMENT OF DECAL - Peel away your decal from the white paper backing. Place your "W" decal on the inside front windshield on the left hand side (driver's side.) This decal allows your vehicle inside the gate. Additionally, the passengers must present their personal credentials to the police officer at the gate. If a passenger does not have the proper personal credentials, he will be instructed to exit the vehicle and not be allowed inside the fence.
- HOURS OF OPERATION - Vehicles displaying the "W" decal are allowed into the Astrodome parking facilities beginning 12:00 noon, Sunday, August 16, 1992 until 12:00 noon, Friday, August 21, 1992 (unless attending an RNC sanctioned event).
- ENTRANCE & EXIT - "W" vehicles with proper credentials displayed enter the WESTRIDGE Gate from Kirby Drive. Parking attendants and security personnel will assist and facilitate parking. Please follow the attendants' instructions as they will expedite these procedures. WESTRIDGE is the only gate your vehicle is allowed to enter, unless instructed otherwise by a uniformed officer. Please exit the same gate you enter, unless instructed otherwise by a uniformed officer.
- PARKING LOCATION - After entering the gate and being instructed by the gate officer, the vehicle should proceed towards the left and park in the area behind the hedge row. Please refer to your attached map. The decal must be displayed at all times even when the vehicle is parked on the lot. If your "W" vehicle attempts to park in another section of the lot, the vehicle is subject to ejection from the parking lot.
- EMERGENCY TOWING - If your vehicle, once inside the Astrodome parking complex, becomes disabled, please contact a uniformed attendant or police officer who can assist you by contacting a radio-dispatched tow truck located within the Astrodome parking area.

Arena

VEHICLE ENTRY & PARKING INFO - "OFFICIAL PARKING ARENA"

- **PLACEMENT OF PLACARD** - Place your "ARENA" placard on the inside front windshield on the left hand side (driver's side.) This decal will allow your vehicle inside the gate to enter and park. Additionally, the passengers must present their personal credentials to the police officer at the gate. If a passenger does not have the proper personal credentials, he will be instructed to exit the vehicle and not be allowed inside the fence.
- **HOURS OF OPERATION** - Vehicles displaying the "ARENA" placard are allowed into the Astrodome parking facilities beginning 6:00 am, Sunday, August 16, 1992 until 12:00 noon, Friday, August 21, 1992 (unless attending an RNC sanctioned event).
- **ENTRANCE & EXIT** - "ARENA" vehicles with proper credentials displayed enter the South (610 Loop) entrance unless instructed otherwise by a police officer. Parking attendants and security personnel will assist and facilitate parking. Please follow the attendants' instructions as they will expedite these procedures. Please exit the same gate you enter, unless instructed otherwise by a police officer.
- **PARKING LOCATION** - After the vehicle enters the South (610 Loop) entrance, your parking area is located towards the right. Please do not park close to the Arena entrance as disabled parking is located in the front as well as buses will be shuttling passengers from the building entrance. The placard must be displayed at all times even when the vehicle is parked in the lot or it is subject to ejection from the lot.
- **EMERGENCY TOWING** - If your vehicle, once inside the Astrodome parking complex, becomes disabled, please contact a uniformed attendant or police officer who can assist you by contacting a radio-dispatched tow truck located within the Astrodome complex parking area.

... Bush, Senator Gramm, Secretaries Martin
... Don Dole, Louis Sullivan,
... McCain and Pete Wilson were up-front
... design and implementation of ADA as pro-
... mentioned in this video.

... message in the platform. Numerous
... there will be strong support for ADA.
... that the platform explicitly convey the
... that ADA will be fully
... implemented.

3. There should be sign language interpreters for the deaf on the
... where they will be visible frequently on
... This is a litmus test symbol of sensitivity, not only
... but to the entire disability community.
... Clinton-Core campaign PR.

We first understood that this would be done. Recently we were
... that signers and people who are deaf will be located
... on the floor of the Astrodome, out of range
... This will be viewed as segregationist
... and we will receive harsh criticism. We are told that this was
... In '88 ADA had not been passed and we had an opponent
... who never mentioned the rights of people with disabilities.

4. President Bush is widely acclaimed for having appointed more
... to positions in his
... Several are nationally
... known as leaders for ADA. He has reached out to consult with
... authentic grass roots leaders. Prime time images should convey
... this achievement. Known disability community leaders should be
... in positions of honor during sessions with major TV
... coverage - in the President and Vice President's box, on the stage
... with the President and Vice President after their acceptance,
... greeting major speakers, etc. People with disabilities should also
... be visible in crowd scenes. There should be a good mix of
... nationally known leaders and local, grass roots people - not an
... overwhelming mass of disabled people in the same place at the same
... time, but naturally blended into the scenes from the first minute
... to the last.

5. Several of us are qualified to play convention roles that help
... send the right message to the nation. Ler Frieden, Evan Kemp
... and Justin Dart need passes to circulate on the floor of the

convention - in order to help delegates with disabilities, confer on disability issues, and do media interviews. Lex must have access to the floor to pursue his duties as coordinator of Astrodome accessibility. We have been told that Lex and Evan will only receive passes to be in a sky box or the spectator gallery. Justin Dart may have a somewhat broader credential because he is a Republican Eagle. Lex Frieden has recommended several local leaders who would be credible in a variety of roles. They will also need passes appropriate to their participation.

We understand that wheel chair user Mike Deland, who works in the White House, will be a speaker. Mike is an excellent person. It will be important, however, to have prime time visibility for individuals who are recognized as national disability community leaders.

We appreciate that the convention will sponsor a reception for the local disability community - a nice gesture and a good investment in the future. However it might get us ten or twenty votes in '92. We respectfully request your cooperation with prime time initiatives which could influence the return of the several million disability community votes we had in '88, and perhaps attract more. These votes are absolutely essential to the success of our cause.

We stand ready to cooperate in any way to reelect the President who presided over the end of the cold war and the enactment of world's first civil rights law for people with disabilities. The people of America demand change. ADA holds the potential for more pro-jobs anti-debt change than any law passed in recent decades.

We enclose suggestions for the President's and other speeches and the platform, and other materials previously supplied to the campaign, the White House and the Committee.

Yours for four more years of progress toward a more productive, more prosperous, more just America, and a world at peace.

Disability language passed by House Committee

President Bush signed into law the greatest relief for disabled persons. The Americans with Disabilities Act eliminates many of the barriers to full participation in our country's life. We will work in concert with sensitivity to the needs of small businesses, just as we have enacted protections for the disabled in federal programs. We oppose withholding health care or treatment from any person because of handicap, age, or infirmity, just as we oppose euthanasia, and assisted suicide.

We support full access to the polls, and the entire political process, for disabled voters. We will ensure that students with disabilities benefit from America 2000's new emphasis on testing for excellence and accountability for results.

Promoting the rights of the disabled requires, before all else, an expanding economy, both to advance assistive technologies and to create opportunities for personal advancement. That is both our duty and our goal. Republicans are committed to growth.

From the GOP Platform, August 12, 1992

President Bush signed into law the greatest law ever passed for disabled persons: The Americans with Disabilities Act. We will continue in removing barriers to full participation in our country. We will fully implement it, with sensitivity to the needs of small businesses, just as we have earlier legal protections for the disabled in federal programs. We oppose the non-consensual withholding health care or treatment from any person because of handicap, age, or infirmity, just as we oppose euthanasia and assisted suicide.

We support full access to the ballot and the electoral process by disabled voters. We will ensure that all disabled persons benefit from America 2000's new emphasis on excellence and accountability for results.

Promoting the rights of the disabled requires action in an expanding economy, both to advance economic growth and to create opportunities for personal advancement. That is another reason why Republicans are committed to growth.

The Platform Committee has approved this statement

GOVERNMENT SHOULD WORK FOR THE PEOPLE, NOT THE OTHER WAY AROUND

Today, President Bush is in New Jersey to visit a job training institute where he will remind Americans of the sharp choice they face this fall.

In Houston and at campaign stops over the weekend, the President described the ideas that will drive a second Bush Administration. The President pledged to seek an across-the-board tax cut so people can keep more of what they make. To pay for it, he'll force the gridlocked Congress to do what they haven't done before—cut spending.

The President will this year veto any spending bill that exceeds his budget request. He will seek a cap on non-social security entitlement spending.

To give Americans the power to reduce the deficit, President Bush wants to see a new check-off on tax returns. He will immediately seek passage of a bill to allow taxpayers to check a box on their tax returns so that ten percent of their payments will be dedicated to the reduction of the national debt. If the gridlocked Congress refuses to cut spending, the American people and President Bush will force them to do it.

To help small business grow and create jobs, President Bush will extend for one year the breaks on research and development tax credits and job creation tax incentives. To remind Americans that the gridlocked Congress stands in the way of spending cuts and sound government, the President will continue to press for the Congress to pass a Constitutional Amendment to balance the budget and a line-item veto.

A second Bush Administration will stand up for education, challenging the status quo, promoting competition. Parents, not government, should have the right to choose schools for their children, public or religious.

President Bush has a plan to provide health care for every American, controlling costs by paperwork and lawsuits, and exempting the poorest of the poor.

He'll overhaul our welfare system, changing from a way of life to a life of responsibility, already changed welfare rules so states can require recipients to work, and deny aid to those who have additional children while they're on welfare. Taxpayers will pay for their welfare incomes.

The President will also change our legal system to end jury-law suits that force doctors to give up on medicine and make parents think twice before taking their child to Little League.

In this election, you will say our nation has worked. The truth is thanks to the House Congress, they haven't been paid.

This election will come down to trust. Do you trust your elected Congress and a million more like it to change America or do you trust President Bush's new Congress to make real change?

This week, the President continues to talk about his agenda for the future and the sharp choice Americans will face this fall.

It's a choice between two very different agendas, two very different directions for America.

And yes, it's a choice about the character of the man we want to lead America.

Americans will never settle for second best in anything. And not in this election.

**TO: Blake Williams, Coordinator of Services for Disabled
All Sign Language Interpreters**

FROM: Shirley Pacetti, Coordinator of Interpreters

RE: INTERPRETERS FOR THE REPUBLIC NATIONAL CONVENTION

Please check the list below to see when you are scheduled to interpret at the Republican National Convention. I do not have an exact schedule of all the events, but the times listed are for sure. There may be some leadership training classes during the day and we may need interpreters, but I will let you know as soon as I hear from Blake on this issue.

Blake, we will need a place for interpreters to take their breaks, use a phone, pick up messages or assignments and use the rest room. I do not know if you are planning on a specific area for other volunteers, but if so, perhaps the same area may be used for the interpreters. Lets discuss this.

We will need badges, car permits and whatever other identification credentials the convention requires. I will take up the car permits every night and re-issue them for each shift. Since I will be there for the entire convention I will need to have a permanent one. I would also like to bring in an assistant who will help me keep the interpreters organized, pick up messages, etc., will that be a problem?

Do you need to have a copy of everyone's drivers license or some other I.D.? If so, please let me know ASAP so I can get that done. I am scheduling a meeting with all of the interpreters on August 13th, Thursday at 5:30 p.m. here at my office, 1301 Alabama Room 101. If you can attend it will give you the opportunity to meet them all at one time.

One last question, will there be some way to give recognition to the interpreters and especially to the three agencies who are donating staff time to the convention?

NIGHTINGALE INTERPRETING SERVICES

SIGN LANGUAGE COMMUNICATIONS

Thanks for your help and I hope you and the rest of the committee will be pleased with our efforts.

Sincerely,

Shirley Pacetti

Page 8
August 6, 1992

Met with Blake today to discuss the schedules. The Leadership Training will be done all four days in the Astro Arena Auditorium from 3:00 - 4:30 p.m.

There is a possibility that the Republican National Convention Coalitions of Persons With Disabilities might meet at least one time in the Astro Arena.

We will park at Rice University and ride the shuttle busses, unless Blake can get us several parking passes. I hope to have this information by our meeting date.

In addition, we will have 8 - 10 students from Gallaudet University at the convention. They will bring at least one interpreter with them and the plan is to have them on the floor holding signs up. We will try to have one interpreter with each two students if possible at all sessions. Those interpreters have not been selected. We will discuss at the meeting. Craig Cunningham or Marguerite from the Washington Center will be handling the students. The phone number there is 794-2837.

1992 Limited Edition

To Mr Frieden,
Thank you for all you've done to help us build a
more promising future for America.
