AHSSPPE'S
ANNOTATED BIBLIOGRAPHY

Of Information Sources

edited by

Jane E. Jarrow

ACKNOWLEDGMENTS

In compiling this bibliography, the editor received assistance from AHSSPPE members and non-members alike. Appreciation is expressed to CHRIS EITHER, JAN HUSS, RICHARD HARRIS, PAT PIERCE and FRED SANDERSON for their help in writing some of the annotations that appear in the following pages. We are particularly grateful to the people at ACCENT (Raymond Cheever), HEATH (Rhona Hartman, et al.), SUNY-BUFFALO (Bertha Cutcher), and REHAB GROUP, INC. for their cooperation and generosity in allowing us to use materials they had compiled as the basis for much of what appears in the following pages. Special thanks is given to BARBARA DAVIS for her expert help in cover design, and to JOANNE LITTELL for her secretarial skill and patience.

An Important Message

to YOU, the user...

The information appearing on the pages that follow is a compilation of sources identified as being important to individuals providing services to handicapped students in post-secondary education. This review is not exhaustive--an effort has been made to include the best/most useful materials, as identified by the Association membership. There are most certainly other excellent resources that were overlooked, and there will be still more appearing in the months and years to come that could be of great benefit to service providers. We urge you to help us keep this compendium as current and complete as possible by sharing your personal knowledge of valuable references/resources. A form is provided on the back of this page which can (should!) be reproduced as often as necessary to submit timely information for future updates. Thank you for your help in making this resource a valuable and lasting tool for your fellow professionals.

SUGGESTION FOR CORRECTION/INCLUSION

AHSSPPE Annotated Bibliography

Correction

The following information should be corrected/added to the annotation for _____:
(Information Source Title)

How to use this bibliography...

This annotated bibliography of important information sources has been organized to provide the greatest possible utility for its users. Source listings appear within the body of the bibliography in alphabetical order. In the index, however, listings are divided as to the *TYPE* of source annotated (book, journal/newsletter, organization, equipment/special devices/aids), the *FUNCTIONAL DISABILITY* with which the source is concerned (visual impairment, mobility impairment, etc.), and *GENERAL TOPICS* with which the source can be associated (physical access, advocacy, employment, etc.). Each annotated source is indexed under as many listings as appropriate. When prices are included, the date given in parentheses is provided to let the reader know how recently this information was confirmed. The pages within the body of the bibliography are identified with the first letter of the title *AND* a page number (e.g., AHSSPPE appears on page A-9, while the President's Committee on Employment of the Handicapped appears on page P-4). This system has been adopted to allow for adding of sources (and pages) without necessitating major revisions in the entire text. It is the hope of the Association that the loose-leaf format of this publication will facilitate regular updating of the bibliography so that it will remain both current and comprehensive in the coming years.

ACCENT ON LIVING; ACCENT ON INFORMATION

Accent on Living is a quarterly publication with a focus on the needs of people with handicaps. Each issue is filled with new products and inventions for disabled people as well as the latest ideas for recreation. Feature articles on issues of concern are written by consumers and providers alike. A one year subscription costs $4.00 (8/80). The same publisher provides many other worthwhile publications (some of which are highlighted seperately in the pages that follow). Accent on Information, a related service, can provide updated database searches on topics of interest including furniture, eating, clothing, and sports. There is a small charge for searches performed on request. Contact the publicsher and editor, Raymond Cheever, at *ACCENT, GILLIUM ROAD AND HIGH DRIVE, P.O. BOX 700, BLOOMINGTON, IL 61701, (309)378-4213.*

ACCESS FOR ALL

In conjunction with the Ohio Governor's Committee on Employment of the Handicapped, architects Elizabeth Aino and Robert Loversidge have compiled detailed guidelines for the modification of current structures and the building of new structures within the barrier-free design model mandated by federal legislation. With emphasis on accessibility and safety, the book contains photographs and diagrams which provide details and measurements for height and width of necessary facilities. Plans for accessible stores, libraries, meeting rooms, sports arenas and living quarters are discussed. This 192-page guide is available in a 1979 hard cover edition for $24.50 (8/80) from *SPECIAL PRESS, 122 WEST SECOND AVENUE, COLUMBUS, OH 43210, (614)297-1281.*

ACCESS: THE GUIDE TO A BETTER LIFE FOR DISABLED AMERICANS

Written by Lilly Bruck, this book provides information to educate and therefore, enable disabled citizens to become more knowledgeable consumers and overcome barriers in the marketplace. It includes facts about dealing with unemployment, housing, health care, travel, how to make governmental agencies work for you, locating special products and more. The book is available in either cloth bound ($12.95 - 6/80) or paperbound ($5.95 - 6/80) from *RANDOM HOUSE MAIL SERVICE, 201 EAST 50TH STREET, NEW YORK, NY 10022.*

ACCESS TO CULTURAL OPPORTUNITIES: MUSEUMS AND THE HANDICAPPED

This 189-page book presents the proceedings of a conference designed to acquaint museum professionals with federal regulations on accessibility and to make them more comfortable with providing service to disabled visitors. While issues of physical accessibility are discussed, there is repeated emphasis given to the idea that increased sensitivity on the part of museum personnel will prove to be the major gactor in the battle for accessibility. The guide can be ordered for $8.00 plus $1.00 postage and handling (8/81) from the *ASSOCIATION OF SCIENCE-TECHNOLOGY CENTERS, 1016 16TH ST., N.W., WASHINGTON, D.C. 20036.*

AIDS TO MAKE YOU ABLE

This 114-page book lists selfOhelp devices disabled persons can use in everyday living. Many of the devices can be made at home and some can be purchased from supply houses whose addresses are provided. The book is simple and self-explanatory with an abundance of illustrations that are sometimes humorous. The spiral binding and tab indexing make the book easy to use. It is available for $5.00 (6/80) from the *MULTIPLE SCLEROSIS SOCIETY OF CANADA (PRAIRIE DIVISION), 641 TEGLER BLDG., 10189 101ST STREET, EDMONTON, ALBERTA, T4J 0T8.*

ALCOHOL AND DRUG PROBLEMS ASSOCIATION OF NORTH AMERICA

The ADPA membership includes individuals from drug and alcohol programs at the regional, state, and agency level. The ADPA promotes educational and research projects and publishes a directory of treatment facilities. It has special interest sections in community action, criminal justice, alcohol and drug studies, treatment, private rehabilitation, etc. ADPA publishes a periodic newsletter on legislative policies and activities. For further information, contact *ADPA* at *1101 15TH STREET, N.W., WASHINGTON, D.C. 20005, (202)452-0990.*

ALERT

A publication of the Association on Handicapped Student Service Programs in Post Secondary Education, Alert is published 5 times yearly. Intended for service providers, the Alert gives practical information on accommodations for handicapped students, reviews new publications which may be useful, provides information exchange for problems encountered and gives updated information on social and political issues which effect the efficient delivery of services. Subscription is automatic with membership in AHSSPPE and also is available by individual or institutional subscription. For further information, contact *SHERRY ANDRUES, EDITOR, PORTLAND COMMUNITY COLLEGE, 1748 NW 143rd, PORTLAND, OR 97229.*

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE

The Project on the Handicapped in Science, a special interest project of this professional organization, is designed to explore the barriers obstructing the entry and full participation of physically handicapped persons to education and employment opportunities in science and to examine and evaluate ways in which scientific professional associations can contribute to equal education and employment opportunities. As part of this effort, AAAS has compiled a resource listing of scientists who can speak to the success of disabled individuals in the field (Resource Directory of Handicapped Scientists). The publication of a monograph entitled Science for Handicapped Students in Higher Education helps to clarify many of the direct counseling services and educational consulting done by the Project. Information and referral services are provided free of charge, while there is a small charge for publications. For more information contact the *AAAS PROJECT ON THE HANDICAPPED IN SCIENCE, OFFICE OF OPPORTUNITIES IN SCIENCE, 1776 MASSACHUSETTS AVENUE, N.W., WASHINGTON, D.C. 20036.*

AMERICAN CANCER SOCIETY

The Society's purpose is to organize and wage a continuing campaign against cancer and its effects through medical research, professional and public education, service and rehabilitation programs. The Society can supply information relative to cancer in the areas of psycho-social services, equipment/special devices/aids, employment of cancer patients, and more. The Society has a wide range of programs both nationally and locally to provide information, and makes available a number of journals, brochures, films, bibliographies, etc., free of charge. Direct services and information services are provided through local divisions and units, many of which sponsor counseling programs for cancer patients, assistance with employment problems and self-help groups to bring patients and their families together. For further details contact the Society at *777 THIRD AVENUE, NEW YORK, NY 10017.*

AMERICAN COALITION OF CITIZENS WITH DISABILITIES, INC.

This nationwide umbrella advocacy organization representing virtually every disability serves as a focal point for national action on behalf of disabled people. Through a current organizational network of 60 national, state and local groups, 36 million disabled citizens speak to their own needs and concerns. ACCD can provide information and referral services in rehabilitation, employment, education, housing, transportation, civil rights and mainstreaming in all facets of daily life. Membership in ACCD includes a subscription to periodic newsletters covering advocacy and legislative issues. For further information contact the organization at *875 AVENUE OF THE AMERICAS, ROOM 2203, NEW YORK, NY 10001, (212)564-7809.*

AMERICAN DIABETES ASSOCIATION

This national voluntary organization is devoted to the support of research into the cause, treatment and cure of diabetes as well as the provision of patient and professional education and a program of public education and detection. The ADA is a primary information source on diabetes and such related areas as legal rights and regulations governing the employment of and services to diabetics, the special needs of the diabetic employee, recreation/physical education for diabetics, and equipment/special devices/aids available to this population. ADA will answer inquiries, make referrals to other sources of information and assistance, and provide brochures, films, bibliographies and other materials. All services and many of the materials are provided free of charge and can be investigated by contacting chapter offices throughout the country or the national office of the Association at *600 FIFTH AVENUE, NEW YORK, NY 10020.*

AMERICAN FOUNDATION FOR THE BLIND

This nonprofit organization provides consultant services on both the national and regional levels to work with consumer groups and rehabilitation agencies and to answer questions concerning products and services for the blind. The organization publishes the Journal of Blindness and Visual Impairment as well as several other reference and resource publications (some of which are highlighted separately in this bibliography). For further information contact the Foundation at *15 WEST 16th STREET, NEW YORK, NY 10011.*

AMERICAN INSTITUTE OF ARCHITECTS

This professional organization of architects maintains an active Codes and Standards Committee related to barrier-free design and provides a limited range of information services with emphasis on state-of-the-art barrier-free design. Services are specifically directed to architects, designers and planners, although others may request information. AIA offers a number of publications, including a primary reference work, Into the Mainstream: A Syllabus for a Barrier-Free Environment. Most information and services are free, although there may be charges for some publications. Address all inquiries to *1735 NEW YORK AVENUE, N.W., WASHINGTON, D.C. 20006.*

AMERICAN PRINTING HOUSE FOR THE BLIND

This national, nonprofit agency is one of the largest publishing houses for visually handicapped persons in the world. Its activities are centered around the publication of literature for blind persons, the development and manufacture of education aids and appliances for use by blind persons, educational and technical research related to publishing literature for blind persons and the manufacture of tangible aids for the use of visually handicapped persons. The agency is particularly strong in providing information about new materials and education aids, as well as the availability of textbooks in Braille, large type and on tape. APHB answers inquiries and makes referrals to other information sources and service providers, and prepares bibliographies, abstracts or indexes in response to certain direct requests. Ink print catalogs of items manufactured by APHB are available on request from the agency at *1839 FRANKFORT AVENUE, LOUISVILLE, KY 40206, (502)895-2405.*

AMERICAN SPEECH-LANGUAGE-HEARING ASSOCIATION

This membership organization for professionals in the fields of speech/language pathology, audiology, and speech and hearing research has goals which include maintaining high standards of clinical competence for professionals, encouraging the development of comprehensive clinical service programs and stimulating exchange of information on communication impairments. ASLHA is a source of descriptive information about handicapping conditions related to communication disorders and of personnel working with communicatively impaired individuals. ASLHA can provide health, social service and educational institutions with guidance on the special adaptive equipment needed to accommodate hearing-impaired, deaf and other communicatively handicapped persons. In addition, it can make referrals to other information sources and to local professionals working in the field. Publications for public use are generally available free of charge, but there is a fee for services. Inquiries should be addressed to *10801 ROCKVILLE PIKE, ROCKVILLE, MD 20852, (301)897-5700.*

ANSI SPECIFICATIONS - 1979

This book documents the minimum standards accepted by the federal government for all new construction, in order to make buildings and facilities accessible to and usable by physically handicapped people. Although other state and local agencies have compiled overlapping, and sometimes conflicting standards, the specifications published here are those legally binding for federally sponsored programs and agencies. Contact the *AMERICAN NATIONAL STANDARDS INSTITUTE, 1430 BROADWAY, NEW YORK, NY 10018.*

ARCHITECTURAL ACCESSIBILITY FOR THE DISABLED OF COLLEGE CAMPUSES

This book by Cotler and DeGraff is a revised edition of the 1967 publication on making facilities accessible to the physically handicapped population. This technical resource guide presents updated architectural criteria aimed at realistic accessibility and essential information necessary to provide for the diversity of physically handicapped individuals on campuses. Single copies of the book are available free from the *ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD, 330 C STREET, S.W., WASHINGTON, D.C. 20201.*

ARCHITECTURAL BARRIER REMOVAL INFORMATION CENTER

Developed through grants to provide colleges and universities in Oklahoma with a central information and referral center for architectural barriers, the Center has begun organizing conferences on transition planning, self-evaluation and other service delivery systems usable by campuses everywhere. Multimedia packages and consultants for Section 504-related programs are available. For further information, contact the Center at *EAST CENTRAL UNIVERSITY, ADA, OK 74820.*

ARTHRITIS FOUNDATION

This voluntary health agency is committed to finding the cause, prevention and cure of arthritis and allied diseases. Included among the goals of the association is patient, professional and public education concerning arthritis and its consequences. The Foundation provides information, publications, and audio-visual materials in response to inquiries, and makes referrals to other information agencies. Information is available free of charge from the Foundation headquarters at *3400 PEACHTREE ROAD, N.E., SUITE 1101, ATLANTA, GA 30326.*

ASSOCIATION FOR THE SEVERELY HANDICAPPED

Formerly the American Association for the Education of the Severely and Profoundly Handicapped, ASH is involved with the dissemination of information concerning the special needs of severely/profoundly handicapped individuals in this country. The Association publishes several important resources including the AAESPH Review. Contact the Association at *1600 ARMORY WAY, SEATTLE, WA 98119.*

ASSOCIATION ON HANDICAPPED STUDENT SERVICE PROGRAMS IN POST-SECONDARY EDUCATION

Established in 1977, the Association provides a communications forum, political and community awareness, as well as information on professional development for providers of services to handicapped students in higher education. AHSSPPE maintains a free information referral service for its members, as well as job placement listings within the field. An annual summer conference provides forums and speakers on a wide range of topics of interest to members (proceedings from these yearly conferences are available for sale from the Association). Membership can be paid for on an individual or institutional basis, and includes subscription to the Alert newsletter as well as a discount on Association publications and conference registration fees. For further information contact *AHSSPPE, P.O. BOX 886, AMES, IOWA 50010.*

ASSOCIATION OF PHYSICAL PLANT ADMINISTRATORS OF UNIVERSITIES AND COLLEGES

APPA has long provided responsible leadership in the area of physical access to college campuses through new design and/or modification of existing structures. Besides Creating an Accessible Campus (see seperate listing in this bibliography) APPA has recently published two new resources: Modifying the Existing Campus Building for Accessibility: Construction Guidelines and Specifications and Modifying the Existing Campus Building for Accessiblity: Accessible Products Catalog which are likely to become classic additions to the existing literature. The books can be obtained from APPA at *11 DUPONT CIRCLE, SUITE 250, WASHINGTON, D.C. 20036.*

ASSURING ACCESS FOR THE HANDICAPPED

Edited by Martha Ross Redden, this is a book of papers written by students, faculty and handicapped student service directors involved with higher education for the disabled population. The 120-page book is available for $6.95 (8/80) from *NEW DIRECTIONS FOR HIGHER EDUCATION, #25, JOSSEY-BASS, INC., 433 CALIFORNIA STREET, SAN FRANCISCO, CA 94104.*

ATP: SERVICES FOR HANDICAPPED STUDENTS

This agency handles alternative testing arrangements for visually impaired, physically impaired, hearing impaired or learning disabled students on nationally standardized tests. Documentation must be provided of the impairment leading to the request for non-standard administration. Contact the agency through *BOX 592, PRINCETON, NJ 08541, (609)771-0151.*

ATTENDANT CARE MANUAL

This manual describes various types of disabilities (with emphasis on spinal cord injuries) and the needs of these disabled persons. It provides specific step-by-step procedures for daily living including bathing, positioning, transferring and catheter care. It describes first aid treatment to restore breathing, stop bleeding, treat burns, etc. The manual is presented in a detailed, illustrated, spiral bound format and can be purchased for $5.00 plus shipping (8/80) from *ACCENT SPECIAL PUBLICATIONS, P.O. BOX 700, BLOOMINGTON, IL 61701.*

ATTENDEES AND ATTENDANTS: A GUIDEBOOK OF HELPFUL HINTS

Written by A. DeGraff, the Guidebook provides specific "how-to" guidance to both handicapped individuals and their attendants. Topics include recruitment of attendants by the consumer, providing prospective attendants with a realistic picture of the job, tax information and a discussion of voluntary and paid attendant services. A unique resource, the Guidebook can be ordered by prepaying $4.00 (6/80) to the *COLLEGE AND UNIVERSITY PERSONNEL ASSOCIATION, SUITE 120, 11 DUPONT CIRCLE, WASHINGTON, D.C. 20036.*

CALIFORNIA ASSOCIATION OF POST-SECONDARY EDUCATORS OF THE DISABLED

Established in 1974, the Association has worked to become the effective voice for post-secondary educators of the disabled in California and to communicate and coordinate with other organizations and agencies involved in efforts related to education and habilitation of disabled persons as well as to facilitate the exchange of information among personnel serving disabled students in higher education within the state. With a membership of over 500 individuals, CAPED holds a yearly convention, publishes a quarterly newsletter called Communique and includes a number of division for special interest groups within the Association. For further information, contact the Association's president, Dr. Emmett Casey, at *SAN DIEGO COMMUNITY COLLEGE DISTRICT, 3375 COMINO DEL RIO SOUTH, SAN DIEGO, CA 92108, (714)230-2140.*

CAREER COUNSELING AND JOB PLACEMENT OF DISABLED STUDENTS AT TWO-YEAR COLLEGES: A GUIDE

Although written for those working in two-year colleges, this manual has applicability to service providers in numerous settings. There are chapters concerning counseling, job placement and skills that will aid students in being hired at all. Several case studies, an annotated bibliography and a review of Section 504 are also included. For further information, contact *DAVID KATZ, CASE, INSTITUTE FOR RESEARCH AND DEVELOPMENT IN OCCUPATIONAL EDUCATION, GRADUATE SCHOOL AND UNIVERSITY CENTER, CUNY, 33 WEST 42ND STREET, NEW YORK, NY 10036.*

CAREER DEVELOPMENT AND PLACEMENT SERVICES WITH THE HANDICAPPED COLLEGE STUDENT

In December, 1977, a conference held in Carbondale, IL, highlighted issues of concern in developing appropriate career counseling and placement services for the disabled college student. The proceedings of this conference, including the presentations made and the recommendations developed by participants, are offered in this free publication. For further information, contact *RON BLOSSER, EDITOR, SPECIALIZED STUDENT SERVICES, SOUTHERN ILLINOIS UNIVERSITY, CARBONDALE, IL 62901.*

CENTS - CENTER FOR EDUCATION FOR NON-TRADITIONAL STUDENTS

Operating in the five state region of MN, IA, WI, ND and SD, the Center is charged with assisting postsecondary institutions in the identification and removal of barriers in an effort to comply with the federal mandates given in Section 504. The Center will utilize its past experience as a private non-profit educational brokering, consulting, advocacy and service agency to assist colleges and universities in meeting this objective. While the provision of direct services is limited to the five state area mentioned above, the Center has information to share with service providers nationwide, and publishes an informative newsletter, CENTS. For further information, contact *WAYNE MODENHAUER, DIRECTOR, CENTS, INC., 731 21st AVENUE SOUTH, BOX 49, MINNEAPOLIS, MN 55454, (612)332-5181.*

CHANGE STRATEGIES AND DISABLED PERSONS: POST-SECONDARY EDUCATION AND BEYOND

This book contains the proceedings of the Second National Conference sponsored by Wright State University and the Bureau of Education for the Handicapped in cooperation with the Dayton Area Chamber of Commerce, October 3-8, 1978. Edited by Pat Marx and Perry Hall, the proceedings include the texts of all keynote and small group sessions from the conference. The central theme was change strategies. Issues discussed and included herein were attitudinal barriers, physical support services, academic services, employment, and relations with university administration. A synopsis of pre-conference sessions is included, as are the results of the conference evaluation. The proceedings are available from the *DIRECTOR, HANDICAPPED STUDENT SERVICES, WRIGHT STATE UNIVERSITY, DAYTON, OH 45435, (513)873-2141.*

CLOTHING DESIGNS FOR THE HANDICAPPED

This comprehensive book provides appropriate designs for clothing for men, women and children. The easy-to-follow directions for altering clothing and patterns for new clothes are valuable to disabled individuals and their families. There are illustrations on every page to make instructions easy to understand and to show how the finished products will look. The book is spiral bound, has a washable cover and includes a free tape measure. To order this book at the cost of $15.00 plus shipping (6/80), contact *ACCENT SPECIAL PUBLICATIONS, P.O. BOX 700, BLOOMINGTON, IL 61701.*

COLLEGE GUIDE FOR STUDENTS WITH DISABILITIES

Written by Elinor and Alurine (1976), this 500+ page directory provides a listing of higher education services and programs and facilities accessible to handicapped students on college campuses in the United States. In addition to reviewing many available programs, the book includes a discussion of sources for financial aid in higher education, learning aids and materials. While the book provides good coverage for those higher education facilities listed, it is not an exhaustive list of colleges and universities providing such services. The book is available at a cost of $12.00 (4/80) from *ABT PUBLICATIONS, 55 WHEELER STREET, CAMBRIDGE, MA 02138.*

CREATING AN ACCESSIBLE CAMPUS

This comprehensive review of issues, problems and suggested solutions related to campus accessibility includes chapters on design specifications, accessible laboratories and instructional aids for handicapped students. This illustrated guide, published in 1978, has become a classic text for service providers, as it was developed by those related professionals most closely concerned with problems of campus accessibility. The book is available for $4.50 prepaid or $5.50 billed (4/80) from the *ASSOCIATION OF PHYSICAL PLANT ADMINISTRATORS OF UNIVERSITIES AND COLLEGES, ELEVEN DUPONT CIRCLE, SUITE 250, WASHINGTON, D.C. 20036.*

(A) DIFFERENT APPROACH

This attitude awareness film, created by the South Bay Mayor's Committee for Employment of the Handicapped uses off-beat humor to make some very important points about the capabilities and concerns of handicapped people in the area of employment. Running a little less than 22 minutes, the film can be purchased on film ($225 - 1/80) or on 3/4" video cassette ($125 - 1/80) from *MARSHA SAVANT, LOS ANGELES HARBOR COLLEGE, 1111 FIGUEROA PLACE, WILMINGTON, CA 90744, (213)549-3520.*

DISABILITY AND REHABILITATION HANDBOOK

Edited by Robert Goldenson, this excellent 846-page book is directed toward the professional in the field of rehabilitation. In addition to philosophical discussions concerning the nature of rehabilitation training and counseling, there are 39 chapters, each dealing with a different physical, health or mental disability in the areas of causation, incidence, treatment and functional limitations. A section devoted to case studies is followed by a listing of agencies and sources of information available to the rehabilitation professional. Published in 1978 by McGraw-Hill, Inc., the book can be purchased for $24.95 (1/80) by contacting *McGRAW-HILL BOOK 6, SUITE 26-1, 1221 AVENUE OF THE AMERICAS, NEW YORK, NY 10020.*

(THE) DISABLED STUDENT ON AMERICAN CAMPUSES: SERVICES AND THE STATE OF THE ART

This book contains the proceedings of a national conference sponsored by Wright State University and the Bureau of Education for the Handicapped, August 21-25, 1977. Edited by Pat Marx and Perry Hall, the proceedings includes: 1) the abstracts from all sessions; 2) a summary of the small group work sessions following keynote addresses for the areas covered; and 3) recommendations for educational institutions, federal and state governments, and the consumer in each topical area. A survey report and evaluation of the conference are also included. Topical areas covered are principles of operation, access, planning, services, attitudes, research, evaluation, finance, and legal issues. The proceeedings, a valuable resource for handicapped student services personnel, are available from the *DIRECTOR, HANDICAPPED STUDENT SERVICES, WRIGHT STATE UNIVERSITY, DAYTON, OH 45435, (513)873-2141.*

DISABILITY INFORMATION CENTER

The Center is primarily concerned with multimedia approaches to changing attitudes toward disabled people. After two years of research the Center has developed a listing of appropriate films as well as information to be applied in building such media presentations. The Center has produced two films of its own, "First Encounters" and "The Invisible Barrier" which are available for either rent or purchase. For futher information contact the center *c/o STEPHEN BEAM, UNIVERSITY OF SOUTHERN MAINE, 246 DEERING AVENUE, PORTLAND, ME 04102, (207)780-4430.*

DRAMA, THEATRE, AND THE HANDICAPPED

This outstanding resource is divided into three parts: The Potential, Removing the Barriers, and The Progress. The Potential treats four aspects of the relationship between drama and theater and the handicapped: as an aesthetic experience, as a component of basic education, as part of a therapeutic program and as a potential career. Removing the Barriers identifies conditions and situations that obstruct full involvement of people with disabilities and suggests ways in which barriers could be removed. The Progress explains what various arts organizations and schools are doing with drama and theater projects. The book finishes with a review of literature, a bibliography, a glossary and a synopsis of current legislation. Copies are available for $9.00 (8/81) from the *AMERICAN THEATRE ASSOCIATION, 1000 VERMONT AVE., N.W., WASHINGTON, D.C. 20005, (202) 628-4634.*

EMPOWERING DIVERSITY: RESOURCES FOR DEVELOPING CAREER COUNSELING AND PLACEMENT PROGRAMS FOR COLLEGE STUDENTS WITH PHYSICAL DISABILITIES

This loose leaf manual provides information concerning the student, the counselor, the community, the employer and the design and services provided by the career counseling and placement center at the post-secondary level. The materials included have immediate applicability in the provision of services as well as an explanation of the laws and philosophy which dictate the actions of institutions and agencies in this important component of handicapped student services. For further information contact *LORNA HICKS, CAREER DEVELOPMENT FOR THE HANDICAPPED PROJECT, 2720 BLAIRSTONE PLAZA, P.O. BOX 6476, TALLAHASSEE, FL 32301, (904)878-6912.*

EPILEPSY FOUNDATION OF AMERICA

This national agency for people with epilepsy sponsors a wide variety of programs and activities. EFA provides general information about epilepsy as well as specific information and referral in the following areas relative to epilepsy: education, employment, housing, transportation, health, psycho-social services, income maintenance/security, recreation/physical education, daily living activities, equipment/devices/aids, legislation, and research. Although EFA will refer inquiries to local chapters, both the national office and local chapters provide direct services. Most information is provided free of charge by contacting the national office at *1828 L STREET, N.W., WASHINGTON, D.C. 20036.*

FEMALE SEXUALITY FOLLOWING SPINAL CORD INJURY

This manual provides an excellent resource for females, spouses, families and health professionals. It includes personal interviews with professionals who have substantial background in spinal cord rehabilitation and can provide technical and scientific information in a practical, understandable manner. This spiral bound book is available for $10.95 plus shipping (6/80) from *ACCENT SPECIAL PUBLICATIONS, P.O. BOX 700, BLOOMINGTON, IL 61701.*

GALLAUDET COLLEGE

Gallaudet College, an independent institution of higher education serving deaf people through instruction, public service, and research has five major divisions: 1) Pre-College, encompassing the Kendall Demonstration Elementary School and the Model Secondary School for the Deaf; 2) College, encompassing undergraduate and graduate school programs administered through the College of Arts and Sciences, the School of Communication, and the School of Education and Human Resources; 3) Research, which includes basic and applied research specializing in the problems of deafness; and 4) Public Services, including the College for Continuing Education, the National Academy, Gallaudet Press (which carries many publications of interest ot post-secondary educators), and the National Center for Law and the Deaf; and 5) Business Affairs, responsible for management of the total institution. Information concerning the many programs and services provided by Gallaudet is available by writing the *INFORMATION CENTER, GALLAUDET COLLEGE, KENDALL GREEN, WASHINGTON, D.C. 20002.*

GARAVENTA (CANADA) LTD.

This company has developed a lift which will carry a person in a wheelchair up straight and curved staircases. It folds within approximately 10 inches of the inside staircase wall for storage or to maintain clear access to the stairway. Minimal staircase alterations are generally necessary for the system's installation which may cost $13-16,000 fully installed for a one-storey rise. For further information contact the company at *7505-134A STREET, SURREY, B.C., CANADA, V3W 7B3, or through P.O. BOX L-1, BLAINE, WA 98230.*

GREEN PAGES - REHABILITATION SOURCEBOOK

This comprehensive national/international sourcebook is published yearly for rehabilitation workers. It is a well-indexed listing of where to contact known providers of products and services in a wide variety of rehabilitation-related areas. Aside from the overall listings, the sourcebook provides a state supplement to show subscribers the location of their nearest dealers. The sourcebook is available for $15.00 (6/80) from *SOURCEBOOK PUBLICATIONS, INC., P.O. BOX 1586, WINTER PARK, FL 32790.*

GUIDANCE, COUNSELING AND SUPPORT SERVICES FOR HIGH SCHOOL STUDENTS WITH PHYSICAL DISABILITIES

This sourcebook, written by a team of authors and published by the Technical Education Research Centers, provides a practical orientation to the issues, procedures, and resources critical in serving students with physical disabilities and chronic health problems. Educational, career, and personal counseling services as well as academic and vocational support services are discussed. The updated version, containing 457 pages at a cost of $15.00 (6/80), was published in 1978 and is available in print or cassette form by writing the *TECHNICAL EDUCATION RESEARCH CENTERS, SPECIAL NEEDS PROGRAM, 44 BRATTLE STREET, CAMBRIDGE, MA 02138, (617)547-0430.*

HAND CONTROLS AND ASSISTIVE DEVICES FOR THE PHYSICALLY DISABLED DRIVER

This 52-page illustrated manual includes chapters on criteria selection of vehicles and hand controls, assistive devices, complete foot controls, adapted vans, suggested driving aids and controls for people with various disabilities. The manual is available for $3.00 (6/80) from the *HUMAN RESOURCES CENTER, ALBERTSON, L.I., NY 11507.*

HANDICAPPING AMERICA: BARRIERS TO DISABLED PEOPLE

Written by Frank Bowe, former president of the American Coalition of Citizens with Disabilities, the book describes the physical, architectural, education, attitudinal, legal, occupational and personal barriers preventing disabled people from reaching their potential. It provides a brief historical sketch of attitudes concerning disabilities, and then discusses current barriers in housing, transportation, and education, together with ways of eliminating these barriers. The book includes a condensed reference guide of organizations and resources dealing with disabilities. Published in 1978, the book is available for $10.95 plus postage and handling (8/80) from *ACCD, 875 AVENUE OF THE AMERICAS, ROOM 2203, NEW YORK, NY 10001, (212)564-7809.*

HANDICAPPED AMERICANS REPORT

This highly recommended bi-weekly newsletter provides the most up-to-date information on issues of concern to handicapped individuals and service providers. Relevant information on legislative happenings is particularly valuable to professionals and consumers alike. The newsletter is available at the subscription price of $97.00/year (11/80) by contacting *JANET WALKER, EDITOR, HANDICAPPED AMERICANS REPORT, PLUS PUBLICATIONS, 2626 PENNSYLVANIA AVENUE, N.W., WASHINGTON, D.C. 20037.*

HEALTH AND REHABILITATION LIBRARY SERVICES DIVISION AMERICAN LIBRARY ASSOCIATION

The division is a service arm of this professional and membership association whose mission is to develop and implement standards for library materials, services and personnel to foster study and research in library services to special groups, including people with disabilities. The division can provide information and publications on physical accessibility and on the design of library services and programs for people with disabilities. Requests can be handled by mail or by phone and there are no charges for information and referral services. Contact the Division through Association headquarters at *50 EAST HURON STREET, CHICAGO, IL 60611, (312)944-6780.*

HEATH/CLOSER LOOK RESOURCE CENTER

The HEATH/Closer Look Resource Center is a national clearinghouse on post-secondary education for disabled people. The new Resource Center is made possible by a three-year contract from the U.S. Department of Education to the American Council on Education which has coordinated HEATH activities among 24 higher education associations and national consumer organizations since 1977. The mission of the new Resource Center is to serve as an information exchange about education support services so that disabled people can develop their full potential through post-secondary education. The Resource Center will address concerns of and for disabled people considering post-secondary education as well as those enrolled in or administering a campus program. In addition to a quarterly newsletter, the Resource Center will continue to make available resources developed previously by HEATH and those which will be developed in response to user requests over the tenure of the contract. In addition to a number of resource sheets currently available on a variety of key issues in the provision of services, The Accessible Conference Kit (single copies on request), an invaluable guide to planning accessible meetings (which includes the Barrier Free Meetings book prepared by the AAAS) can be obtained through the Center. Contact the Resource Center through *RHONA HARTMAN, DIRECTOR, HEATH/CLOSER LOOK RESOURCE CENTER, BOX1492, WASHINGTON, D.C. 20013, (202)833-4707(Voice/TTY).*

HELEN KELLER NATIONAL CENTER FOR DEAF-BLIND YOUTHS AND ADULTS

A unique source of information on and services for individuals who are deaf-blind, the Center can be of assistance to those interested in the special needs of this population. Clients receive individual evaluation and instruction in such skills as methods of communication, pre-vocational training, and skills of daily living. The Center has information in such areas as employment of people who are deaf-blind, auxilliary aids, and mobility. The Center will respond to inquiries with information, publications, and referrals to other information centers. Most information is provided free of charge by contacting the Center at *111 MIDDLE NECK ROAD, SANDS POINT, NY 11050.*

(THE) HIDDEN MINORITY: "A PROFILE OF HANDICAPPED AMERICANS"

This book is written by Sonny Kleinfield who was handicapped as the result of an automobile accident. The author talks about problems he faced in coping with physical limitations. He talks about handicapped individuals as members of the "hidden minority" instead of individuals betrayed by faulty bodies. He records the beginnings of the handicapped rights movement in the 1960's and the efforts to change the public's perception of those who are physically disabled, temporarily injured, deaf, blind, hearing-impaired, visually handicapped, mentally disabled, homebound, and/or institutionalized. He examines the arguments for and against "mainstreaming" handicapped people into classrooms, industry, and housing and visits a number of agencies helping physically disabled citizens to use community resources. Kleinfield discusses legislation, architectural adjustments, home care, institutional living and rehabilitation centers. The book is available for $9.95 (6/80) from *ATLANTIC-LITTLE, BROWN AND CO., BOSTON, MA 02106.*

JOB PLACEMENT AND ADJUSTMENT OF THE HANDICAPPED: AN ANNOTATED BIBLIOGRAPHY

This bibliography was compiled from two computer-assisted searches of the ERIC data base and includes listings of both journal articles and educational documents. Only selective citations were included from among a larger number uncovered in the initial searches. The organization responsible for this publication is especially responsive to employment concerns and recognizes that the responsiblities of special educators and vocational educators toward handicapped students do not end with program completion. It is this agency's belief that the job placement in appropriate employment situations and the subsequent adjustment of handicapped students on the job are evidence of the adequacy and appropriateness of their educational experience. Developed by the National Center for Research in Vocational Education, this document is for sale by the *SUPERINTENDENT OF DOCUMENTS, U.S. GOVERNMENT PRINTING OFFICE, WASHINGTON, D.C. 20402.*

JOHNBO NORDIC, INC.

This manufacturer has recently produced a reasonably priced system for making existing passenger elevator controls adaptive to the needs of disabled individuals. In addition to low cost, the adapter features dual controls, one at the previous height and a second set at an appropriate level for wheelchair users. The installation does not require damage to walls and the elevator out-of-service time during installation is, in most cases, only a few minutes. For further information and prices contact *JOHN OLSON, PRODUCTION COORDINATION, JOHNBO NORDIC, INC., 1300 SIXTH AVE. SOUTH, MOORHEAD, MN 56560, (218)233-5247.*

JOHNSON COUNTY COMMUNITY COLLEGE SIGN MANUALS

The Hearing Impaired Program at JCCC has published a series of manuals which provide hand signs, definitions and vocabulary lists used in college courses in the areas of business, data processing, algebra and electronics. The manuals are clearly illustrated and indexed for easy use/understanding. For further information, contact *HEARING IMPAIRED PROGRAM, JOHNSON COUNTY COMMUNITY COLLEGE, COLLEGE BOULEVARD AT QUIVIRA ROAD, OVERLAND PARK, KA 66210.*

KURZWEIL COMPUTER PRODUCTS, INC.

This firm markets the Kurzwell reading machine, an exciting advance in making printed materials available to non-traditional learners who are unable to use printed text for whatever reason. The machine directly translates ordinary printed materials into spoken English. For further information on this and other products, contact the company at *33 CAMBRIDGE PARKWAY, CAMBRIDGE, MA 02142.*

LITTLE PEOPLE OF AMERICA, INC.

This nationwide voluntary organization for dwarfs was established to create fellowship and provide interchange of ideas and solutions to problems unique to the little people. LPA is primarily geared to satisfying the informational needs of its members and other interested citizens. Any lay or professional person may request information; LPA will answer inquiries by letter, send materials, prepare bibliographies, abstracts or indexes in response to certain requests, and identify local members. Information is available on the condition of dwarfism and its relation to equipment/special devices, aids and psycho-social adjustment. Most information is provided free of charge by contacting LPA at *P.O. BOX 126, OWATONNA, MN 55060.*

MAINSTREAM, INC.

This private, nonprofit organization provides information on developments and policy regarding affirmative action and the handicapped; plans and conducts compliance conferences throughout the country; conducts workshops and presentations on employment and health care issues at various conferences; operates a national information service on disability issues, with emphasis on employment of handicapped persons and related legislation (reached 9am-5pm EST at 202/833-1162, Voice/TTY); serves federal contractors, grantees and disabled persons who have questions about their legal rights or anyone seeking information about mainstreaming of handicapped people. Mainstream also publishes a bi-monthly newsletter In The Mainstream and a quarterly newsletter called Project HEALTH which provides information on health care for disabled persons. For publications and information contact *MAINSTREAM, INC., 1200 15TH STREET, N.W., WASHINGTON, D.C. 20005, (202)833-1136.*

MANAGEMENT OF ACCESSIBLITY FOR HANDICAPPED STUDENTS IN HIGHER EDUCATION

Prepared by the National Association of College and University Business Officers (NACUBO), this 142-page book provides an overview of handicapped student services program planning, a discussion of the nature of the handicappped population in post-secondary education and their impact on higher education, as well as comparative data on expenditures for facilities modification and programs/services for handicapped students. This excellent reference is available by requesting Publication 81-82617 from *SUPERINTENDENT OF DOCUMENTS, U.S. GOVERNMENT PRINTING OFFICE, WASHINGTON, D.C. 20402.*

MENTAL HEALTH LAW PROJECT

Established in 1972, the Mental Health Law Project is an interdisciplinary public interest organization which works to define and protect the rights of mentally disabled persons and to stimulate improvements in public policies effecting them. The Project staff members develop legal strategies for enforcing the rights of people who are labeled "mentally" or "developmentally" disabled and for obtaining the services they need in the community, bring (or co-counsel) test cases to establish and clarify such rights, provide training and technical assistance to state advocacy agencies and legal services offices representing this population, and conduct federal policy advocacy. Information and referral services are provided to lay and professional inquiries. There is no charge for most information; re-imbursement is requested for previously prepared bibliographies and fact sheets and for duplication of legal papers. Contact the Project at *1220 19TH STREET, N.W., WASHINGTON, D.C. 20036, (202)467-5730.*

NATIONAL ACCESS CENTER

Formerly the National Arts and the Handicapped Information Services, this agency is supported by the National Endowment for the Arts and provides information on a variety of topics aimed at making the arts more accessible to handicapped people. In addition to its function as a resource and referral agency for matters concerning accessibility fo the arts to all disabled individuals, the Center publishes an excellent series of pamphlets (504 and the Visual Arts, 504 and the Performing Arts, Arts for the Blind and Visually Impaired, Arts Accessibility for the Deaf, Funding Sources, New Programs and Facilities) as well as a newsletter entitled Access. For copies of these publications or more information contact the Center at *1419 27th St.,N.W., WASHINGTON, D.C. 20007, (202)333-1712 (Voice/TTY).*

NATIONAL ASSOCIATION FOR STUDENTS WITH HANDICAPS

NASH is concerned with strengthening the rights of students with disabilities in post-secondary institutions. NASH can provide information packets useful in establishing local disabled student organizations. Persons interested in learning more about the Association should write to NASH at *1430 G STREET, S.E., WASHINGTON, D.C. 20003.*

NATIONAL ASSOCIATION OF THE DEAF

This organization of deaf, deaf-blind and hearing impaired individuals seeks to bring deaf persons in contact with one another and to support their need. NAD's goals include serving deaf persons and promoting their unique needs in legislation, education, communication, health, and in fighting discrimination in all areas of life. In addition, NAD is a publisher and a clearinghouse of information related to deafness, and on-site use of its holdings is permitted. It serves as an information source in areas such as auxilliary aids, employment, awareness, and insurance. NAD will send brochures and other publications and make referrals to other information sources and direct service providers. There is a fee for services. Inquiries should be directed to the national office at *814 THAYER AVENUE, SILVER SPRINGS, MD 20910*.

NATIONAL ASSOCIATION OF THE PHYSICALLY HANDICAPPED

This national self-help action group of physically handicapped persons and non-handicapped associate members work to improve the social, economic and physical welfare of all physically handicapped individuals. It provides information and referral services and is particularly concerned with removal of architectural barriers, especially in public buildings. Areas of expertise include transportation, physical fitness, and sports. The Association provides information free of charge and refers inquiries to local chapters which can provide consultative services. Contact the Association at *12614 FLACK STREET, WHEATON, MD 20906*.

NATIONAL ASSOCIATION OF STATE ALCOHOL AND DRUG ABUSE DIRECTORS

This organization provides information on drug abuse treatment and prevention and contracts with federal and state agencies to design drug abuse programs. It coordinates drug abuse information published by state and local drug abuse agencies. Contact the Association at *1336 NEW YORK AVENUE, N.W., WASHINGTON, D.C. 20005.*

NATIONAL BRAILLE ASSOCIATION, INC.

The Association supplies textbooks in braille for users. While there are some limitations put on the transcription that the Association will handle, it will take on transcription for any undergraduate or graduate student in the United States or Canada within these limitations. There is a cost for services provided according to the number of pages required. The Association also publishes several worthwhile manuals on producing academic support materials for visually and physically impaired students. Contact the Association at *654A GOODWIN AVENUE, MIDLAND PARK, NJ 07432, (201)447-1484.*

NATIONAL CENTER FOR A BARRIER FREE ENVIRONMENT

Created by the American Institute of Architects and a variety of organizations representing the interests of disabled people, the Center serves as a clearinghouse for information on architectural and physical barrier removal and refers individuals and organizations to architects and consultants who specialize in barrier-free design. The Center provides publications (with charge for some) and free referral services by phone or mail, and maintains a list of speakers who can deliver presentations on the technical and cost aspects of making facilities accessible. The Center can be contacted at *8401 CONNECTICUT AVENUE, N.W., WASHINGTON, D.C. 20015.*

NATIONAL CENTER FOR LAW AND THE DEAF

Established in 1975 as a project of Gallaudet College, the Center is charged with developing and providing legal services and information and legal education opportunities to the deaf and hearing impaired community. NCLD also serves as a national center for the initiation of legislation and legal actions benefiting the entire class of deaf and hearing-impaired citizens. The Center's clearinghouse gathers and distributes information about legal and law-related problems associated with deafness, and answers inquiries by telephone or letter, refers inquiries to other information centers or direct service providers if necessary and distributes newsletters and pamphlets. In addition, NCLD provides a legal clinic for hearing-impaired individuals in the Metropolitan Washington, D.C. area. There is no charge for information services. The NCLD can be contacted through *GALLAUDET COLLEGE, FLORIDA AVENUE AND SEVENTH STREET, N.W., WASHINGTON, D.C. 20002, (202)651-5454.*

NATIONAL CENTER ON EMPLOYMENT OF THE DEAF

Operated by the National Technical Institute for the Deaf (NTID), the Center was created to help advance the employment of qualified deaf persons nationwide. One of the major services is the Career Matching System (CMS), a free service offering qualified deaf people greater access to the national labor market. This automated system has been designed to compliment existing placement services by offering an additional tool for the placement of deaf graduates. The CMS receives job descriptions from companies across the country. The requirements are entered and stored in an information processor, then compared with the resumes of qualified deaf people. For further information, contact the National Center for Employment of the Deaf at NTID (see seperate listing elsewhere in this bibliography).

NATIONAL CONGRESS OF ORGANIZATIONS OF THE PHYSICALLY HANDICAPPED, INC.

The Congress is an umbrella for national, state and local organizations of physically handicapped people. It supports the member organizations by advising them on their operations, by coordinating of efforts, and by representing them at the national and state levels. NCOPH serves physically handicapped persons through its member organizations and as an information source about the special needs of physically disabled individuals. It acts primarily as a referral agency to other information centers. There is no fee for this service. Inquiries should be directed to *LEE FREDERIC WIEDENHOEFER, EXECUTIVE DIRECTOR, 101 LINCOLN PARK BOULEVARD, ROCKFORD, IL 61102.*

NATIONAL EASTER SEAL SOCIETY

The Easter Seal Society provides direct rehabilitation services to disabled people at its more than 2000 facilities and programs, as well as supporting educational efforts and research. National headquarters provides consultation services, professional staff training, advocacy efforts and public educations services, as well as operating the Easter Seal Research Foundation. Information is provided about disabilities, education, employment, housing, transportation, health, psycho-social services, recreational/physical education, activities of daily living, equipment/special devices/aids, civil rights/legislation, and barrier-free design. For further information contact the Scoiety at *2023 WEST OGDEN AVENUE, CHICAGO, IL 60612.*

NATIONAL FEDERATION OF THE BLIND

As the largest organization of blind persons in the United States, the federation's purpose is the integration of the blind into society on an equal basis. Through chapter meetings and state and national conventions, the blind express their needs and formulate programs to meet those needs. This involves the removal of legal, economic, and social barriers, and the education of the public to new concepts about blindness. The NFB provides literature about blindness, including the excellent Handbook for Blind College Students, made available in print, talking books or braile, and has a toll-free telephone number so that blind or sighted persons can gain information about federal or local programs. The NFB actively protects the rights of blind persons by sponsoring legislation, and through litigation or negotiation. The national headquarters is located at *1546 CONNECTICUT AVENUE, N.W., WASHINGTON, D.C. 20036, (800)424-9770.*

NATIONAL HEAD INJURY FOUNDATION

Founded in 1980 by families of head-injured people and professionals with an interest in the treatment of this condition, the National Head Injury Foundation assists head injured persons and their families seek out needed resources and services. The Foundation also trains leaders for family emotional support groups, which currently exist in Massachusetts and several other states. The Foundation disseminates information on resources and facilities for acute, intermediate and long term care, and the rights of head injured persons. This service is available to head injured persons and their families and professionals who work with them. The Foundation's publication program is under development. For further information, contact the Foundation at *280 SINGLETARY LANE, FRAMINGHAM, MA 01701, (617)879-7473.*

NATIONAL HEMOPHILIA FOUNDATION

The Foundation is concerned with organizing and developing a national program of research and clinical studies in the field of hemophilia and publishing information and knowledge relating to the early diagnosis and correct treatment of hemophilia. NHF can provide general information about hemophilia as well as information concerning health, psycho-social services, income maintenance/ security, recreation/physical education, and civil rights/legislation. The Foundation will respond to inquiries, send brochures, bibliographies, films, and other materials, and refer inquiries to other information centers and direct service providers. There are no fees for services and the national organization is headquartered at *25 WEST 39TH STREET, NEW YORK, NY 10018.*

NATIONAL LIBRARY SERVICE FOR THE BLIND AND PHYSICALLY HANDICAPPED: LIBRARY OF CONGRESS

This division serves principally as a source of general reading materials for people with vision impairments or physical disabilities that prevent use of ordinary print. Materials are offered in braille and on recorded disc and cassette through a network of cooperating libraries throughout the U.S. NLS/BPH also provides information and referral services on sources of specialized materials like textbooks, and to organizations, agencies and institutions that provide transcription and recording services. It can provide guidance in library services for blind and physically disabled readers and information about auxilliary aids and appliances. The address for the Service is through the *LIBRARY OF CONGRESS, WASHINGTON, D.C. 20542.*

NATIONAL MULTIPLE SCLEROSIS SOCIETY

Aside from an active research support program designed to determine the cause, prevention, and cure for multiple sclerosis, the Society seeks to expand social and recreational opportunities for individuals disabled as a result of multiple sclerosis and related diseases, and to assist families and communities in dealing with problems resulting from multiple sclerosis. Information is available from the Society in areas such as vocational rehabilitation and training, income maintenance/security, equipment/special devices/aids, and civil rights/legislation as related to individuals with multiple sclerosis. For further information contact the national headquarters at *205 EAST 42nd STREET, NEW YORK, NY 10017.*

NATIONAL NETWORK OF LEARNING DISABLED ADULTS

The Network was established to increase communication among learning disabled adults and groups which include them. The Network has established four goals: 1) to coordinate efforts of related groups to avoid duplication of efforts; 2) to strengthen communication among learning disabled adults; 3) to improve the image of learning disabled adults; and 4) to encourage educational institutions and employers to make accommodations for learning disabled adults. For further information write to the Network at *P.O. BOX 3130, RICHARDSON, TX 75080.*

NATIONAL REHABILITATION ASSOCIATION

The NRA membership consists of physicians, counselors, therapists, disability examiners, vocational evaluators, and other individuals interested in rehabilitation of physically or mentally disabled persons. NRA promotes standards of practice for the professions, develops standards for facilities and services, acts as sponsor for training institutes, and coordinates research and demonstration projects performed by affiliates and members. The Association can be contacted at *1522 K STREET, N.W., WASHINGTON, D.C. 20005.*

NATIONAL REHABILITATION INFORMATION CENTER

The National Rehabilitation Information Center (NARIC),funded by the Rehabilitation Services Administration, provides copies of research reports and audio-visual materials from RSA, prepares bibliographies on isolated topics in response to specific requests, and provides answers to queries in the field of rehabilitation. There is a charge of $.10/page (6/80) for photo-duplication, or materials can be made available on a loan basis. The Center publishes a bi-monthly newsletter called "pathfinder" which is also available in Braille. For more information contact the Center at *CATHOLIC UNIVERSITY OF AMERIA, 308 MULLEN LIBRARY, WASHINGTON, D.C. 20064, (202)635-5822 or TTY (202)635-5884.*

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

The National Technical Institute for the Deaf (NTID) at Rochester Institute of Technology (RIT) represents the first effort to educate large numbers of deaf students within a college campus planned primarily for hearing students. NTID provides educational opportunities for qualified students from every state in the nation and, through educational outreach, publications and related services, serves deaf persons throughout the world(several of these publications and services are listed under seperate heading elsewhere in the bibliography). In order to do so, curriculum and classes have been designed and adapted to meet the needs of deaf persons. NTID conducts research to understand better the role of deafness in education and employment and to develop innovative teaching techniques. Of particular interest to Association members may be The Hearing-Impaired Student in Your Class and other materials developed specifically for those providing educational support services to deaf students in post-secondary education. For further information, contact *JIMMIE J. WILSON, COORDINATOR OF TUTOR/ NOTETAKER PROGRAM, NATIONAL TECHINICAL INSTITUTE FOR THE DEAF, ONE LOMB MEMORIAL DRIVE, ROCHESTER, NY 14623, (716)475-6493.*

NATIONAL THERAPEUTIC RECREATION SOCIETY

A branch of the National Recreation and Park Association, NTRS is a professional organization for those concerned with providing recreation and leisure services to disabled people and other special populations. It provides general information on expanding recreation opportunities in the general community as well as in special settings, and offers a mechanism whereby individuals and organizations in the field can share expertise. NTRS can provide information services by phone or mail, and can refer inquirers to other information centers or to direct service providers. Most information is provided free of charge from the offices at *1601 N. KENT STREET, ARLINGTON, VA 22209.*

NON-VOCAL COMMUNICATION RESOURCE BOOK

Edited by Gregg Vanderheiden, this book is a comprehensive illustrated directory of communication and writing aids for severely disabled persons. The book is presently divided into four sections covering communication aids, communication boards, charts and laptrays, training aids and assistive devices. The directory is offered in a binder format so that it can be expanded as updated information becomes available. It can be purchased from the *TRACE CENTER, 324 WAISMAN CENTER, UNIVERSITY OF WISCONSIN-MADISON, 1500 HIGHLAND AVENUE, MADISON, WI 53706.*

OFFICE OF HANDICAPPED CONCERNS

As the liaison with the Department of Education, this office can provide information to service providers on educational and employment rights of handicapped individuals. In addition, it acts as a clearinghouse of information concerning programs and services for handicapped individuals nationwide. The Office serves as consultant to task forces and policy makers who are involved in decisions which may effect the status of handicapped individuals in this country. For further information, contact the Office through the *U.S. OFFICE OF EDUCATION, ROOM 4129, 400 MARYLAND AVENUE, S.W., WASHINGTON, D.C. 20202, (202)245-0873.*

PARALYZED VETERANS OF AMERICA

PVA is a national organization established to further technological advances in rehabilitation methods and devices and to support improved programs in medicine, rehabilitation, and social integration not only for veterans, but for all individuals with spinal cord injuries. It is a source of information for non-veterans as well as veterans and covers a broad scope of issues affecting any disabled person. PVA can provide information and referral services in education, employment, architectural barrier removal, housing and auxilliary aids. It will also refer inquirers to local chapters for consultative services. All information services are provided free of charge. Send requests to the group at *4350 EAST-WEST HIGHWAY, SUITE 900, WASHINGTON, D.C. 20014.*

PARAPLEGIC NEWS

This journal is the official publication of the Paralyzed Veterans of America. Published monthly, the journal covers featured articles of concern to all disabled persons. Everything from book reviews to local chapter information is included, with emphasis on mainstreaming handicapped individuals into all phases of daily living. A yearly subscription is $4.50 (6/80) for non-member of PVA and is available by writing *PARALYZED VETERANS OF AMERICA, EDITORIAL AND BUSINESS OFFICE, 5201 NORTH 19th AVENUE, SUITE 111, PHOENIX, AZ 85015.*

PARTNERS IN PUBLISHING - PIP

This publishing house specializes in providing materials and information for the learning disabled college student and the service provider concerned with this population. Along with an outstanding monthly newsletter ($20.00/year - 6/80), PIP publishes a directory of universities having special programs as well as several other valuable publications. For more information, contact *PIP, P.O. BOX 5037, TULSA, OK 74150.*

PEOPLE-TO-PEOPLE COMMITTEE FOR THE HANDICAPPED

In its role as liaison with other organizations, the Committee frequently works with the President's Committee on Employment of the Handicapped, Goodwill Industries, and the National Easter Seal Society, among others, to supply information about handicapping conditions and programs for handicapped individuals to people in America and overseas. A special service of the Committee is the free publication of the Directory of Organizations Interested in the Handicapped ($3.00 - 4/80), which has lists and abstracts of more than 100 organizations concerned with the techniques, training, treatment, devices and procedures utilized to help handicapped individuals help themselves. The Committee can be reached at *1025 CONNECTICUT AVENUE, N.W., WASHINGTON, D.C. 20036, (202)785-0755.*

PHONIC EAR/PHONIC MIRROR

As a manufacturer of products for communicatively impaired individuals, the corporation has recently developed an individualized, portable induction loop to aid the hearing impaired student in the classroom. For further information, contact the corporation through *H. C. ELECTRONICS, INC., 250 CAMINO ALTO, MILL VALLEY, CA 94941.*

PHYSICAL EDUCATION AND RECREATION FOR THE HANDICAPPED INFORMATION AND RESEARCH UTILIZATION CENTER

This Center collects, reviews, catalogs, evaluates, packages, re-packages and disseminates information and materials about physical and health education, recreation, sports and competitive athletics for people with disabilities, with strong emphasis on the maximum possible degree of mainstreaming. The Center can offer specific guidance in developing activities for people with a particular disability or in more general areas such as planning an overall athletic program or mainstreaming people with disabilities into competitive teams. It can provide needs assessments of programs and facilities, long-term consultative services, and publications. Referral services are free of charge, while on-site fees for technical assistance vary according to expenses. Contact the *AMERICAN ALLIANCE FOR HEALTH, PHYSICAL EDUCATION AND RECREATION, 1201 16th STREET, N.W., WASHINGTON, D.C. 20036.*

PIP'S FREEBIE GUIDE FOR LD STUDENTS

This handbook lists those resources for learning disabled individuals which can aid in succeeding in school and job settings following high school. The majority of the resources suggested are free or inexpensive, and this text represents one of the few currently available guides devoted strictly to the problems of the learning disabled student. The guide can be ordered for $5.95 plus postage (8/80) from *PIP, BOX 50347, TULSA, OK 74150.*

PRESIDENT'S COMMITTEE ON EMPLOYMENT OF THE HANDICAPPED

This federal agency, charged primarily with finding satisfactory employment for handicapped individuals and aiding in adjustment to and accommodation for employment, is interested in education of handicapped students as preparation for integration into the work force. With this in mind, the Committee has produced several useful publications concerning career planning and preparation, and is involved in providing input to many federal agencies whose concerns overlap the needs of handicapped individuals. The Committee publishes an excellent journal, Disabled USA, which is available free by contacting the Committee through the *U. S. DEPARTMENT OF LABOR, 1111 20th STREET, N.W., WASHINGTON, D.C. 20210.*

PRODUCTS FOR PEOPLE WITH VISUAL PROBLEMS

This catalog lists products marketed for visually impaired individuals. Included are items intended for use in day-to-day living such as kitchen appliances modified with braille markings and other features designed to make cooking easier for the visually handicapped cook. Other products reviewed include sewing aids, braille watches and clocks, tools and canes. The catalog is available free of charge in either print or braille from the *AMERICAN FOUNDATION FOR THE BLIND, 15 WEST 16th STREET, NEW YORK, NY 10011.*

PROJECT OUTREACH

Project Outreach is the National Technical Institute for the Deaf's resource for institutions involved in mainstreaming deaf people. NTID serves as a model program, with over 900 deaf students integrated into a hearing college -- Rochester Institute of Technology. NTID can conduct workshops, disseminate curricular and research products, and conduct training programs for interpreters, notetakers, and tutors. NTID publishes a number of important resources for mainstreaming deaf students into hearing classrooms, including the Tutor/Notetaker Comic Book. Project Outreach and other mainstreaming ideas are explained in the Fall, 1978, issue of NTID Focus, the quarterly journal available free from the *NATIONAL TECHNICAL INSTITUTE FOR THE DEAF, ROCHESTER, NY 14623.*

REALITIES OF THE PHYSICALLY HANDICAPPED

This series of 12 presentations on six audio cassettes deal with various aspects of functions with a physical disability in our society. The "authors" are Helen Jones, who is paraplegic as a result of an accident, and Dick Farr, who has MS. Topics include defining the jargon of disability, disabled people in society (attitudinal barriers), transportation for the handicapped, activities of daily living, sexuality, marriage and parenting as well as success stories and recreation. Appropriate listening for anyone who is informationally naive about physical handicaps, the tapes are available at a cost of $69.50 (6/80) from *AFFECTIVE HOUSE, P.O. BOX 35321, TULSA, OK 74135.*

RECORDING FOR THE BLIND

RFB is a national, non-profit voluntary organization which provides recorded educational books on loan to individuals who cannot read normal printed material because of visual, physical or perceptual handicaps. RFB provides services to print handicapped students at all levels as well as to those who require educational or specialized materials in the pursuit of their occupations. The master tape library contains over 50,000 titles. Borrowers must fill out an application to register for the service, and the application must be signed by a professional certifying the user's eligibility. Materials can be borrowed for a period of one year on a free loan basis. Books not available in the RFB catalog can be recorded by RFB if two copies of each text are sent allowing 4-6 weeks for the first installment of the recorded text to reach the borrower. Materials already available from RFB will usually reach the borrower within four weeks. The RFB catalog is available at the cost of $5.00 (6/80) by contact RFB at *212 EAST 58th STREET, NEW YORK, NY 10022.*

REGIONAL REHABILITATION RESEARCH INSTITUTE ON ATTITUDINAL, LEGAL AND LEISURE BARRIERS (RRRI-ALLB)

This organization has produced a series of excellent print resources on attitudinal barriers to full integration of disabled individuals. Known particularly for a series of pamphlets concerning attitudes (Beyond the Sound Barrier, Counterpoint, Dignity, Free Wheeling, The Invisible Battle) the RRRI-ALLB has a number of other valuable resources to offer at minimum prices. Contact RRRI-ALLB for a publication/price list at *GEORGE WASHINGTON UNIVERSITY, BARRIER AWARENESS PROJECT, SUITE 704, 1828 L STREET, N.W., WASHINGTON, D.C. 20036.*

REGISTRY OF INTERPRETERS FOR THE DEAF

This national organization publishes a listing of certified signing interpreters by state. The fee for certified interpreters ranges from $5.50 to $12.50/hour. The published list provides other useful information about interpreters and is available free by writing to *P.O. BOX 1339, WASHINGTON, D.C. 20013.*

REHAB GROUP, INC.

A large (over 400 employees) profit-making firm, Rehab Group can undertake large-scale training and employment awareness programs for private and institutional employers. It can also evaluate, design, and operate affirmative action employment programs for its clients. Over 30% of Rehab's staff are disabled workers, lending credibility to an already excellent program. Inquiries should be directed to *5827 COLUMBIA PIKE, FALLS CHURCH, VA 22041.*

REHABILITATING AMERICA

The book, written by Frank Bowe, formerly of the American Coalition of Citizens with Disabilities, sets out a 10 year plan of action to upgrade the quality of life in our country by rehabilitating the disabled and elderly in our population. The book is available for $10.95 plus postage and handling (10/80) from *ACCD, 875 AVENUE OF THE AMERICAS, ROOM 2203, NEW YORK, NY 10001, (212)564-7809.*

RESOURCE MANUAL OF CANADIAN INFORMATION SERVICES FOR THE PHYSICALLY DISABLED

This directory resulted from a research project conducted by Steven Levy Association for the Canadian Rehabilitation Council for the Disabled (CRCD). It contains basic information about 230 organizations and agencies that provide information services for the physically disabled population. It is available for $15.00 (5/80) from CRCD at *1 YONGE STREET, SUITE 2110, TORONTO, ONTARIO, M5E 1E8.*

(THE) RIGHTS OF THE PHYSICALLY HANDICAPPED

This 252 page book, authored by Kent Hull, Director of Legal Services at the now defunct National Center for Law and the Handicapped, was commissioned by the American Civil Liberties Union. Published in 1979, this book provides an up-to-date review of how current legislation pertains to the rights of individuals. Separate chapters pertain to rights to access, transportation, education, employment and community life. Since the NCLH is no longer functioning, this book may help to fill the gap created by its loss. The book is available for $2.25 from *AVON BOOKS, 959 EIGHTH AVENUE, NEW YORK, NY 10019.*

SCIENCE FOR THE BLIND

This company markets products modified for use by visually handicapped people. Emphasis is placed on technical and electronic aids which could be very useful in many employment situations or for individuals who have hobbies in these aresas. Other items including special modified tape recorders are also available. Catalogs in print on or sound sheet recordings are available free of charge upon written request from *BOX 385, WAYNE, PA 19087, (215)687-3731.*

SCIENCE FOR THE HANDICAPPED: AN ANNOTATED BIBLIOGRAPHY

This annotated bibliography is a unique collection of information sources on science education for the handicappped. It includes information on both currently available resources and on-going research designed to improve the quality of science education to students in the categories of Visually Impaired, Hearing Impaired and Other Handicapping Conditions. This recent publication (12/80) provides up-to-date information and verification of methodologies and techniques which have proved successful in adapting traditional teaching to the needs of special students. The bibliography is available for $3.50 (10/81) from the *INFORMATION REFERENCE CENTER FOR SCIENCE, MATH AND ENVIRONMENTAL EDUCATION, 1200 CHAMBERS ROAD, COLUMBUS, OH 43212.*

SELF-HELP FOR THE LARYNGECTOMEE

This 150-page book by Edmund Lauder, who is a laryngectomee, includes sections on care of the stoma, methods of acquiring esophageal voice, types of artifical larynx devices, and exercises of voice development. A cassette tape, at a cost of $5.00 (10/80), is presented in the author's esophageal voice and is designed to augment and extend the information in the book. The printed copy of the text can be obtained from $4.50 (10/80) from *EDMUND LAUDER, 11115 WHISPER HOLLOW, SAN ANTONIO, TX 78230.*

SENSORY AIDS FOR THE EMPLOYMENT OF BLIND AND VISUALLY IMPAIRED PERSONS

This book lists and briefly describes a wide variety of aids and devices which have been designed by different manufacturers to assist the visually handicapped. Items covered include light probes, scientific equipment, closed circuit TV reading machines, and the optacon with related attachments. The names and addresses of manufacturers are indicated for each product reviewed. This is an excellent compilation of equipment information covering a wide range of resources. This book is available at a cost of $7.50 (6/80) from the *AMERICAN FOUNDATION FOR THE BLIND, 15 WEST 16th STREET, NEW YORK, NY 10011.*

(THE) SENSUOUS WHEELER

Written by Dr. Barry Rabin, a clinical psychologist with extensive experience with physical medicine/rehabilitation patients, this 153-page book provides a practical, positive guide for the spinal cord injured man or woman and a valuable tool for the therapist and counselor. Topics covered include everything from sexual adjustment to birth control methods. This paperback book can be purchased for $6.95 (10/80) from the *MULTI MEDIA RESOURCE CENTER, 1525 FRANKLIN, SAN FRANCISCO, CA 94109, (415)673-5100.*

SERVING HANDICAPPED STUDENTS

Written by Hazel Sprandel and Marlin Schmidt, this book is written to and for you, as a service provider to handicapped students. The book covers Section 504 and its implications, student services for handicapped students, the role of the student development administrator in providing those services, and the specialized training necessary for these administrators. Effective planning for a barrier free environment, career development and placement services and faculty awareness are also discussed. This monograph can be ordered fro $6.95 (10/80) from *NEW DIRECTIONS FOR STUDENT SERVICES, NUMBER 10, JOSSEY-BASS, INC., 433 CALIFORNIA STREET, SAN FRANCISCO, CA 94104.*

SEXUAL ADJUSTMENT: A GUIDE FOR THE SPINAL CORD INJURED

While written primarily about sexual adjustemnt for the paraplegic male, this book offers important information to individuals with other physical disabilities as well. This guide contains a valuable anthology of professional observations of paraplegia, what it is, and its effects on the individual. The book can be ordered for $4.95 plus shipping (6/80) from *ACCENT SPECIAL PUBLICATIONS, P.O. BOX 700, BLOOMINGTON, IL 61701.*

SITES, PERCEPTION AND THE NONVISUAL EXPERIENCE: DESIGNING AND MANUFACTURING MOBILITY MAPS

The book provides a unique perspective on the difficulties of orienting severely visually impaired individuals to space and direction. It gives concrete information on how to develop physical spatial maps for blind persons. The book is available at a cost of $7.00 (10/80) from the *AMERICAN FOUNDATION FOR THE BLIND, 15 WEST 16TH STREET, NEW YORK, NY 10011.*

SPORTS 'N SPOKES

A magazine covering wheelchair competitive sports and recreation primarily for those with spinal cord injury, polio, amputation, spina bifida, and some congenital defects. Published bi-monthly for $5.00/year (10/81), subscriptions can be ordered from *EDITOR, 5201 N. 19TH AVE., SUITE 108, PHOENIX, AZ 85015.*

THE SOURCE BOOK FOR THE DISABLED

Editor Glorya Hale has put together an illustrated guide explaining and exploring attitutdes and options as well as illustrating the kinds of aids which provide a fuller, more independent and comfortable life for disabled persons. The areas covered include a discussion of wheelchair use, aids for living, communication alternatives/aids, involvement in home and community activities, personal and attendant care, sexuality, parenting and leisure/recreation activities. There are explanations of disabling conditions and several pages of resources included. Published in 1979 for $15.95 (10/79) the book can be ordered from *PADDINGTON PRESS, LTD., NEW YORK, NY*

SPINA BIFIDA ASSOCIATION OF AMERICA

The Association provides general information about spina bifida and conditions resulting therefrom, as well as information in such areas as formal education of handicapped individuals, recreation/physical education and prosthetics. The SBAA will answer inquiries by letter and make referrals to direct service providers, send brochures and other publications, and permit on-site use of library materials at chapters. Individual bibliographies, indexes, or abstracts are prepared to certain professional requests. SBAA publishes a newsletter The Pipeline, as well as other publications at nominal cost. Visual/audio materials have been developed and are available on a rental basis. An educational conference is held in the Spring which includes workshops for consumers and professionals. More general information is free of charge by contacting the Association at *343 SOUTH DEARBORN STREET, SUITE 319, CHICAGO, IL 60604.*

STEPS TO INDEPENDENCE FOR PEOPLE WITH LEARNING DISABILITIES

This booklet by Dale Brown is intended to help learning disabled adults become economically independent and reach their full potential. The contents include: definitions of different types of learning disabilities; ways to get professional diagnosis; ways to diagnose your own problems; ways that parents can help a learning disabled person find a home, manage money, cook and be self-sufficient; steps to take to find a job, make friends, use one's strengths to overcome one's handicap; and the advantages of having learning disabilities. The book is available without charge from *CLOSER LOOK PARENTS' CAMPAIGN FOR HANDICAPPED CHILDREN AND YOUTH, P.O. BOX 1492, WASHINGTON, D.C. 20013.*

THE SOURCE BOOK FOR THE DISABLED

Editor Glorya Hale has put together an illustrated guide explaining and exploring attitudes and options as well as illustrating the kinds of aids which provide a fuller, more independent and comfortable life for disabled persons. The areas covered include a discussion of wheelchair use, aids for living, communication alternatives/aids, involvement in home and community activities, personal and attendant care, sexuality, parenting and leisure/recreation activities. There are explanations of disabling conditions and several pages of resources included. Published in 1979 for $15.95 (10/79) the book can be ordered from *PADDINGTON PRESS LTD., NEW YORK, NY.*

TACTILE INSTRUCTIONAL AIDS PROGRAM

This program, supported by private monies and housed at California State University - Northridge, can produce tactile graphics for use in university level programs at minimal cost. The tactile graphics are complete with braille legends, footnotes and audio cassette descriptions which highlight the subject matter and the major lecture points. The graphic materials are produced with the aid of professional consultants ready to aid faculty in incorporating the use of such materials into their instructional programs. For more information, contact the program at *CALIFORNIA STATE UNIVERSITY-NORTHRIDGE, 18111 NORHOFF STREET, NORTHRIDGE, CA 91330, ATTN: SUSAN ENNIS, INSTRUCTIONAL MEDIA CENTER.*

TAPE RECORDING MANUAL (3rd EDITION)

Published by the National Braille Association, the Manual is designed to provide instruction and reference on how to make high-quality tape recordings for use by handicapped learners. An excellent reference to have available if you have volunteer readers making recordings for your students, this 68-page manual is available free upon request by writing to *VOLUNTEER TAPE RECORDING MANUAL, NATIONAL LIBRARY SERVICE FOR THE BLIND AN PHYSICALLY HANDICAPPED, LIBRARY OF CONGRESS, 1291 TAYLOR STREET, N.W., WASHINGTON, D.C. 20542.*

TELESENSORY SYSTEMS, INC.

Telesensory Systems, Inc., is focused exclusively on the development, manufacture and dissemination of advanced electronic devices designed to minimize the limitations resulting from disability. They are involved with communication, print access and computation for blind people, and with communication aids for people with vocal and motor impairments. Makers of the Optacon and talking claculators, Telesensory has many items of interest to service providers. For further information, contact the company at *3408 HILLVIEW AVENUE, P.O. BOX 10099, PALO ALTO, CA 94304, (415)493-2626.*

THE COLLEGE STUDENT WITH A DISABILITY: A FACULTY HANDBOOK

This handbook is a publication of the President's Committee on Employment of the Handicapped. Written by Lyn Smith, this 35-page handbook discusses the needs of students with differing disabilities and offers faculty tips on successfully dealing with disabled students. The handbook includes a glossary of terms concerning disability and a list of resources for post-secondary educators. While written for campus teachers, it contains a great deal of information of interest to counselors and secondary school teachers. Single copies of the handbook may be ordered without charge from the President's Committee (see seperate listing elsewhere in this bibliography).

TOOLS, EQUIPMENT AND MACHINERY ADAPTED FOR THE VOCATIONAL EDUCATION AND EMPLOYMENT OF HANDICAPPED PEOPLE

This new catalog contains descriptions and illustrations of 283 products modified for use in the vocational education and employment of handicapped people. Useful appendices, cross-references and an index are also contained in the 787 page publication. The catalog is published in a vinyl looseleaf binder. The catalog sells for $30.00 (10/81) from the *WISCONSIN VOCATIONAL STUDIES CENTER, UNIVERSITY OF WISCONSIN-MADISON PUBLICATION, 265 EDUCATIONAL SCIENCES BUILDING, MADISON, WI 53706, (618)263-4357.*

TRAVEL INFORMATION CENTER

This center provides information on travel to physically handicapped individuals. Information provided to inquirers includes hotels and motels having wheelchair accomodations, the names of cruise lines and airlines which make extra effort to accomodate disabled people, a listing of countries and cities having special arrangements for disabled visitors, and which historical sites, tourist attractions, public facilities, national monuments, etc., are accessible to handicapped individuals. All information is provided free of charge from the office at *12TH STREET AND TABOR ROAD, PHILADELPHIA, PA 19141.*

TRAVELABILITY: A GUIDE FOR PHYSICALLY DISABLED TRAVELERS IN THE UNITED STATES

This step-by-step guide to safe, carefree trip planning includes information on various modes of transportation, medical matters and tips on hotels and motels with barrier-free rooms. In special appendices there are surveys of special travel agencies and organizations serving disabled travelers in each of the 50 states as well as general travel information and sources of information for international travel. The book is available for $9.95 plus shipping (10/80) from *ACCENT SPECIAL PUBLICATIONS, BOX 700, BLOOMINGTON, IL 61701*

UNITED CEREBRAL PALSY ASSOCIATION

This national organization is devoted exclusively to the multiple problems of cerebral palsy. Working nationally and through local and state associations, UCP provides direct services, public education programs, advocacy, funding of research, and the training of professional and scientific manpower. The Association collects and disseminates general information about cerebral palsy and specific information about employment of people with cerebral palsy, housing, transportation, health, recreation and physical education, and professional education of persons dealing with people who have cerebral palsy. UCP can refer to local associations and answer requests by phone or mail. Publications, films, and public and professional educational materials are available for free, but fees are charged for other materials. The separate advocacy group known as the Coalition for Adults with Cerebral Palsy can be reached through UCP's national office at *66 EAST 34th STREET, NEW YORK, NY 10016, (212)682-7010.*

WHO CARES: A HANDBOOK ON SEX EDUCATION AND COUNSELING SERVICES FOR DISABLED PEOPLE

This comprehensive handbook contains the resources and findings of the George Washington University Sex and Disability Project. It includes specific sections for disabled consumers, counselors and educators, trainers and policy makers, as well as providing referral listings of people and places that have information on sexuality and disability. This clearly written and expertly compiled handbook is available for $10.00 (8/80) from the *RRRI-ALLB, 1828 L STREET, N.W., SUITE 704, WASHINGTON, D.C. 20036.*

(THE) WHOLE KIT AND CABOODLE

The Whole Kit and Caboodle, and its companion Teacher's Resource Kit are a system for orienting hearing teachers of deaf adults. Compiled by the Gallaudet College Center for Continuing Education, these free resources can provide valuable practical information and materials to be used in preparing faculty members to accommodate deaf students. For more information concerning these and other valuable resources, contact the *INFORMATION CENTER, GALLAUDET COLLEGE, KENDALL GREEN, WASHINGTON, D.C. 20002.*

WORKSHOPS ON COMMUNICATION NETWORKS (THAT PROMOTE OPPORTUNITIES IN POST-SECONDARY EDUCATION FOR THE HANDICAPPED

The proceedings of a conference held in Buffalo, NY, in April, 1979, this free booklet includes the comments of speakers, conference conclusions and recommendations and an annotated bibliography of information sources, as well as information about the conference organization. The proceedings are available in print and on tape from the *OFFICE OF SERVICES FOR THE HANDICAPPED, STATE UNIVERSITY OF NEW YORK-BUFFALO, 3435 MAIN STREET, BUFFALO, NY 14214.*

Bibliography

Career Development and Placement Services with the Disabled Student in Postsecondary Education

Compiled by Ronald E. Blosser
Coordinator of Specialized Student Services
Southern Illinois University at Carbondale

The following represents a selected bibliography of relevant references on the topic. The reader is encouraged to acquire a broader background on placement as practiced in rehabilitation, and in postsecondary education. General references such as those by Beatrice A. Wright are especially helpful.

Akabas, S. H., and Piccoli, J. G. Establishing affirmative action for the disabled: Issues and guidelines. New York: Columbia University School of Social Work, 1976.

Arthur, J. K. Employment for the handicapped: A guide for the disabled, their families and their counselors. Nashville, Tenn.: Abingdon Press, 1967.
