As you know, it is anticipated that with the advent of the new Administration there will be substantial changes in staffing at the NSC. Although it is not clear how quickly these changes will be implemented, Mel Levitsky has suggested that I remind FSO's that the Department's assignment cycle began November 1 and that they should be in the process of identifying future assignments. You have all served the NSC with distinction and can point to a record of solid achievement which should recommend you highly. I am certain that you will all find challenging new positions.

With this in mind, I plan to send Mel a list of Foreign Service Officers presently assigned to the NSC. If I can be of any assistance in your job search, please do not hesitate to ask. I have greatly enjoyed working with each of you and look forward to continuing our association in the future.

MEMORANDUM FOR:

Paul S. Stevens (STEVENS)
CATHY MILLISON (MILLISON)

FROM: Florence E. Gantt
(GANTT)

SUBJECT: REQUEST FROM BRENT SCOWCROFT

General Scowcroft was thankful for the material that was provided him concerning staff breakdown. He has now asked if he could have a breakdown of the length of service with the NSC (both detailees and Permanent) of the "professional staff." He said it was not necessary to include the clerical/support staff in this breakdown. He mentioned that Dennis Ross may have already requested this and not want to duplicate the effort. I checked with Carole Paquette and she not been tasked by Dennis Ross or anyone. I told Carol I would pass this on to you to handle.

MEMORANDUM FOR BRENT SCOWCROFT

FROM: PAUL SCHOTT STEVENS *PS*

SUBJECT: NSC Consultants

Attached is information on NSC consultants, as you requested. You will note that these relationships have been pared back substantially, in part as a result of the Senate's interest in this subject during our 1987 budget hearings (prompted by the North/Ledeen collaboration).

CA

NSC CONSULTANTS

Prepared: 12/8/88
NSC Administrative Office

THE USE OF CONSULTANTS

The NSC has traditionally used consultants intermittently, on an as-needed basis. Compensation is made only for those days actually worked, and at a rate based on their qualifications in relation to our particular need at the time. Those few former NSC staff members who were engaged as consultants on a transitional basis (i.e., Reger, Ross, Dix and Tillman) were to be compensated on a scale equivalent to their former salaries; their services have not been required to date, and these relationships are scheduled to expire in the near future.

The following totals were provided by our payroll office for actual amounts paid to NSC consultants:

NSC Consultant Compensation

FY85	\$56,334.10
FY86	\$41,873.38
FY87	\$69,284.80
FY88	\$34,774.84
FY89	\$ 4,796.88 (through 11/30/88)

The NSC FY89 Appropriations Act established an FY89 ceiling on the use of paid consultants which is 85% of the amount expended in FY87.

Establishment of Consulting Relationships

As a policy matter, the NSC determined in 1987 that it would establish consulting relationships with private individuals or organizations only where there is a clear and compelling need for such services, and where the proposed consultant's professional background and qualifications indicate an unusual expertise not otherwise available to the NSC. Staff were directed to submit proposals in memorandum form to the Executive Secretary, including a detailed statement of financial arrangements and work to be performed, the length of time required, NSC staff points of contact, and specific arrangements to ensure appropriate accountability and control.

MEMORANDUM FOR NSC SPECIAL ASSISTANTS TO THE PRESIDENT FOR
NATIONAL SECURITY AFFAIRS

FROM: PAUL SCHOTT STEVENS *PS*

SUBJECT: Resignation of Presidential Appointees

As you know, the President has directed that all presidential appointees submit their resignation by December 1. These letters will be kept on file; President-elect Bush has asked that presidential appointees stay on until their successors can effect an orderly transition. You also will have the opportunity to make known your desire, if any, for further service in his administration. In the near future, you will be hearing from the White House Office of Presidential Personnel to ascertain your interests in this connection.

These letters will be the only letters of resignation you submit. All should contain the following sentence:

"I hereby tender my resignation as Special Assistant to the President for National Security Affairs and [NSC title, e.g., Senior Director for _____] effective at the pleasure of the President."

This formulation means that either President Reagan or President Bush may accept the resignation; it preserves for foreign service and military officers their career commissions.

The rest of the letter is up to you. As it is the only letter of resignation you will submit and as the President will respond, you may wish to use the body of the letter as an opportunity to frame the President's response. Thus, you may wish to indicate those areas on which you worked and your accomplishments, which the President's response can be expected to note.

The salutation is "Dear Mr. President:" and the address is:

The President
The White House
Washington, D.C.

Your letter of resignation should be given to the Director of Administration, Carol Paquette, no later than November 28, 1988.

MEMORANDUM FOR PAUL SCHOTT STEVENS

FROM: NICHOLAS ROSTOW *NR*.

SUBJECT: Resignation of Presidential Appointees

Attached at Tab I for your signature to all NSC staff Special Assistants to the President is a memorandum on the letters of resignation the President has requested by December 1. I have discussed the form and substance of the letters with A. B. Culvahouse and, at his suggestion, with the Executive Clerk. The issue on which I sought the Executive Clerk's advice was how to frame resignations so that career military or foreign service officers not be understood to be resigning their military or foreign service commissions at the same time they resign their presidential commissions.

CP
Carol Paquette concurs.

Paul:

Terry Mattke called with the following further information. Mr. Mattke has talked further with Craig Fuller and Mr. Fuller would now prefer that State pass the word that the Vice President will not be available to accept calls on the 8th and 9th and would prefer that messages be sent to him. If the foreign dignitary still wishes to place a call the Vice President will be available on November 10 and 11 to accept the calls.

Cathy

Colin/John:

Further developments. Earlier memo is now OBE. I can pass Fuller's wishes along to State orally, and the 11/10 + 11/11 timeframe can be handled routinely. ✓

As the State Department is best equipped to notify embassies, screen and handle foreign callers, we request you establish a Command Post to receive and forward calls to the President-elect.

Concept of Operations.

American Embassies will be provided State Department Command Post telephone/telex number and authorized to release that number as judged appropriate.

Foreign calls received at the Command Post will be logged, messages taken, and calls forwarded to the President-elect as coordinated by President-elect staff.

Coordination with White House Communications Agency (WHCA) and White House Signal will be with Joe Hennigan, telephone (202) 395-2000.

Coordination for the Vice President will be accomplished by the Military Assistant, Colonel Terry Mattke, and/or Personal Aide Tim McBride. Both individuals will be on scene in Houston. Times that the Vice President will be available will be provided to the Command Post. Calls should be forwarded by the Command Post to local Houston number (713) 682-4725, a "rotary" with four lines.
