SUBJ: STINGER-TYPE MISSILES BEING PRODUCED INDIGENOUSLY

SOURCE: KARACHI DAWN IN ENGLISH 21 NOV 89 P 1

TEXT:

((TEXT)) LAHORE, NOV 20 -- PAKISTAN IS MANUFACTURING A HIGHLY SOPHISTICATED SHOULDER-FIRED MISSILE WHICH WILL BE BETTER THAN THE STINGER MISSILE IN PERFORMANCE BUT ITS COST WILL BE ONLY ONE-FOURTH OF ITS RATE IN THE INTERNATIONAL MARKET, IT WAS LEARNT THROUGH OFFICIAL SOURCES.

THIS MISSILE WILL BE READY BY THE MIDDLE OF NEXT YEAR AFTER WHICH IT WILL BE PROVIDED TO THE ARMED FORCES, THE SOURCES SAID.

PAKISTAN IS ALSO TRYING TO MAKE ANTI-TANK MISSILES TO BOLSTER THE DEFENCE CAPABILITY OF THE ARMED FORCES. A GOOD DEAL OF WORK HAS ALREADY BEEN DONE ON THESE MISSILES AND THEIR REGULAR SUPPLY TO THE ARMED FORCES WILL BEGIN WITHIN A YEAR.

THE SOURCES SAID THAT MANUFACTURE OF VARIOUS DEFENCE EQUIPMENT LOCALLY WAS A PART OF THE GOVERNMENT POLICY TO ACHIEVE SELF-SUFFICIENCY IN THE FIELD OF DEFENCE AND MINIMISE DEPENDENCE

ON IMPORTS. EFFORTS ARE BEING MADE TO IMPORT ONLY THOSE ITEMS WHICH ARE NOT POSSIBLE TO PRODUCE AT HOME.

PAKISTAN, IT MAY BE POINTED OUT, HAS ALREADY ACHIEVED SELF-SUFFICIENCY IN SMALL ARMS AND, IN FACT, IS EXPORTING THEM TO OTHER COUNTRIES. THE FOREIGN EXCHANGE EARNED FROM THE EXPORT OF SUCH ARMS IS USED TO IMPORT SOPHISTICATED ARMS REQUIRED FOR NATIONAL DEFENCE.

ACCORDING TO THE SOURCES, THE TIME IS NOT FAR OFF WHEN PAKISTAN WILL HAVE ITS OWN MULTI-BARREL ROCKET LAUNCHERS, AN EQUIPMENT WHICH IS BADLY NEEDED BY THE DEFENCE FORCES. THE AUTHORITIES HAVE BEEN TRYING TO IMPORT IT FROM VARIOUS COUNTRIES BUT THE RESPONSE HAS NOT BEEN VERY ENCOURAGING. ULTIMATELY, PAKISTAN DECIDED TO MAKE ITS OWN EFFORTS TO SOLVE THE PROBLEM FOR GOOD.

SOME SCIENTIFIC RESEARCH INSTITUTIONS HAVE ALSO MADE CONSIDERABLE CONTRIBUTION IN STRENGTHENING THE COUNTRY'S DEFENCE CAPABILITY. ONE SUCH INSTITUTION HAS DEVELOPED THE CAPABILITY TO RECONDITION MISSILES WHILE ANOTHER HAS SUCCEEDED IN DEVELOPING LOCAL LASER RANGE FINDERS. THE LOCAL FINDERS HAVE A RANGE OF 1,000 METRES WHICH CAN BE INCREASED BY REPLACING THE TRANSMITTERS.

ANOTHER ORGANISATION IS DEVELOPING AND ANTI-TANK MUNITION WHICH WILL BE AS EFFECTIVE AS A RADIOACTIVE WARHEAD.

THE SOURCES HOPED THAT WITH ALL THESE ACHIEVEMENTS, PAKISTAN'S DEPENDENCE ON IMPORTED ARMS WILL BE REDUCED CONSIDERABLY.

SUBJ: MILITARY TO GET NEW SURFACE-TO-AIR GUIDED MISSILE

SOURCE: LAHORE JANG IN URDU 16 MAR 90 P 1

TEXT:

((TEXT)) ISLAMABAD, (SPECIAL REPORTER) -- INFORMED SOURCES SAY THAT PAKISTAN IS PRODUCING THE LATEST ANZA-2 GUIDED MISSILE. THE SURFACE-TO-AIR MISSILE -- PRODUCED AT THE DR. A.Q. KHAN LABORATORIES (KAHUTA ATOMIC CENTER) -- IS BETTER THAN THE U.S. STINGER MISSILE ON SEVERAL COUNTS. LIKE THE STINGER, THE ANZA-2 IS A SHOULDER-FIRED MISSILE. THE FIRST CONSIGNMENT OF THE MISSILE WILL BE SUPPLIED TO THE PAKISTANI ARMED FORCES BY THE END OF THE CURRENT YEAR. THE ANZA-2'S PERFORMANCE DATA WILL SOON BE GIVEN TO IMPORTANT NATIONAL FIGURES.

THE MISSILE IS BEING PRODUCED AT LESS THAN HALF THE COST OF A STINGER. WHEREAS A STINGER COSTS NEARLY \$100,000 (2.2 MILLION RUPEES) ON THE INTERNATIONAL MARKET, THE ANZA-2 GUIDED MISSILE IS BEING PRODUCED BY DR. A.Q. KHAN AND HIS ASSOCIATES AT A COST OF NEARLY \$35,000. THE NEW ANZA-2 MISSILE IS CAPABLE OF SHOOTING DOWN

UNCLASSIFIED -

ENEMY AIRCRAFT AT A HEIGHT OF 6 KM (6,000 METERS) AND HAS A TARGET HIT RATIO OF 95 PERCENT. THE ANZA-1 HAS A SPEED OF 250 METERS PER SECOND, WHILE THE ANZA-2 HAS A SPEED OF 300 METERS PER SECOND. THE ANZA-2 WILL ALSO HAVE THE CAPABILITY OF SHOOTING DOWN ENEMY PLANES AT NIGHT.

SUBJ: PAKISTAN DEVELOPS GROUND-TO-AIR MISSILE

SOURCE: BEIJING XINHUA IN ENGLISH 0723 GMT 5 APR 90

TEXT:

((TEXT)) ISLAMABAD, APRIL 5 (XINHUA) -- PAKISTAN HAS DEVELOPED A NEW PORTABLE GROUND-TO-AIR MISSILE NAMED "ANZA-2." ACCORDING TO LOCAL PRESS REPORTS TODAY.

THE REPORTS SAID THAT THE MISSILE IS EXPECTED TO BE OPERATIONAL AT THE END OF 1990.

ANZA-2, EQUIPPED WITH AN INFRARED GUIDING SYSTEM, HAS A RANGE OF SIX KILOMETERS AND IS RELIABLE UP TO 95 PERCENT, THE REPORTS SAID.

THE REPORTS SAID THAT THE MISSILE COSTS ONLY 35,000 U.S. DOLLARS EACH WHILE ITS AMERICAN EQUIVALENT, THE STINGER, IS WORTH ALMOST TRIPLE THAT AMOUNT AT 100,000 U.S. DOLLARS.

§ 2753. Eligibility for defense services or defense articles

(a) Prerequisites for consent by President; report to Congress

No defense article or defense service shall be sold or leased by the United States Government under this chapter to any country or international organization, and no agreement shall be entered into for a cooperative project (as defined in section 2767 of this title), unless—

(1) the President finds that the furnishing of defense articles and defense services to such country or international organiza- tion will strengthen the security of the United States and pro- mote world peace;

(2) the country or international organization shall have agreed not to transfer title to, or possession of, any defense article or related training or other defense service so furnished to it, or produced in a cooperative project (as defined in section 2767 of this title), to anyone not an officer, employee, or agent of that country or international organization (or the North Atlantic Treaty Organization or the specified member countries (other than the United States) in the case of a cooperative project) and not to use or permit the use of such article or related training or other defense service for purposes other than those for which furnished unless the consent of the Presi- dent has first been obtained;

(3) the country or international organization shall have agreed that it will maintain the security of such article or service and will provide substantially the same degree of securi- ty protection afforded to such article or service by the United States Government; and

(4) the country or international organization is otherwise eligible to purchase or lease defense articles or defense services.

In considering a request for approval of any transfer of any weap- on, weapons system, munitions, aircraft, military boat, military vessel, or other implement of war to another country, the President shall not give his consent under paragraph (2) to the transfer unless the United States itself would transfer the defense article under consideration to that country. In addition, the President shall not give his consent under paragraph (2) to the transfer of any signifi- cant defense articles on the United States Munitions List unless the foreign country requesting consent to transfer agrees to demilitarize such defense articles prior to transfer, or the proposed recipient foreign country provides a commitment in writing to the United States Government that it will not transfer such defense articles, if

not demilitarized, to any other foreign country or person without first obtaining the consent of the President. The President shall promptly submit a report to the Speaker of the House of Representatives and to the Committee on Foreign Relations of the Senate on the implementation of each agreement entered into pursuant to clause (2) of this subsection.

(b) Repealed. Pub. L. 95-92, § 15, Aug. 4, 1977, 91 Stat. 622

(c) Termination of credits, guaranties or sales; report of violation by President; national security exception; conditions for reinstatement

(1)(A) No credits (including participations in credits) may be issued and no guaranties may be extended for any foreign country under this chapter as hereinafter provided, if such country uses defense articles or defense services furnished under this chapter, or any predecessor Act, in substantial violation (either in terms of quantities or in terms of the gravity of the consequences regardless of the quantities involved) of any agreement entered into pursuant to any such Act (i) by using such articles or services for a purpose not authorized under section 2754 of this title or, if such agreement provides that such articles or services may only be used for purposes more limited than those authorized under section 2754 of this title for a purpose not authorized under such agreement; (ii) by transferring such articles or services to, or permitting any use of such articles or services by, anyone not an officer, employee, or agent of the recipient country without the consent of the President; or (iii) by failing to maintain the security of such articles or services.

(B) No cash sales or deliveries pursuant to previous sales may be made with respect to any foreign country under this chapter as hereinafter provided, if such country uses defense articles or defense services furnished under this chapter, or any predecessor Act, in substantial violation (either in terms of quantity or in terms of the gravity of the consequences regardless of the quantities involved) of any agreement entered into pursuant to any such Act by using such articles or services for a purpose not authorized under section 2754 of this title or, if such agreement provides that such articles or services may only be used for purposes more limited than those authorized under section 2754 of this title, for a purpose not authorized under such agreement.

(2) The President shall report to the Congress promptly upon the receipt of information that a violation described in paragraph (1) of this subsection may have occurred.

(3)(A) A country shall be deemed to be ineligible under subparagraph (A) of paragraph (1) of this subsection, or both subpara-

graphs (A) described in and so reported determines

(B) Notwithstanding a determination by the President of ineligibility under subparagraph (B) of paragraph (1) of this subsection, cash sales and deliveries pursuant to previous sales may be made if the President certifies in writing to the Congress that a termination thereof would have significant adverse impact on United States security, unless the Congress adopts or has adopted a joint resolution pursuant to subparagraph (A) of this paragraph with respect to such ineligibility.

(4) A country shall remain ineligible in accordance with paragraph (1) of this subsection until such time as—

(A) the President determines that the violation has ceased; and

(B) the country concerned has given assurances satisfactory to the President that such violation will not recur.

(d) Submission of written certification to Congress; contents; classified material; effective date of consent; report to Congress; transfers not subject to procedures

(1) The President may not give his consent under paragraph (2) of subsection (a) of this section or under the third sentence of such subsection, or under section 2314(a)(1) or 2314(a)(4) of this title, to a transfer of any major defense equipment valued (in terms of its original acquisition cost) at \$14,000,000 or more, or any defense article or related training or other defense service valued (in terms of its original acquisition cost) at \$50,000,000 or more, unless the President submits to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate a written certification with respect to such proposed transfer containing—

(A) the name of the country or international organization proposing to make such transfer,

(B) a description of the article or service proposed to be transferred, including its acquisition cost,

(C) the name of the proposed recipient of such article or service,

(D) the reasons for such proposed transfer, and

(E) the date on which such transfer is proposed to be made.

Any certification submitted to Congress pursuant to this paragraph shall be unclassified, except that information regarding the dollar value and number of articles or services proposed to be transferred

may be classified if public disclosure thereof would be clearly detrimental to the security of the United States.

(2)(A) Except as provided in subparagraph (B), unless the President states in the certification submitted pursuant to paragraph (1) of this subsection that an emergency exists which requires that consent to the proposed transfer become effective immediately in the national security interests of the United States, such consent shall not become effective until 30 calendar days after the date of such submission and such consent shall become effective then only if the Congress does not enact, within such 30-day period, a joint resolution, as provided for in sections 2776(b)(2) and 2776(b)(3) of this title prohibiting the proposed transfer.

(B) In the case of a proposed transfer to the North Atlantic Treaty Organization, or any member country of such Organization, Japan, Australia, or New Zealand, unless the President states in the certification submitted pursuant to paragraph (1) of this subsection that an emergency exists which requires that consent to the proposed transfer become effective immediately in the national security interests of the United States, such consent shall not become effective until fifteen calendar days after the date of such submission and such consent shall become effective then only if the Congress does not enact, within such fifteen-day period, a law prohibiting the proposed transfer.

(3) The President may not give his consent to the transfer of any major defense equipment valued (in terms of its original acquisition cost) at \$14,000,000 or more, or of any defense article or defense service valued (in terms of its original acquisition cost) at \$50,000,000 or more, the export of which has been licensed or approved under section 2778 of this title, unless at least 30 calendar days before giving such consent the President submits to the Speaker of the House of Representatives and the Chairman of the Committee on Foreign Relations of the Senate a report containing the information specified in subparagraphs (A) through (E) of paragraph (1). Such consent shall become effective then only if the Congress does not enact, within a 30-day period, a joint resolution, as provided for in sections 2776(c)(2) and 2776(c)(3) of this title prohibiting the proposed transfer.

(4) This subsection shall not apply—

(A) to transfers of maintenance, repair, or overhaul defense services, or of the repair parts or other defense articles used in furnishing such services, if the transfer will not result in any increase, relative to the original specifications, in the military capability of the defense articles and services to be maintained, repaired, or overhauled;

Unconstitutionality of Legislative Veto Provisions

The provisions of former section 1254(c)(2) of Title 8, Aliens and Nationality, which authorized a House of Congress, by resolution, to invalidate an action of the Executive Branch, were declared unconstitutional in Immigration and Naturalization Service v. Chadha, 1983, 103 S.Ct. 2764, 462 U.S. 919, 77 L.Ed.2d 317. See similar provisions in subsec. (d)(2) of this section.

4. Lease procedures are found in Chapter 12 of this manual. Leases entered into under the authority of specific legislation (per 10 USC 7307) will be coordinated and staffed on a case-by-case basis. Director, DSAA, will coordinate all ship lease requests and advise NAVOTTSA of approval or disapproval. If approved, NAVOTTSA may offer the ship to the requesting country concerned, when statutory notification or legislative authorization requirements have been met.

20303 SECURITY NOTES RELATED TO MAN-PORTABLE AIR DEFENSE SYSTEMS SALES.

A. The following notes should apply to sales to NATO, NATO Nations, Japan, Australia, and New Zealand:

"Purchaser agrees to adhere to the following additional security requirements associated with MANPADS. Modification of specified requirements to meet indigenous conditions may be approved by the Office of the Deputy Chief of Staff for Operations and Plans (DAMO-ODL-S), U.S. Army.

1. **Physical Security:** The (insert appropriate missile) will be stored in magazines that are at least equivalent in strength to U.S. Army requirements as specified in subparagraph (a) below. The purchaser also agrees to comply with U.S. Army specified requirements for lighting, doors, locks, keys, fencing, and surveillance and guard systems. Specific requirements will be agreed upon and installed prior to delivery of the missile system. U.S. Army representatives will be allowed to verify security measures and procedures established for implementation of these requirements.

a. **Magazines:** Reinforced concrete, arch type, earth covered whose construction is at least equivalent in strength to the requirements of Chapter 5, Department of Defense Manual 6055.9 - STD, *Ammunition and Explosive Safety Standards*, July 1984, will be used for storage (standards of which will be provided to the purchaser).

b. **Lighting:** Lighting will be provided for exterior doors and along perimeter barriers. Security lighting requirements will conform to the ammunition and safety requirements of Appendix C, U.S. Army Technical Manual 9-1300-206 (standards of which will be provided to the purchaser).

c. **Doors, Locks, and Keys:** Exterior doors will be class five steel vault doors secured by two key-operated high security padlocks and a high security shrouded hasp. Keys will be secured separately to ensure effective two-man control of access (i.e., two authorized persons must be present to enter). Use of a master or multiple key system is prohibited.

d. **Fencing:** Fencing will be six foot (minimum) steel chain link with a one foot overhang mounted on steel or reinforced concrete posts over firm base. Clear zones will be established 30 feet inside and 12 feet outside the perimeter fence (provided there is adequate space).

e. **Surveillance and Guard:** A full-time guard force or combination guard force and intrusion detection system (IDS) will be provided. When the IDS is not operational, 24 hour guard surveillance is required.

f. **Access to Storage Facilities:** Two authorized persons will be required to be present during any activity which affords access to storage facilities containing MANPADS. Lock and key procedures will be developed to ensure that no

4

616

single individual can obtain unescorted or unobserved access to MANPADS storage facilities.

2. Accountability:

a. A 100 percent physical inventory of weapons and gripstocks, when applicable, will be taken monthly by the purchaser. A 100 percent physical inventory by serial number shall be taken quarterly of weapons issued at the operational unit level. A 100 percent physical inventory by serial number shall be taken semiannually of weapons stored or retained at installation, depot, post, or base level. All inventories must be conducted by two authorized persons to ensure verification. Weapons expended during peacetime will be accounted for by serial number.

b. The (insert appropriate foreign country Security Assistance Organization) will be permitted to conduct a U.S. inspection and inventory by serial number annually. Inventory and accountability records maintained by the purchaser will be made available for review.

3. Transportation: Movements of MANPADS will meet U.S. standards for safeguarding classified materiel in transit as specified by the U.S. Government in DOD 5100.76-M, *Physical Security of Sensitive Conventional Arms, Munitions, and Explosives* (standards of which will be provided to the purchaser), and paragraph 8 below.

4. Access to Hardware and Classified Information:

a. Access to hardware and related classified information will be limited to military and civilian personnel of the purchasing government (except for authorized U.S. personnel as specified herein) who have the proper security clearance and who have an established need to know the information in order to perform their duties. Information released will be limited to that necessary to perform assigned functions/operational responsibility and, where possible, will be oral/visual only.

b. Maintenance which requires access to the interior of the operational system, beyond that required of the operator, will be performed under U.S. control.

5. Compromise, Loss, Theft, and Unauthorized Use: The purchaser will report to the U.S. Army by the most expeditious means any instances of compromise, unauthorized use, loss or theft of any MANPADS materiel or related information. This will be followed by prompt investigation and the results of the investigation will be provided to the U.S. Army.

6. Third-Party Access: The recipient will agree that no information on (insert appropriate missile) will be released to a third-country government, person or other third-country entity without U.S. approval.

7. Damaged/Expended Materiels: Damaged systems, launchers, and/or gripstocks will be returned to the U.S. Army for repair or demilitarization.

8. Conditions of Shipment and Storage for STINGER and STINGER Variants: The two principal components of the (insert appropriate missile) system, the gripstock, and the missile in its disposable launch tube, will be stored in separate locations and will be shipped in separate containers. The two storage locations will be

5

616

physically separated sufficiently so that a penetration of the security at one site will not place the second at risk.

9. Conditions of Use: Assembly of the system will not be permitted for field exercises or deployments wherein the use of the (insert appropriate missile) system is simulated. In such cases, inert training devices may be used. The recipient will use information on the (insert appropriate missile) only for the purpose for which it was given."

B. All sales of MANPADS to nations other than those identified in Paragraph A will include all of the Paragraph A notes, but paragraph 9, "Conditions of Use," will be replaced with the revision below:

"9. Conditions of Use:

a. The two principle components of the (insert appropriate missile) system, the gripstock and missile launch tube, may be brought together and assembled under the following circumstances: (Note: When the system is REDEYE, delete the previous text and insert at a. the following: REDEYE may be deployed:)

- (1) In the event of hostilities or imminent hostilities.
- (2) For firing as part of regularly scheduled training; however, only those rounds intended to be fired will be withdrawn from storage and assembled.
- (3) For lot testing; however, only rounds to be tested will be withdrawn from storage and assembled.
- (4) When systems are deployed as part of the point defenses of high priority installations or activities (e.g., key government buildings, military headquarters, essential utilities, air defense facilities).

b. The purchaser will advise the U.S. Security Assistance Organization in advance of any assembly of the various missile and gripstock for the STINGER and its variants for training or lot testing.

c. The U.S. Government will be notified of deployments through the Security Assistance Organization."

C. Section 506(a) Transfers. The Department of State will ensure that transfers of MANPADS under Section 506(a) include the security requirements as previously mentioned in this paragraph.

D. The following procedures apply after an LOA for the purchase of a MANPADS has been accepted by a foreign government and if MANPADS are provided under the authority of Section 506(a).

1. The U.S. Army will provide a copy of the LOA to the in-country SAO.
2. U.S. Army personnel will inspect the physical security arrangements prior to the delivery of the first shipment of MANPADS to ensure that security meets U.S. requirements.
3. The U.S. Army will notify the SAO when delivery of the missiles has begun; serial numbers will be provided to the SAO for missiles received by the foreign government.

2. 5112

0 04 0

5 1 1 5

0 1 2 0 0

203-6

6

616

4. The STINGER system and all its variants shall be accounted for by verifying receipt of the gripstock and missile.

5. The SAO will arrange with the purchasing government to verify by serial number receipt in country of the missiles. The first annual physical inventory should occur after the U.S. Army notifies the applicable SAO of final delivery of missiles under the LOA. Yearly requirements for U.S. inspection and inventory will begin from that date.

6. Except for those that are deployed to hostile areas, the SAO must physically inspect and inventory all MANPADS by serial number. This requirement cannot be satisfied by the foreign government, or through a review of host nation records of inspection, missile accountability, security, or storage records.

7. The SAO must, at least once a year, randomly review the recipient government's records of monthly, two-man verifications.

8. A report of the SAO findings shall be sent to DSAA-OPS and U.S. Army (USASAC), with an information copy to the applicable Unified Command.

20304 SUSPENSIONS AND CANCELLATIONS OF SECURITY ASSISTANCE.

A. If the Department of State determines that it is necessary to suspend FMS or GA to a particular country, the Director, DSAA, will issue instructions to the appropriate MILDEP. The following procedures normally will be employed:

1. All deliveries of defense articles to the embargoed country will be stopped immediately. No release of new LOAs will be made. No material will be released to the country's freight forwarder or to the country. There should be no new contracting actions for an embargoed country; on-going contracting actions should be suspended.

2. If FMS or GA funded procurements have been started, but contracts have not been awarded, the appropriate MILDEP should inform the DSAA of the details and ask for guidance.

3. Normally, contracts that have been awarded should continue. However, the DSAA should be informed when deliveries are ready to be made so that the possible diversion of the material to another country, or to a DOD component, or to storage can be decided. The Director, DSAA, will issue appropriate instructions once the decision is made.

4. Shipments of defense articles, where the materiel is under USG control, will not be loaded at the ports of embarkation. Materiel already enroute to the country will not be delivered; it will be retained under USG control. Defense articles that fit these categories should be stored by the appropriate DOD component using the most economical storage until further DSAA instructions arrive.

5. Materiel ready for shipment from a contractor should be shipped to an appropriate DOD facility for segregated storage until DSAA disposition instructions arrive. Arrangements for storage at the contractor's facility may be made if that is the most economical storage.

6. Requisitions submitted against either a CLSSA or a blanket order FMS case will be held by the receiver. Requisitions from an embargoed country will not be filled.

7. With regard to training funded through an FMS case or under IMET, students in training before the suspension date notification may complete their course. Sequential training
