NATIONAL SECURITY DIRECTIVE 18

MEMORANDUM FOR THE VICE PRESIDENT
THE SECRETARY OF STATE
THE SECRETARY OF TREASURY
THE SECRETARY OF DEFENSE
THE ATTORNEY GENERAL
THE SECRETARY OF TRANSPORTATION
DIRECTOR OF THE OFFICE OF MANAGEMENT AND BUDGET
CHIEF OF STAFF TO THE PRESIDENT
DIRECTOR OF NATIONAL DRUG CONTROL POLICY
ASSISTANT TO THE PRESIDENT FOR NATIONAL
SECURITY AFFAIRS
DIRECTOR OF CENTRAL INTELLIGENCE
CHAIRMAN OF THE JOINT CHIEFS OF STAFF
ADMINISTRATOR OF THE AGENCY FOR INTERNATIONAL
DEVELOPMENT
ADMINISTRATOR OF DRUG ENFORCEMENT
COMMISSIONER OF THE UNITED STATES CUSTOMS SERVICE
COMMANDANT OF THE UNITED STATES COAST GUARD

SUBJECT: International Counternarcotics Strategy (e)

One of the principal foreign policy objectives of this Administration is to reduce, and if possible eliminate, the flow of illegal narcotic substances to the United States. The impact of illegal narcotics use on our society has been and continues to be devastating. Moreover, the violence and corruption of the drug traffickers and their alliance with insurgent groups has had a destabilizing effect on friendly governments. It is thus imperative for our own well-being and the development of democratic and economically stable governments around the world that this problem be dealt with aggressively. To that end, I approve the "United States International Drug Control Policy and Strategies" paper prepared by the Office of National Drug Control Policy for inclusion in the report to Congress in September. (U)

After thorough review, I have decided that the first priority of our international drug control strategy will be to enhance greatly our counternarcotics programs in the Andean region. Colombia, as the home of the major trafficking organizations and the principal production facilities for U.S. destined cocaine,

will be the primary focus of our effort. To ensure that our Colombia effort is not thwarted by the shifting of trafficking organizations and infrastructure to locations in Bolivia and Peru, we will mount simultaneous expanded efforts in those two countries. These programs will involve expanded assistance to indigenous police, military, and intelligence officials in all three countries, for the purpose of assisting them to regain control of their countries from an insidious combination of insurgents and drug traffickers and to suppress the flow of narcotics to the United States. In particular, we should pursue the major Andean drug cartels wherever and however they choose to operate with all means available to our government consistent with applicable law. (S)

Should these anti-trafficking programs be successful, there will be a major economic impact resulting from suppression of the drug trade. Under those circumstances, I would be prepared to consider expanded economic assistance to Peru and Bolivia, conditioned on continued counternarcotics performance and sound economic policy. (U)

This effort will require the support of the Andean governments affected, as well as the support of our major allies. To that end, I wish plans to proceed for a summit meeting with the South American countries involved. In addition, I anticipate a request to our economic partners to join with us in the provision of economic assistance to these countries should they prove capable of suppressing the drug trade. (S)

It should be recognized that this will be a long and difficult struggle, working with governments already weakened by the impact of drug traffickers, insurgencies and economic instability. Success will require the enthusiastic support of all agencies, rising above jurisdictional conflicts to pursue our national objective. I will continue to look to the Director of National Drug Control Policy, supported by the Assistant to the President for National Security Affairs, to ensure effective coordination among all agencies involved in the international counternarcotics effort. Even with these greatly expanded resources, this Andean strategy will succeed only if the programs are effectively coordinated and managed. (U)

I, therefore, direct the following actions under the coordination of the Deputies Committee of the National Security Council:

- The Director, Office of Management and Budget, together with the effected agencies, shall prepare amendments to the FY 90 budget to support the first year of a five-year \$2 billion budget to support the Andean regional countercocaine strategy pursuant to the attached budget chart at Tab I. The program shall include as a baseline the full amount of our existing FY 90, \$119 million Andean counternarcotics budget

request, subject to final Congressional appropriation. The existing FY 90 program shall be augmented by an additional \$142.1 million, divided among military assistance, law enforcement, and intelligence programs. The \$142.1 million FY 90 augmentation, except for those funds made available to the Drug Enforcement Administration, shall be drawn from the Department of Defense (including funds available to the intelligence community). There will be no economic assistance component in FY 90 augmentation. The expanded FY 91-94 budgets shall also build on the FY 90, \$119 million baseline program and shall include economic assistance funds for Peru and Bolivia, contingent upon NSC evaluation that the counternarcotics programs funded in FY 90 were successful and economic assistance would be consistent with sound economic policy in these countries. The Director of OMB will work with the effected agencies to ensure that the expanded outyear programs, described in the budget chart at Tab I, are accommodated in effected agency budgets. (Ø)

- The Secretary of State, in conjunction with the Secretary of Defense and the Attorney General, shall prepare detailed military assistance and law enforcement programs in support of this strategy drawing on the above budget guidance and the attached program description at Tab II. (Ø)
- The Director of Central Intelligence, coordinating with the counternarcotics intelligence community, shall similarly develop detailed intelligence programs drawing on the above budget guidance and the attached program description. (Ø)
- The Secretary of Defense, in conjunction with the Secretary of State, shall revise Department of Defense (DOD) policy directives and procedures to expand DOD support of U.S. counternarcotics efforts and to permit DOD personnel to conduct training for host government personnel and operational support activities anywhere in the Andean region. DOD personnel will not accompany host government forces on actual field operations. (Ø)
- The above assigned actions shall be completed by September 1, 1989, and provided to the Office of National Drug Control Policy for final consolidation and presentation to the Deputies Committee. (Ø)
- In parallel, the Director of National Drug Control Policy, the Secretary of State, and the Assistant to the President for National Security Affairs shall begin consultation with the Congress to develop bipartisan support for this initiative. If necessary, the Secretary of State, in conjunction with the Director of National Drug Control Policy and the Director, Office of Management and Budget, shall prepare legislation to support this initiative and to remove statutory barriers to program effectiveness. -- Following initial Congressional consultation, the Secretary of State shall approach the governments of Colombia, Bolivia and Peru with our assistance strategy and a proposal to hold an early Andean Drug Summit. The Secretary of State shall also seek economic assistance for counternarcotics in the Andes from our allies, using the Counternarcotics Experts Group established at the Paris Summit, if feasible. ADMINISTRATOR OF THE AGENCY FOR INTERNATIONAL
DEVELOPMENT
ADMINISTRATOR OF DRUG ENFORCEMENT
COMMISSIONER OF THE UNITED STATES CUSTOMS SERVICE
COMMANDANT OF THE UNITED STATES COAST GUARD

SUBJECT: International Counternarcotics Strategy (U)

One of the principal foreign policy objectives of this Administration is to reduce, and if possible eliminate, the flow of illegal narcotic substances to the United States. The impact of illegal narcotics use on our society has been and continues to be devastating. Moreover, the violence and corruption of the drug traffickers and their alliance with insurgent groups has had a destabilizing effect on friendly governments. It is thus imperative for our own well-being and the development of democratic and economically stable governments around the world that this problem be dealt with aggressively. To that end, I approve the "United States International Drug Control Policy and Strategies" paper prepared by the Office of National Drug Control Policy for inclusion in the report to Congress in September. (U)

After thorough review, I have decided that the first priority of our international drug control strategy will be to enhance greatly our counternarcotics programs in the Andean region. Colombia, as the home of the major trafficking organizations and the principal production facilities for U.S. destined cocaine,

will be the primary focus of our effort. To ensure that our Colombia effort is not thwarted by the shifting of trafficking organizations and infrastructure to locations in Bolivia and Peru, we will mount simultaneous expanded efforts in those two countries. These programs will involve expanded assistance to indigenous police, military, and intelligence officials in all three countries, for the purpose of assisting them to regain control of their countries from an insidious combination of insurgents and drug traffickers and to suppress the flow of narcotics to the United States. In particular, we should pursue the major Andean drug cartels wherever and however they choose to operate with all means available to our government consistent with applicable law. (S)

Should these anti-trafficking programs be successful, there will be a major economic impact resulting from suppression of the drug trade. Under those circumstances, I would be prepared to consider expanded economic assistance to Peru and Bolivia, conditioned on continued counternarcotics performance and sound economic policy. (U)

This effort will require the support of the Andean governments affected, as well as the support of our major allies. To that end, I wish plans to proceed for a summit meeting with the South American countries involved. In addition, I anticipate a request to our economic partners to join with us in the provision of economic assistance to these countries should they prove capable of suppressing the drug trade. (S)

It should be recognized that this will be a long and difficult struggle, working with governments already weakened by the impact of drug traffickers, insurgencies and economic instability. Success will require the enthusiastic support of all agencies, rising above jurisdictional conflicts to pursue our national objective. I will continue to look to the Director of National Drug Control Policy, supported by the Assistant to the President for National Security Affairs, to ensure effective coordination among all agencies involved in the international counternarcotics effort. Even with these greatly expanded resources, this Andean strategy will succeed only if the programs are effectively coordinated and managed. (U)

I, therefore, direct the following actions under the coordination of the Deputies Committee of the National Security Council:

- The Director, Office of Management and Budget, together with the effected agencies, shall prepare amendments to the FY 90 budget to support the first year of a five-year \$2 billion budget to support the Andean regional countercocaine strategy pursuant to the attached budget chart at Tab I. The program shall include as a baseline the full amount of our existing FY 90, \$119 million Andean counternarcotics budget

request, subject to final Congressional appropriation. The existing FY 90 program shall be augmented by an additional \$142.1 million, divided among military assistance, law enforcement, and intelligence programs. The \$142.1 million FY 90 augmentation, except for those funds made available to the Drug Enforcement Administration, shall be drawn from the Department of Defense (including funds available to the intelligence community). There will be no economic assistance component in FY 90 augmentation. The expanded FY 91-94 budgets shall also build on the FY 90, \$119 million baseline program and shall include economic assistance funds for Peru and Bolivia, contingent upon NSC evaluation that the counternarcotics programs funded in FY 90 were successful and economic assistance would be consistent with sound economic policy in these countries. The Director of OMB will work with the effected agencies to ensure that the expanded outyear programs, described in the budget chart at Tab I, are accommodated in effected agency budgets. (S)

- The Secretary of State, in conjunction with the Secretary of Defense and the Attorney General, shall prepare detailed military assistance and law enforcement programs in support of this strategy drawing on the above budget guidance and the attached program description at Tab II. (S)
- The Director of Central Intelligence, coordinating with the counternarcotics intelligence community, shall similarly develop detailed intelligence programs drawing on the above budget guidance and the attached program description. (S)
- The Secretary of Defense, in conjunction with the Secretary of State, shall revise Department of Defense (DOD) policy directives and procedures to expand DOD support of U.S. counternarcotics efforts and to permit DOD personnel to conduct training for host government personnel and operational support activities anywhere in the Andean region. DOD personnel will not accompany host government forces on actual field operations. (S)
- The above assigned actions shall be completed by September 1, 1989, and provided to the Office of National Drug Control Policy for final consolidation and presentation to the Deputies Committee. (S)
- In parallel, the Director of National Drug Control Policy, the Secretary of State, and the Assistant to the President for National Security Affairs shall begin consultation with the Congress to develop bipartisan support for this initiative. If necessary, the Secretary of State, in conjunction with the Director of National Drug Control Policy and the Director, Office of Management and Budget, shall prepare legislation to support this initiative and to remove statutory barriers to program effectiveness. Following initial Congressional consultation, the Secretary of State shall approach the governments of Colombia, Bolivia and Peru with our assistance strategy and a proposal to hold an early Andean Drug Summit. The Secretary of State shall also seek economic assistance for counternarcotics in the Andes from our allies, using the Counternarcotics Experts Group established at the Paris Summit, if feasible. FROM: Mary Ellen Connell *MEC*

SUBJECT: Continued Counternarcotics Assistance to
Bolivia, Colombia, and Peru

REFERENCE: NSD-18 Evaluation Paper

The following is USIA's response to the NSD-18 Evaluation paper:

The United States Government has worked closely with the governments of Bolivia, Colombia, and Peru on public awareness on drugs, and in fact has memoranda of understanding with Peru and Bolivia on the subject. All three countries have enhanced their efforts on public awareness. Recent USIA polling indicates that vast majorities in all three regard illegal narcotics production, trafficking, and consumption as a serious threat to their countries and societies.

Release of the funds would, of course, provide a more favorable climate for United States Government public affairs programming on anti-narcotics in the Andes and on other public affairs issues as well.

THE CHAIRMAN OF THE

WASHINGTON

July 27, 1990

MEMORANDUM FOR WILLIAM F. SITTMAN
EXECUTIVE SECRETARY
NATIONAL SECURITY COUNCIL

FROM: HARRY G. BROADMAN ~~HGB~~
SPECIAL ASSISTANT TO THE CHAIRMAN
AND SENIOR STAFF ECONOMIST, CEA

SUBJECT: Request for NSD-18 and NSD-26

CEA Member John B. Taylor has asked me to obtain from you copies of NSD-18 and NSD-26. This memo is a formal request to obtain them.

NSD-18 relates to economic issues in the Andean countries. The Council of Economic Advisers has been active in developing alternative strategies for both ANDEAN-I and ANDEAN-II. Aside from the direct economic impact in these countries from these initiatives, there is an economic effect in the United States.

NSD-26 relates to national security issues in the Persian Gulf. These security issues involve oil supply strategies and oil price increases that have a direct impact on the U.S. economy and therefore are of concern to the CEA.

Please have these directives delivered to Room 314, OEOB.

Thank you for your assistance in this matter.
