PUBLIC RECORDS

REPORTING AND DISCLOSURE REQUIREMENTS

The Federal Election Campaign Act of 1971, as amended, requires detailed campaign finance reports on contributions and expenditures from candidates for Federal office and their supporting political committees, as well as individuals and committees making expenditures on behalf of a candidate. These reports are filed on a quarterly, (optional - monthly), and pre/post election basis. Once the reports are filed, they are made available for public inspection within forty-eight hours of receipt, as required by law.

REVIEWING OFFICES

Federal Election Commission Public Records Office, 999 E Street, N.W., Washington, D.C. 20463 (open 9 a.m. to 5 p.m., Monday-Friday), provides a central ground floor facility at the FEC where all reports relating to campaign finance filed since April 7, 1972 (the effective date of the FECA), are readily available for public inspection and copying. Although candidates for the U.S. Senate and House of Representatives originally file with the Secretary of the Senate and the Clerk of the House respectively, copies of all documents are transferred to the FEC for processing and review.

Clerk of the U.S. House of Representatives Office of Records and Registration, Room 1026, Longworth House Office Building, Washington, D.C. 20515 (open from 9 to 5, Monday-Friday), offers original reports filed by candidates for the U.S. House of Representatives and their personal committees.

Secretary of the U.S. Senate Office of Public Records, Hart Senate Office Building, Room 232, Washington, D.C. 20510 (open from 9 to 5, Monday-Friday), offers original reports filed by candidates for the U.S. Senate and their personal committees.

50 Secretary of State Offices. Copies of reports from candidates for federal offices and their political committees as well as those political committees which have official addresses in that State should also be filed with their particular Secretary of State or equivalent State officer, whose office is usually located in the State Capitol. A current list of those offices with addresses and phone numbers is available from the FEC Public Records Office.

FEC PUBLIC RECORDS — WHAT IS AVAILABLE

Campaign Disclosure Documents submitted by candidates, political committees and individuals, as required by the Federal Election Campaign Act of 1971, as amended.

- * Statements of Candidacy and designation of Principal Campaign Committee
- * Statements of Organization of Political Committees
- * Candidate Authorization of a Political Committee
- * Reports of Receipts and Expenditures
- * Statements of Independent Expenditures
- * Communication Costs by Corporations, Labor Organizations, Membership Organizations and Trade Associations
- * Office Accounts
- * Debt Settlement Statements

Presidential Financial Disclosure Reports submitted by Presidential candidates as required by the Ethics in Government Act.

FEC Reports

- * FEC Reports on Financial Activity and Disclosure Series (published indexes which consolidate and summarize data taken from the financial disclosure reports)
- * Daily updated computer printouts of various FEC indexes, as available
- * Index of Multicandidate Political Committees
- * Index of all Registered Political Committees
- * Index of all Federal Candidates
- * Index of Political Committees and Their Sponsors
- * Index of Sponsors and Their Political Committees

These indexes meet various requirements of the law which direct the FEC to publish lists and cross indexes of reports and statements.

The indexes are designed to make the mass amount of data in the statements and reports more accessible and understandable for the public. Some of these indexes may focus, for example, on selected political committees cross indexed against the candidates they support and the amount of financial support, or the total financial activity (receipts and expenditures) of a candidate or committee.

- * Complete set of Advisory Opinion Requests, Advisory Opinions, Opinion Requests and comments submitted on the AOR's.
- * All closed compliance actions.
- * Audit reports (including audits previously done by the GAO).
- * Commission memoranda, agenda items, agendas, certifications for closed meetings and minutes of all Commission meetings.

HOW TO USE PUBLIC RECORDS

Reviewing Reports

The FEC Public Records Office is a library-type facility with ample work space, reference tables and a knowledgeable staff to help locate documents. Microfilm is the official record of all documents filed since 1972. They may be viewed and copied from the several reader-printers in the office. Paper copies of the more recent reports as well as Commission memorandum are also available for copy. All copies are \$.05-.15 per page. Because the reports are required to include a listing of every receipt and expenditure in excess of \$200, a simple review may involve numerous reports with many pages. For general reference, however, each report includes a summary page for that period, as well as year-to-date totals, listing amounts of total receipts, total expenditures, cash on hand, debts owed, and other breakdowns.

Copying and Ordering Reports

Copies of all statements, Commission issuances and reports on file with the FEC are available for purchase for \$.05-.15 page. Anyone visiting the office may use the photocopy machines or the microfilm reader-printers for copying all or part of any report. The Office is open 9 a.m. to 5 p.m., Monday through Friday. Extended office hours may be announced during reporting periods. The Office is located at 999 E Street, N.W. (376-3140). Copies are also available by writing the FEC at the following address:

**PUBLIC RECORDS OFFICE
FEDERAL ELECTION COMMISSION
999 E STREET, N.W.
WASHINGTON, D.C. 20463**

or calling toll-free: 800-424-9530. All mail requests for reports should clearly identify the full name of the candidate or committee reporting, the specific report(s) and the year(s) desired. Once a request is received, a page count is done in order to compute the copy charge. The indexes, for any document received after January 1, 1977, provides the number of pages included in each report to assist in a quick turnaround time for page counts. Full payment in advance is required. Checks should be made payable to the "U.S. Treasurer." If an order requires more than one-half hour of the Commission staff time, there is an additional charge of \$4.50 for each following half hour. Authentication with the Commission Seal may also be obtained for a fee of \$7.35 per document.

RESTRICTIONS ON USE OF FEC DISCLOSURE DOCUMENTS

The Federal Election Campaign Act of 1971, as amended, and Commission Regulations contain broad restrictions on the use of information in FEC disclosure documents. A person contemplating use of FECA reports for any commercial purpose or to solicit contributions of any kind should be aware of these limitations.

Title 2, United States Code, Section 438(a)(4) provides:

"...Information copied from (FEC disclosure) reports and statements may not be sold or used by any person for the purpose of soliciting contributions or for any commercial purposes, other than using the name and address of any political committee to solicit contributions from such committee."

Commission Regulations (11 CFR \$104.15) state:

"(a) Any information copied, or otherwise obtained from any report or statement, or any copy, reproduction, or publication thereof, filed with the Commission, Clerk of the House, Secretary of the Senate, or any Secretary of State or other equivalent State officer, shall not be sold or used by any person for the purpose of soliciting contributions or any commercial purpose, except that the name and address of any political committee may be used to solicit contributions from such committee."

"(b)... 'soliciting contributions' include soliciting any type of contribution or donation, such as political or charitable contributions."

It is therefore unlawful, for example, to use information (except the names and addresses of political committees) in disclosure reports to solicit contributions to a state or local candidate, or to a referendum campaign, or to a charity or other non-profit organization.

"(c) The use of information which is copied or otherwise obtained from reports..., in newspapers, magazines, books or other similar communications is permissible as long as the principal purpose of such communications is not to communicate any contributor information listed on such reports for the purpose of soliciting contributions or for other commercial purposes."

1990 CONGRESSIONAL ELECTION SPENDING DROPS TO LOW POINT

WASHINGTON -- Congressional election spending fell to its lowest point in six years to \$445 million for 1990 races, according to the Federal Election Commission.

This overall spending decline was fueled by a drop of \$21 million, or 10.3 percent, in Senate campaigns while House campaigns increased \$9 million, or 3 percent, an FEC compilation of final 1989-90 cycle reports shows.

While comparisons of Senate activity are difficult because different states participate each cycle, generally the average spending per voter is higher in smaller states. In 1990, however, spending per voter increased in larger population states and decreased in smaller ones. The most spent per voter, \$5.77, was in Rhode Island, and the lowest, 21 cents, in Arkansas. (See chart, page 10).

Spending by House campaigns, \$265.1 million, increased only slightly, but dropped in close races. In 1990, there were more candidates whose races were within 10 voting percentage points and whose median spending declined compared to the previous election. (See chart, page 11).

Reliance on individual (53 percent) and political action committee (32 percent) contributions remained the same as in past cycles, based on the percentage of total campaign receipts. Senate and House campaigns received \$249.4 million from individuals and \$150.6 million from PACs.

Following a 12 percent growth in 1988, PAC contributions increased two percent. Fluctuation was also apparent in the direction of PAC contributions. Senate campaigns of both parties, House Democratic challengers, and House open seat candidates relied less on PAC money than in 1988. Overall, PAC contributions comprised 38 percent of total receipts in House campaigns compared to 22 percent in Senate races.

FOOTNOTES

1. Figures in the first two Tables and the detailed listing of candidates cover from January 1, 1989, or whenever the campaign registered during the election cycle, through December 31, 1990, or the last report filed by the campaign, as indicated.
2. Net receipt and net disbursement figures are total receipts and total disbursements, as reported by the campaigns, minus any money transferred between committees of the same campaign.
3. Columns entitled "Other Committees" (also "Other Cmte's) are monies received, as reported by the campaigns, that are comprised mostly of PAC funds, but also include contributions by other candidates' committees and some unregistered entities. On the Senate listings, the column "Non Party Contributions" contains PAC contributions for 1986 and 1988, as reported by the PAC's, and "Other Committee" data for 1990.
4. Open seat races are those in which the incumbent did not seek reelection. As such, both general election candidates in Ohio's 8th district are classified as challengers because the incumbent lost in a primary. Districts where special elections have been held at times separate from the regular election calendar (AL/3, CA/15, FL/18, IN/4, MS/5, NY/14, NY/18, TX/12, TX/18, WY) have been divided into two races. Special election activity appears in tables referring to all campaigns and is included in the open seat category. Regular election activity of winners of the specials appear in the incumbent category, and their activity begins with the first report following the Post Special filing. The district in which a special election is being held in conjunction with the general (HI/2) is classified as open seat and has not been divided.
5. Percentage figures in Tables covering several election cycles represent the percentage of net receipts from each source and will not sum to 100, since not all sources of receipts are listed.
6. On the Senate listings, the column titles "Candidate Support" includes contributions by the candidate, as well as loans made or guaranteed by the candidate. The column titles "Trans from other auth" includes monies transferred from House committees of candidates for the Senate, as well as proceeds from joint fundraising activity among several candidates or committees. Contributions from individuals and PAC's made through these joint fundraising efforts are NOT included in the "Individual Contributions" or "Non Party Contributions" columns.
7. Detailed listings of candidates include all those participating in the November 6th general election, along with those candidates in Louisiana who received at least 50% of the vote in the primary and were therefore declared the winner of the seat.
8. Some House members who are or were running for the Senate in '90 changed their former House campaign committees into their Senate campaign committees. Financial activity related solely to their Senate campaigns cannot be isolated. (See Akaka and Saiki [HI], Craig [ID], Schneider [RI], Tauke [IA]).
9. One incumbent Senator has carried debts from previous elections which continue to be reflected in the "Debts Owed" column of the detailed listing and in Top 50 listings. See Warner [VA].
10. Marguerite Chandler [NJ/12] has reported significant roll over of debt during the 1990 campaign. Loans from banks were repayed with newly borrowed money. The reporting of this activity inflates receipts and disbursements by approximately \$430,000.
11. Figures for Senate Republican Challengers are significantly affected by the campaign of James Rapaport in Massachusetts. Loans from the Candidate totalling \$4,200,000 in this single campaign represent 58% of all candidate loans in Senate general election campaigns.
12. Activity of House Other Party candidates primarily reflects the campaign of Bernard Sanders in Vermont.
13. Party abbreviations in the listing of House campaigns are:
 - DEM - Democrat
 - DFL - Democrat/Farmer/Labor (Minnesota)
 - REP - Republican
 - LIB - Libertarian
 - PAF - Peace and Freedom
 - IND - Independent
 - RTL - Right to Life
 - LBL - Liberal

FEC FINAL REPORT ON 1988 CONGRESSIONAL CAMPAIGNS SHOWS \$459 MILLION SPENT

WASHINGTON — The Federal Election Commission has released its Final Report on the 1988 Congressional elections. The following are highlights of that study:

***1988 Congressional spending increased by only negligible amounts from what was spent in 1986.**

Candidates for U.S. Senate and House seats in 1987-88 raised \$478 million and spent \$459 million. By comparison, the \$451 million spent in the 1986 Congressional races was more than 20 percent greater than the \$374 million spent in 1984.

Although 1988 produced fewer candidates for Senate and House races, major factors in the lack of significant changes in overall figures include fewer expensive Senate races, fewer close House races, and fewer open seat races.

	1987-88	1985-86	1983-84	1981-82	1979-80	1977-78
Receipts	\$477.6	\$472.0	\$397.2	\$354.7	\$248.8	\$199.4
Expenditures	\$459.0	\$450.9	\$374.1	\$342.4	\$239.0	\$194.8
No. of Candidates	1792	1873	2036	2240	2288	1909

From 1986 to 1988, House spending rose 7.6%, from \$239.3 million to \$257.6 million, while Senate spending decreased 4.8%, from \$211.7 million to \$201.4 million, again, possibly due to the nature of the particular seats which were up in '88.

***Winning campaigns in '88, by contrast, showed increases of 18.5% in spending for the Senate and 10.3% for the House over '86.**

The following table details winning campaign statistics over the years.

Financial Activity of Winning Congressional Candidates							
	Senate						
	1987-88	1985-86	1983-84	1981-82	1979-80	1977-78	1975-76

***PAC contributions increased by 11% over '86 levels. This was less of an increase than has been seen in prior election cycles, but the percent of total receipts that they represent has increased.**

The following chart provides an overview of PAC contributions and the percentage they represented of total receipts for Senate and House candidates over the years.

	1987-88	% of Rec.	1985-86	% of Rec.	1983-84	% of Rec.	1981-82	% of Rec.	1979-80	% of Rec.	1977-78	% of Rec.

(figures are in millions of dollars)

***Reports show growing PAC support for House Democratic Challengers and Democrats running for House Open Seats.**

One of the many interesting stories of the '88 Congressional elections is the apparent success of House Democratic Challengers in obtaining PAC money. Historically, candidates for the U.S. House, and House Incumbents in particular, have received the lion's share of PAC dollars and show the largest percentage of receipts from PAC's. That is still true in 1987-88.

°Republican House Incumbents received 39.6% of all their funds from PAC's, while, although much smaller in amount, Democratic House Challengers and candidates for Open Seats received 32.6% and 37.6%, respectively.

°Democratic House Incumbents accepted 52.0% of their funds from PAC's, while Republican House Challengers received only 10.9% from PAC's and Republicans in Open Seat races, 22.65%.

The total amount of PAC dollars contributed to House Democratic general election Challengers was over \$7.3 million, which represented nearly one-third of their total receipts. Nonetheless, an analysis of the numbers is necessary to avoid erroneous conclusions.

Figures cited below show that a relatively small number of House Democratic challengers received the majority of the PAC money, while most received very little.

°Total PAC Contributions to House Democratic Challengers was \$7,344,435.

°The average amount received was \$47,691, but the median was \$6,950, as it was in 1986.

°Fifteen Democratic House Challengers, the top 10% of PAC recipients for their class, received more than \$3.9 million from PAC's. This amount represented 53.5% of all PAC support for this class of candidate.

°The second 10% of PAC recipients for this class received more than \$1.8 million from PAC's, which was 25% of the total PAC money given to this category of candidate.

°Therefore, 20% of House Democratic Challengers received almost 80% of PAC contributions.

Labor PAC's contributed the most to House Democratic Challengers, giving a total of \$4,876,281. All other PAC's contributed a total of \$2,468,154, almost the same as the total \$2,168,636 given to Republican House Challengers.

Republican House Challengers received far less PAC money than their Democratic counterparts, only \$2.2 million. This was 10.9% of their total receipts.

While the amount received per candidate (average - \$11,178; median - \$500), was considerably less than for Democrats, PAC support of Republican House Challengers was also focused on a few campaigns. The top 10% of Republican recipients, like the Democrats, received 68% of the PAC money given to all Republican House Challengers.

*PAC contributions to candidates in Open Seat races followed similar patterns. There were 27 Open Seat House races, excluding California 12th. Democrats received 36.5% of their funding from PAC's; Republicans, 21%. The median PAC support for Democrats was \$201,672; the median for Republicans was \$137,301. Labor committees again made the difference, contributing \$2,387,214 to Democrats, while all other PAC's contributed \$2,260,068. Republicans received \$86,150 from Labor PAC's and \$2,812,411 from all other PAC's.

*Independent Expenditures totalled over \$7 million in the 1987-88 election cycle: \$5.9 million on behalf of candidates and \$1.1 million against them. That is down from \$9.3 million spent independently in the 1985-86 election cycle.

The FEC Reports on Financial Activity, 1987-88: U.S. Senate and House Campaigns, Final Report is available for purchase from the FEC Office of Public Records, 999 E Street, N.W., Washington, D.C. 20463. The price is \$10 and advance payment is required. A computer tape of the study is available at a cost of \$50. The tape may be ordered through the FEC Data Systems Development Division, (202) 376-3155.

Information on the following pages provides details of the various sources of monies raised by campaigns according to party affiliation and candidate status. A pie graph illustrates the sources of Senate and House receipts. The graph is followed by a table showing the median disbursements of House General Election Candidates by candidate status and electoral margin. Two pages of bar graphs depict the number of incumbents and challengers in various types of campaigns and their contrasting spending over five election cycles. The fifty largest campaigns, in both the Senate and House, also are listed. The final table gives information on the financial activity of general election Senate candidates over a six-year period.

FOOTNOTES

1. Net receipt and net disbursement figures are total receipts and total disbursements, as reported by the campaigns, minus any money transferred between committees of the same campaign. They have not been adjusted for refunds or repayments.

2. Open seat races are those in which the incumbent did not seek reelection. As such, both general election candidates in California's 12th district are classified as challengers. Districts where special elections have been held at times separate from the regular election calendar (CA/5, CT/4, IL/21, LA/4, TN/5, and VA/5) have been divided into two races. During the special election period all candidates are considered open seat, and appear as such in the Tables referring to ALL campaigns. Winners of specials are considered incumbents for the regular election process and any other candidate who participated in both the special and regular process is considered a challenger during the regular election period. Districts where special elections were held in conjunction with the general (NJ/3, TN/2) have been classified as open seat and were not divided.

3. On the Senate listings, the column titled "Candidate Support" includes contributions by the candidate, as well as loans made or guaranteed by the candidate. The column titled "Trans from other auth" includes monies transferred from House committees of candidates for the Senate, as well as proceeds from joint fundraising activity among several candidates or committees. Contributions from individuals and PAC's made through these joint fundraising efforts are not included in the "Individual Contributions" or "Non Party Contributions" columns.

4. Some House members who were running for the Senate in '88 changed their former House campaign committees into their Senate campaign committees (and in the case of McEwen in Ohio and Moody in Wisconsin then reverted back to House committees). Financial activity related solely to their Senate campaigns cannot be isolated. (See also Boulter (TX), Dowdy (MS), Jeffords (VT)).

5. One incumbent Senator has carried debts from a previous election which continues to be reflected in the "Debts Owed" column of the detailed listing and in Top 50 listings. See Lautenberg (NJ).

6. Figures in "ALL CAMPAIGN" summary Tables (but not General election Tables) for House Democratic Open Seat candidates are significantly affected by two special election campaigns in Tennessee. Jane Eskin provided her campaign with \$1,097,500 in loans from the candidate which were reported as repayed and replaced with candidate contributions totalling \$1,373,413. This reporting practice inflates Net Receipts, Candidate Loans, and Net Disbursements. Philip Bredesen provided his campaign with \$1,851,600 in loans which have not been repayed or converted.

7. Figures for Senate Democratic Open Seats in all Tables are significantly affected by the campaign of Herbert Kohl in Wisconsin. Contributions from the candidate totalling \$6,135,071 in this single campaign represents 96% of all candidate contributions in Senate general election campaigns.

8. Elizabeth Patterson (SC/4) reported significant roll over of debt from the 1986 campaign. Loans from banks were repayed with newly borrowed money. The reporting of this activity inflates receipts and disbursements significantly.

9. Top 50 rankings for PAC contributions have been adjusted for any refunds of those contributions made by the candidate.

FEC RELEASES FINAL REPORT ON 1984 CONGRESSIONAL RACES

WASHINGTON -- The Federal Election Commission has released its final Report on the 1984 Congressional elections. The Report makes a number of statements:

***Total spending in Congressional races rose only 9.3% over 1982 levels.**

This increase in spending is considerably less than increases occurring between previous election cycles. From 1980 to 1982, spending increased by approximately 43%, and from 1978 to 1980, spending increased by 23%. Below are figures for activity by all candidates for House and Senate races in the four election cycles:

	1983-84	1981-82	1979-80	1977-78
Receipts	\$397.2	\$354.7	\$248.8	\$199.4
Expenditures	\$374.1	\$342.4	\$239.0	\$194.8
No. of Candidates	2036	2240	2288	1909

(Figures in millions of dollars.)

***Spending in Senate races increased 23.1% over spending in 1982.**

Although this is less than the increases which occurred between the 1978-1980 and 1980-1982 elections, it still represents a substantial increase.

***By contrast, spending for House races decreased by .2%.**

This is a marked difference from the increases seen between 1978 and 1982 in House contests.

A major reason for the difference lies in the nature of the election cycles themselves. Spending is often affected by the status of the candidates and the margin of victory in the general election.

In 1983-84, there were more incumbent candidates involved in "safe" seats, (where the margin of victory was 60% or more,) than in previous election cycles. In addition, there was an unusually small number of House seats in which the incumbent did not run for re-election. These Open Seat races are usually the most expensive races.

In Appendix IV, a table lists the average spent by candidates who won or lost by various margins. It will show that, in each category, the average spent in 1984 increased over previous years. However, since the predominate number of candidates for 1984 House seats were incumbents who won with 60% or more of the vote, and since they tended to, on average, spend less money than their fellow 1984 candidates, overall spending for 1984 House races appears to have declined.

-more-

***PAC money represented 26.5% of all moneys raised in Congressional races.**

The amount of PAC money contributed to Congressional campaigns increased in 1984 to \$105.3 million. Once again, this was a smaller increase in total contributions than in past Congressional elections. Total PAC contributions for each of four past election cycles appear below, in dollar amount and as a percentage of total funds raised:

	1983-84	% Rec.	1981-82	% Rec.	1979-80	% Rec.	1977-78	% Rec.
Total	\$105.3	26%	\$ 83.6	24%	\$ 55.2	22%	\$ 34.1	17%
Senate	\$ 29.7	17%	\$ 22.5	16%	\$ 17.3	16.5%	\$ 9.7	11%
House	\$ 75.7	34%	\$ 61.1	29%	\$ 37.9	26.0%	\$ 24.4	21%

(Figures in millions of dollars)

PAC money continued to represent less than 20% of funds raised in Senate races while playing an increasing role in House campaigns.

***The cost of winning a seat in Congress continued to increase in 1984.**

Similar to overall spending, increases were found more in Senate races than in House contests. Figures below detail amounts spent for winning races in 4 election cycles.

***Independent Expenditures spent on behalf of and against 1984 Congressional campaigns totalled \$5.8 million.**

\$3.4 million was spent on behalf of candidates.

\$2.4 million was spent against candidates.

The FEC Reports on Financial Activity, 1983-84: U.S. Senate and House Campaigns, Final Report is available for purchase from the FEC Office of Public Records, 1325 K Street, N.W., Washington, D.C. 20463. The price is \$15 and payment must be made in advance.

Information on the following pages provides details of the various sources of monies raised by campaigns according to party affiliation and candidate status. The fifty largest campaigns are also listed.

For Senate candidates, a new chart has been added which provides information on the financial activity for each candidate during the six years since the last election, or from the inception of the campaign. While much of this activity is related to the lengthy fundraising process for Senate races, some of the activity in earlier years relates to retiring debts from a previous campaign.

The following notes should be read in conjunction with the charts on the next four pages:

- 1) Net receipt and disbursement figures are total receipts and disbursements minus transfers of money between all committees within a campaign.
- 2) Variations in reporting patterns regarding candidate contributions and candidate loan activity require caution in interpreting this data. Specifically, the total of candidate contributions and candidate loans may be inflated because loans which have been forgiven may appear in both columns. Any attempt to determine the total amount of financial support by candidates for their own campaigns should include a detailed examination of all reports filed by the campaigns in question.
- 3) Latest cash-on-hand figures are as of December 31, 1984, or the last report filed by the candidate's campaign.
- 4) Major party expenditures are monies spent by the National and State party committees of the two major parties on behalf of their candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions.
- 5) Open Seat Races are those in which the incumbent did not seek re-election.

FEC RELEASES FINAL REPORT ON 1984 CONGRESSIONAL RACES

WASHINGTON -- The Federal Election Commission has released its final Report on the 1984 Congressional elections. The Report makes a number of statements:

***Total spending in Congressional races rose only 9.3% over 1982 levels.** This increase in spending is considerably less than increases occurring between previous election cycles. From 1980 to 1982, spending increased by approximately 43%, and from 1978 to 1980, spending increased by 23%. Below are figures for activity by all candidates for House and Senate races in the four election cycles:

	1983-84	1981-82	1979-80	1977-78
Receipts	\$397.2	\$354.7	\$248.8	\$199.4
Expenditures	\$374.1	\$342.4	\$239.0	\$194.8
No. of Candidates	2036	2240	2288	1909

(Figures in millions of dollars.)

***Spending in Senate races increased 23.1% over spending in 1982.**

Although this is less than the increases which occurred between the 1978-1980 and 1980-1982 elections, it still represents a substantial increase.

***By contrast, spending for House races decreased by .2%.**

This is a marked difference from the increases seen between 1978 and 1982 in House contests.

A major reason for the difference lies in the nature of the election cycles themselves. Spending is often affected by the status of the candidates and the margin of victory in the general election.

In 1983-84, there were more incumbent candidates involved in "safe" seats, (where the margin of victory was 60% or more,) than in previous election cycles. In addition, there was an unusually small number of House seats in which the incumbent did not run for re-election. These Open Seat races are usually the most expensive races.

In Appendix IV, a table lists the average spent by candidates who won or lost by various margins. It will show that, in each category, the average spent in 1984 increased over previous years. However, since the predominate number of candidates for 1984 House seats were incumbents who won with 60% or more of the vote, and since they tended to, on average, spend less money than their fellow 1984 candidates, overall spending for 1984 House races appears to have declined.

***PAC money represented 26.5% of all moneys raised in Congressional races.**

The amount of PAC money contributed to Congressional campaigns increased in 1984 to \$105.3 million. Once again, this was a smaller increase in total contributions than in past Congressional elections. Total PAC contributions for each of four past election cycles appear below, in dollar amount and as a percentage of total funds raised:

	1983-84	% Rec.	1981-82	% Rec.	1979-80	% Rec.	1977-78	% Rec.
Total	\$105.3	26%	\$ 83.6	24%	\$ 55.2	22%	\$ 34.1	17%
Senate	\$ 29.7	17%	\$ 22.5	16%	\$ 17.3	16.5%	\$ 9.7	11%
House	\$ 75.7	34%	\$ 61.1	29%	\$ 37.9	26.0%	\$ 24.4	21%

(Figures in millions of dollars)

PAC money continued to represent less than 20% of funds raised in Senate races while playing an increasing role in House campaigns.

***The cost of winning a seat in Congress continued to increase in 1984.**

Similar to overall spending, increases were found more in Senate races than in House contests. Figures below detail amounts spent for winning races in 4 election cycles.

***Independent Expenditures spent on behalf of and against 1984 Congressional campaigns totalled \$5.8 million.**

\$3.4 million was spent on behalf of candidates.

\$2.4 million was spent against candidates.

The FEC Reports on Financial Activity, 1983-84: U.S. Senate and House Campaigns, Final Report is available for purchase from the FEC Office of Public Records, 1325 K Street, N.W., Washington, D.C. 20463. The price is \$15 and payment must be made in advance.

Information on the following pages provides details of the various sources of monies raised by campaigns according to party affiliation and candidate status. The fifty largest campaigns are also listed.

For Senate candidates, a new chart has been added which provides information on the financial activity for each candidate during the six years since the last election, or from the inception of the campaign. While much of this activity is related to the lengthy fundraising process for Senate races, some of the activity in earlier years relates to retiring debts from a previous campaign.

The following notes should be read in conjunction with the charts on the next four pages:

- 1) Net receipt and disbursement figures are total receipts and disbursements minus transfers of money between all committees within a campaign.
- 2) Variations in reporting patterns regarding candidate contributions and candidate loan activity require caution in interpreting this data. Specifically, the total of candidate contributions and candidate loans may be inflated because loans which have been forgiven may appear in both columns. Any attempt to determine the total amount of financial support by candidates for their own campaigns should include a detailed examination of all reports filed by the campaigns in question.
- 3) Latest cash-on-hand figures are as of December 31, 1984, or the last report filed by the candidate's campaign.
- 4) Major party expenditures are monies spent by the National and State party committees of the two major parties on behalf of their candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions.
- 5) Open Seat Races are those in which the incumbent did not seek re-election.

FEC RELEASES FINAL REPORT ON 1981-82 CONGRESSIONAL ELECTIONS

WASHINGTON — The cost of waging successful Senate campaigns rose 70.5% from 1980 to 1982. Winning House campaign costs increased by 47% in the same two-year period. These figures come from a final Report just released by the Federal Election Commission on the campaign finance activity of U.S. Senate and House campaigns for the 1981-82 election cycle.

According to FEC data, the 33 successful Senate campaigns raised \$70.7 million and spent \$68.2 million. Their 439 counterparts in the House raised \$123.1 million and spent \$114.7 million.

Successful campaigns also received the majority of PAC contributions - 70%, or \$58.4 million of the \$83.7 million contributed to 1981-82 Congressional candidates. Senate winners received \$15.6 million, which was 19% of all PAC contributions and 69% of the PAC money given to all Senate campaigns. House winners took in \$42.7 million in PAC dollars, which accounted for 51% of all of the \$83.7 million total and 70% of the total given to House races.

Summary figures for winning campaigns for the past three election cycles show:

	SENATE				HOUSE			
	1981-82	1979-80	1977-78	1975-76	1981-82	1979-80	1977-78	1975-76
Raised	\$70.7	\$41.7	\$43.0	\$21.0	\$123.1	\$86.0	\$60.0	\$42.5
Spent	\$68.2	\$40.0	\$42.3	\$20.1	\$114.7	\$78.0	\$55.6	\$38.0
PAC money	\$15.6	\$10.2	\$ 6.0	\$ 3.1	\$ 42.7	\$27.0	\$17.0	\$10.9

Figures are in millions of dollars. 1975-76 figures were compiled in a different manner than those from subsequent years. They do, however, provide a base for comparison.

Total spending for Senate and House campaigns amounted to \$342.4 million - an increase of 43.3% over the \$239 million spent in 1979-80. Fundraising increased 42.6% - from \$248.8 million in 1979-80, to \$354.7 million in 1981-82. Spending for House races increased by 50% (from \$136 to \$204 million); Senate races increased 34.5% (from \$102.9 to \$138.4 million). Fundraising for House candidates increased 48% (from \$144.0 to \$213.2 million); Senate candidates raised 35.1% more (\$104.8 to \$141.5 million.)

The pages which follow detail the financial activity of Senate and House candidates according to party affiliation and candidate status (incumbent/challenger/open seat). Also listed are the campaigns which raised and spent the most money and those which received the most PAC money.

The FEC Reports on Financial Activity, 1981-82, Final Report: U.S. Senate and House Campaigns is available for purchase from the FEC Public Records Office, 1325 K Street, N.W., Washington, D.C. 20463. The cost is \$5 and payment is required in advance. The same information is also available on computer tape. For information contact Data Systems Development Division at (202) 523-4020.

FEC RELEASES FINAL STATISTICS ON 1979-80 CONGRESSIONAL RACES

WASHINGTON — Winners of 1980 U.S. Senate and House seats raised and spent approximately half of all monies raised and spent in those Congressional elections. The same successful candidates received 67.6% of all PAC money contributed to U.S. Senate and House races.

According to the Final Report on Financial Activity for 1979-80 U.S. Senate and House Campaigns, released today by the Federal Election Commission, 34 candidates who won election to the U.S. Senate raised a total of \$41.7 million, spent \$40 million, and received \$10.2 million from PAC's. Their counterparts in the House, numbering 440, raised \$86 million, spent \$ 78 million, and received \$27 million from PAC's.

Similar statistics for 1977-78 showed 35 Senate winners raised \$43 million, spent \$42.3 million and received \$6 million from PAC's. House winners in that election numbered 438, raised \$60 million, spent \$55.6 million, and received \$17 million from PAC's.

Based on the 1976 FEC Disclosure Series on U.S. Senate and House candidates, successful Senate campaigns in 1975-76 raised \$21 million, of which \$3.1 million was from PAC's. The 33 candidates spent \$20.1 million in their primary and general election bids. House candidates in that election raised \$42.5 million, spent \$38 million and received \$10.9 million from PAC's. The number of winning House campaigns numbered 436.

A recap of all 1979-80 Congressional election activity shows that:

	<u># Cands.</u>	<u>Raised</u>	<u>Spent</u>	
All Senate & House	2288	\$248.8	\$239.0	
Senate Candidates	344	\$104.8	\$103.0	
House Candidates	1944	\$144.0	\$136.0	
Democrats	1036	\$126.5	\$121.4	(Figures are in millions of dollars)

Open Seat races*	409	\$ 45.6	\$ 44.4	

(*Open Seat races are those in which the incumbent did not seek re-election)

Congressional campaigns received a total of \$47.5 million in contributions of \$500 or more from individuals. They also received \$55.2 million in PAC contributions. Major party contributions to their campaigns totalled \$6 million, and major party expenditures on their behalf in the general election were \$9.2 million.

Similar figures for 1977-78 Congressional races were:

	<u># Cands.</u>	<u>Raised</u>	<u>Spent</u>	
All Senate & House	1909	\$199.4	\$194.8	
Senate Candidates	254	\$ 85.5	\$ 85.2

Open Seat races	524	\$ 60.6	\$ 59.6	

Comparable figures for 1975-76 U.S. Senate and House activity are only available for the campaigns of general election candidates. The statistics do not contain information on losing primary campaigns. However, data on both the primary and general election efforts of general election candidates is included.

The following information shows information on general election candidates (primary and general election activity) for each of the three election cycles:

(Figures are in millions of dollars. Receipt and disbursement figures for 1977-78 and 1979-80 have been adjusted for transfers between all committees of a campaign. Data for 1975-76 have been reduced for transfers between all committees of a campaign, refunds and rebates, loan repayments and contribution refunds. Because of this difference, the information for 1975-76 is not directly comparable to 1977-78 and 1979-80, but is the best available considering the changes in the methods used for compilation.)

Charts on the following pages detail the activity of a) all 1979-80 Congressional candidates; b) the primary and general election activity of just general election campaigns. This last chart is to allow comparison with previous election cycles.

- 1/ Net Receipts and Disbursements are total receipts and disbursements minus transfers between all committees within a campaign.
NOTE: These figures compare with Adjusted Receipt and Disbursement columns for 1977-78 Congressional campaigns. (See FEC Press Release of June 29, 1979: Interim Report No. 5, Report on Financial Activity for 1977-78 U.S. Senate and House Campaigns.)
- 2/ Major Party Expenditures are monies spent by the National and State Party committees of the two national parties on behalf of candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions made by the parties.
- 3/ All Independent Expenditure columns include independent expenditures made by PAC's, individuals, and other groups.
- 4/ Open Seat Races are those in which the incumbent did not seek re-election.

- 1/ Net Receipts and Disbursements are total receipts and disbursements minus transfers between all committees within a campaign.
NOTE: These figures compare with Adjusted Receipt and Disbursement columns for 1977-78 Congressional campaigns. (See FEC Press Release of June 29, 1979: Interim Report No. 5, Report on Financial Activity for 1977-78 U.S. Senate and House Campaigns.)
- 2/ Major Party Expenditures are monies spent by the National and State Party committees of the two national parties on behalf of candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions made by the parties.
- 3/ All Independent Expenditure columns include independent expenditures made by PAC's, individuals, and other groups.
- 4/ Open Seat Races are those in which the incumbent did not seek re-election.

WASHINGTON - June 29, 1979 - An interim study of 1977-78 U.S. Senate and House campaigns is being released today by the Federal Election Commission showing that 1909 Congressional campaigns raised \$199.4 million and spent \$194.8 million. (Note: These figures have been adjusted to eliminate transfers of funds within a campaign.) The study contains detailed information on the financing of all U.S. Senate and House candidates who were registered with the FEC during 1977 and 1978, and who were on primary, general, run-off, convention/caucus and special election ballots. Also included are listings of receipts and expenditures, by party, for all Senate and House races within each state.

Highlights of the study show that:

- * There were 1909 campaigns for U.S. Senate and House seats during 1977 and 1978 (primary, general, run-off, convention/caucus and special elections).
- * These 1909 campaigns raised \$199.4 million and spent \$194.8 million. (Adjusted)
- * 254 Senate candidates received \$85.5 million and spent \$85.2 million.
- * 1655 House candidates received \$113.9 million and spent \$109.6 million.
- * 999 Democrat candidates raised \$106.3 million and spent \$103.3 million.
- * 694 Republican candidates raised \$91.7 million and spent \$90.2 million.
- * 216 Minor party and independents received \$1.4 million and spent \$1.3 million.
- * 414 Incumbents received \$76.6 million and spent \$73.3 million.
- * 971 Challengers received \$62.2 million and spent \$61.9 million.
- * 524 Open-seat candidates accounted for \$60.6 million in receipts and \$59.6 million in disbursements.

The computerized information has been compiled from financial reports filed with the FEC by federal candidates and their committees. Figures include activity covering January 1, 1977, through December 31, 1978. Amended reports received by the Commission by March 16, 1979, were also included.

The study provides the following: gross receipt and disbursement figures; gross receipts and disbursements minus transfers of funds within a campaign; latest cash-on-hand; levels of contributions received from individuals; contributions from national, state and local major party committees; expenditures made by national and state major parties in connection with general election campaigns; and contributions received from political committees (or "PAC's"). Information concerning loans, candidate contributions and debts is not yet available. This information will be included in the final study, to be released at the end of 1979.

Figures concerning totals and contributions from individuals were taken from candidate and candidate committee reports. Details on contributions from "PAC's" and party-related committees were taken from non-party and party-related reports, as were major party general election expenditures. Independent expenditures made by "PAC's" and individuals are not included.

OVER

Summary information is provided separately in the study for Senate and House campaigns. Subtotals then detail additional information based on party affiliation and incumbent/challenger/open-seat status.

Attached to this release are 2 charts. The first provides summary information for all 1909 candidates involved in 1977-78 activity. The second chart shows summary information for only those 1079 candidates who were on the November 1978 general election ballot, (but also includes their primary activity.)

This release updates earlier figures from September and November 1978, and January 1979. The entire study, containing details on specific campaigns, may be purchased for \$5.00 from the Public Records Office, Federal Election Commission, 1325 K St., NW, Washington, D.C. 20463. REPORTING AND DISCLOSURE REQUIREMENTS

The Federal Election Campaign Act of 1971, as amended, requires detailed campaign finance reports on contributions and expenditures from candidates for Federal office and their supporting political committees, as well as individuals and committees making expenditures on behalf of a candidate. These reports are filed on a quarterly, (optional - monthly), and pre/post election basis. Once the reports are filed, they are made available for public inspection within forty-eight hours of receipt, as required by law.

REVIEWING OFFICES

Federal Election Commission Public Records Office, 999 E Street, N.W., Washington, D.C. 20463 (open 9 a.m. to 5 p.m., Monday-Friday), provides a central ground floor facility at the FEC where all reports relating to campaign finance filed since April 7, 1972 (the effective date of the FECA), are readily available for public inspection and copying. Although candidates for the U.S. Senate and House of Representatives originally file with the Secretary of the Senate and the Clerk of the House respectively, copies of all documents are transferred to the FEC for processing and review.

Clerk of the U.S. House of Representatives Office of Records and Registration, Room 1026, Longworth House Office Building, Washington, D.C. 20515 (open from 9 to 5, Monday-Friday), offers original reports filed by candidates for the U.S. House of Representatives and their personal committees.

Secretary of the U.S. Senate Office of Public Records, Hart Senate Office Building, Room 232, Washington, D.C. 20510 (open from 9 to 5, Monday-Friday), offers original reports filed by candidates for the U.S. Senate and their personal committees.

50 Secretary of State Offices. Copies of reports from candidates for federal offices and their political committees as well as those political committees which have official addresses in that State should also be filed with their particular Secretary of State or equivalent State officer, whose office is usually located in the State Capitol. A current list of those offices with addresses and phone numbers is available from the FEC Public Records Office.

FEC PUBLIC RECORDS -- WHAT IS AVAILABLE

Campaign Disclosure Documents submitted by candidates, political committees and individuals, as required by the Federal Election Campaign Act of 1971, as amended.

- * Statements of Candidacy and designation of Principal Campaign Committee
- * Statements of Organization of Political Committees
- * Candidate Authorization of a Political Committee
- * Reports of Receipts and Expenditures
- * Statements of Independent Expenditures
- * Communication Costs by Corporations, Labor Organizations, Membership Organizations and Trade Associations
- * Office Accounts
- * Debt Settlement Statements

Presidential Financial Disclosure Reports submitted by Presidential candidates as required by the Ethics in Government Act.

FEC Reports

- * FEC Reports on Financial Activity and Disclosure Series (published indexes which consolidate and summarize data taken from the financial disclosure reports)
- * Daily updated computer printouts of various FEC indexes, as available
- * Index of Multicandidate Political Committees
- * Index of all Registered Political Committees
- * Index of all Federal Candidates
- * Index of Political Committees and Their Sponsors
- * Index of Sponsors and Their Political Committees

These indexes meet various requirements of the law which direct the FEC to publish lists and cross indexes of reports and statements.

The indexes are designed to make the mass amount of data in the statements and reports more accessible and understandable for the public. Some of these indexes may focus, for example, on selected political committees cross indexed against the candidates they support and the amount of financial support, or the total financial activity (receipts and expenditures) of a candidate or committee.

- * Complete set of Advisory Opinion Requests, Advisory Opinions, Opinion Requests and comments submitted on the AOR's.
- * All closed compliance actions.
- * Audit reports (including audits previously done by the GAO).
- * Commission memoranda, agenda items, agendas, certifications for closed meetings and minutes of all Commission meetings.

HOW TO USE PUBLIC RECORDS

Reviewing Reports

The FEC Public Records Office is a library-type facility with ample work space, reference tables and a knowledgeable staff to help locate documents. Microfilm is the official record of all documents filed since 1972. They may be viewed and copied from the several reader-printers in the office. Paper copies of the more recent reports as well as Commission memorandum are also available for copy. All copies are \$.05-.15 per page. Because the reports are required to include a listing of every receipt and expenditure in excess of \$200, a simple review may involve numerous reports with many pages. For general reference, however, each report includes a summary page for that period, as well as year-to-date totals, listing amounts of total receipts, total expenditures, cash on hand, debts owed, and other breakdowns.

Copying and Ordering Reports

Copies of all statements, Commission issuances and reports on file with the FEC are available for purchase for \$.05-.15 page. Anyone visiting the office may use the photocopy machines or the microfilm reader-printers for copying all or part of any report. The Office is open 9 a.m. to 5 p.m., Monday through Friday. Extended office hours may be announced during reporting periods. The Office is located at 999 E Street, N.W. (376-3140). Copies are also available by writing the FEC at the following address:

PUBLIC RECORDS OFFICE
FEDERAL ELECTION COMMISSION
999 E STREET, N.W.
WASHINGTON, D.C. 20463

or calling toll-free: 800-424-9530. All mail requests for reports should clearly identify the full name of the candidate or committee reporting, the specific report(s) and the year(s) desired. Once a request is received, a page count is done in order to compute the copy charge. The indexes, for any document received after January 1, 1977, provides the number of pages included in each report to assist in a quick turnaround time for page counts. Full payment in advance is required. Checks should be made payable to the "U.S. Treasurer." If an order requires more than one-half hour of the Commission staff time, there is an additional charge of \$4.50 for each following half hour. Authentication with the Commission Seal may also be obtained for a fee of \$7.35 per document.

RESTRICTIONS ON USE OF FEC DISCLOSURE DOCUMENTS

The Federal Election Campaign Act of 1971, as amended, and Commission Regulations contain broad restrictions on the use of information in FEC disclosure documents. A person contemplating use of FECA reports for any commercial purpose or to solicit contributions of any kind should be aware of these limitations.

Title 2, United States Code, Section 438(a)(4) provides:

"...Information copied from (FEC disclosure) reports and statements may not be sold or used by any person for the purpose of soliciting contributions or for any commercial purposes, other than using the name and address of any political committee to solicit contributions from such committee."

Commission Regulations (11 CFR §104.15) state:

"(a) Any information copied, or otherwise obtained from any report or statement, or any copy, reproduction, or publication thereof, filed with the Commission, Clerk of the House, Secretary of the Senate, or any Secretary of State or other equivalent State officer, shall not be sold or used by any person for the purpose of soliciting contributions or any commercial purpose, except that the name and address of any political committee may be used to solicit contributions from such committee."

"(b)... 'soliciting contributions' include soliciting any type of contribution or donation, such as political or charitable contributions."

It is therefore unlawful, for example, to use information (except the names and addresses of political committees) in disclosure reports to solicit contributions to a state or local candidate, or to a referendum campaign, or to a charity or other non-profit organization.

"(c) The use of information which is copied or otherwise obtained from reports..., in newspapers, magazines, books or other similar communications is permissible as long as the principal purpose of such communications is not to communicate any contributor information listed on such reports for the purpose of soliciting contributions or for other commercial purposes."

1990 CONGRESSIONAL ELECTION SPENDING DROPS TO LOW POINT

WASHINGTON -- Congressional election spending fell to its lowest point in six years to \$445 million for 1990 races, according to the Federal Election Commission.

This overall spending decline was fueled by a drop of \$21 million, or 10.3 percent, in Senate campaigns while House campaigns increased \$9 million, or 3 percent, an FEC compilation of final 1989-90 cycle reports shows.

While comparisons of Senate activity are difficult because different states participate each cycle, generally the average spending per voter is higher in smaller states. In 1990, however, spending per voter increased in larger population states and decreased in smaller ones. The most spent per voter, \$5.77, was in Rhode Island, and the lowest, 21 cents, in Arkansas. (See chart, page 10).

Spending by House campaigns, \$265.1 million, increased only slightly, but dropped in close races. In 1990, there were more candidates whose races were within 10 voting percentage points and whose median spending declined compared to the previous election. (See chart, page 11).

Reliance on individual (53 percent) and political action committee (32 percent) contributions remained the same as in past cycles, based on the percentage of total campaign receipts. Senate and House campaigns received \$249.4 million from individuals and \$150.6 million from PACs.

Following a 12 percent growth in 1988, PAC contributions increased two percent. Fluctuation was also apparent in the direction of PAC contributions. Senate campaigns of both parties, House Democratic challengers, and House open seat candidates relied less on PAC money than in 1988. Overall, PAC contributions comprised 38 percent of total receipts in House campaigns compared to 22 percent in Senate races.

FOOTNOTES

1. Figures in the first two Tables and the detailed listing of candidates cover from January 1, 1989, or whenever the campaign registered during the election cycle, through December 31, 1990, or the last report filed by the campaign, as indicated.
2. Net receipt and net disbursement figures are total receipts and total disbursements, as reported by the campaigns, minus any money transferred between committees of the same campaign.
3. Columns entitled "Other Committees" (also "Other Cmte's") are monies received, as reported by the campaigns, that are comprised mostly of PAC funds, but also include contributions by other candidates' committees and some unregistered entities. On the Senate listings, the column "Non Party Contributions" contains PAC contributions for 1986 and 1988, as reported by the PAC's, and "Other Committee" data for 1990.
4. Open seat races are those in which the incumbent did not seek reelection. As such, both general election candidates in Ohio's 8th district are classified as challengers because the incumbent lost in a primary. Districts where special elections have been held at times separate from the regular election calendar (AL/3, CA/15, FL/18, IN/4, MS/5, NY/14, NY/18, TX/12, TX/18, WY) have been divided into two races. Special election activity appears in tables referring to all campaigns and is included in the open seat category. Regular election activity of winners of the specials appear in the incumbent category, and their activity begins with the first report following the Post Special filing. The district in which a special election is being held in conjunction with the general (HI/2) is classified as open seat and has not been divided.
5. Percentage figures in Tables covering several election cycles represent the percentage of net receipts from each source and will not sum to 100, since not all sources of receipts are listed.
6. On the Senate listings, the column titles "Candidate Support" includes contributions by the candidate, as well as loans made or guaranteed by the candidate. The column titles "Trans from other auth" includes monies transferred from House committees of candidates for the Senate, as well as proceeds from joint fundraising activity among several candidates or committees. Contributions from individuals and PAC's made through these joint fundraising efforts are NOT included in the "Individual Contributions" or "Non Party Contributions" columns.
7. Detailed listings of candidates include all those participating in the November 6th general election, along with those candidates in Louisiana who received at least 50% of the vote in the primary and were therefore declared the winner of the seat.
8. Some House members who are or were running for the Senate in '90 changed their former House campaign committees into their Senate campaign committees. Financial activity related solely to their Senate campaigns cannot be isolated. (See Akaka and Saiki [HI], Craig [ID], Schneider [RI], Tauke [IA]).
9. One incumbent Senator has carried debts from previous elections which continue to be reflected in the "Debts Owed" column of the detailed listing and in Top 50 listings. See Warner [VA].
10. Marguerite Chandler [NJ/12] has reported significant roll over of debt during the 1990 campaign. Loans from banks were repayed with newly borrowed money. The reporting of this activity inflates receipts and disbursements by approximately \$430,000.
11. Figures for Senate Republican Challengers are significantly affected by the campaign of James Rapaport in Massachusetts. Loans from the Candidate totalling \$4,200,000 in this single campaign represent 58% of all candidate loans in Senate general election campaigns.
12. Activity of House Other Party candidates primarily reflects the campaign of Bernard Sanders in Vermont.
13. Party abbreviations in the listing of House campaigns are:
 - DEM - Democrat
 - DFL - Democrat/Farmer/Labor (Minnesota)
 - REP - Republican
 - LIB - Libertarian
 - PAF - Peace and Freedom
 - IND - Independent
 - RTL - Right to Life
 - LBL - Liberal

FEC RELEASES FINAL REPORT ON 1988 PRESIDENTIAL PRIMARY CAMPAIGNS

WASHINGTON — The Federal Election Commission has released its final statistical report on the 1988 Presidential Pre-Nomination campaigns.

The report summarizes the primary campaigns of sixteen candidates who received primary matching funds, including nine democrats, six republicans and one minor party candidate.

Reports filed by the campaigns showed receipts of \$253 million, and spending of \$250 million, including legal and accounting expenses, which did not count toward the spending limits imposed under the public funding law. When transfers, loan and contribution refunds, and rebates are subtracted, the campaigns' "adjusted" receipts were actually \$214 million and spending totalled \$211 million.

Sixty-six million dollars in federal matching funds accounted for 31% of adjusted receipts; individual contributors gave \$141 million, or 66%; and PAC dollars amounted to \$3 million, or 1.4%.

Independent expenditures on behalf of presidential candidates totalled \$10.7 million, while negative spending totalled \$3.4 million.

Partisan communications reported by corporations and unions were \$2.2 million, while reports by unauthorized delegates and their committees totalled \$.1 million.

The following are comparative figures for federally funded primary campaigns from 1976 through 1988:

	<u>1988</u>		<u>1984</u>		<u>1980</u>		<u>1976</u>	
Number of Candidates	16		11		10		15	
Adjusted Receipts	\$213.8		\$105.0		\$94.2		\$67.9	
Individuals	\$141.1	66.00%	\$62.8	59.81%	\$61.0	64.76%	\$42.5	62.59%
Federal Funds	\$65.7	30.73%	\$34.9	33.24%	\$30.9	32.80%	\$24.3	35.79%
PAC's	\$3.0	1.42%	\$1.3	1.24%	\$1.4	1.49%	\$0.8	1.18%
Adjusted Disbursements	\$210.7		\$103.6		\$92.3		\$66.9	

-more-

Various charts and graphs depict receipts of each campaign by source and time period. Tables provide detailed summary information on the finances of each campaign. State spending reported by each campaign is charted, as are individual contributions. Finally, the activity of the campaigns for the first six months of 1989 is presented in Appendix I, while Appendix II graphically shows monthly expenditures of those campaigns which approached spending ceilings for the 1988 and 1990 presidential primary contests.

Copies of the FEC Reports on Financial Activity 1987-1988, Final Report, Presidential Pre-Nomination Campaigns are available for purchase from the FEC's Public Records Office, 999 E Street, N.W., Washington, D.C. 20463. The cost is \$1.00.

FOOTNOTES

Net Receipt and Disbursement figures do not include transfers of funds made between committees within a campaign.

Adjusted Receipt and Disbursement figures do not include transfers, (mentioned above), contribution and loan refunds, or refunds and rebates (offsets to expenditures) received by the campaigns.

The column "**Other Cmtes**" contains PAC contributions and contributions from other candidates' campaign committees. In addition, four campaigns transferred monies from previously authorized committees:

Dole ----- Total includes \$1.15 million transferred from the Dole for Senate committee.

Kemp ----- Total includes \$490,000 from Victory '88 (formerly Kemp Superbowl Brunch).

Dukakis -- Total includes \$394,300 from Dukakis Gubernatorial Committee.

Gephardt - Total includes \$140,000 transferred from Gephardt in Congress Committee.

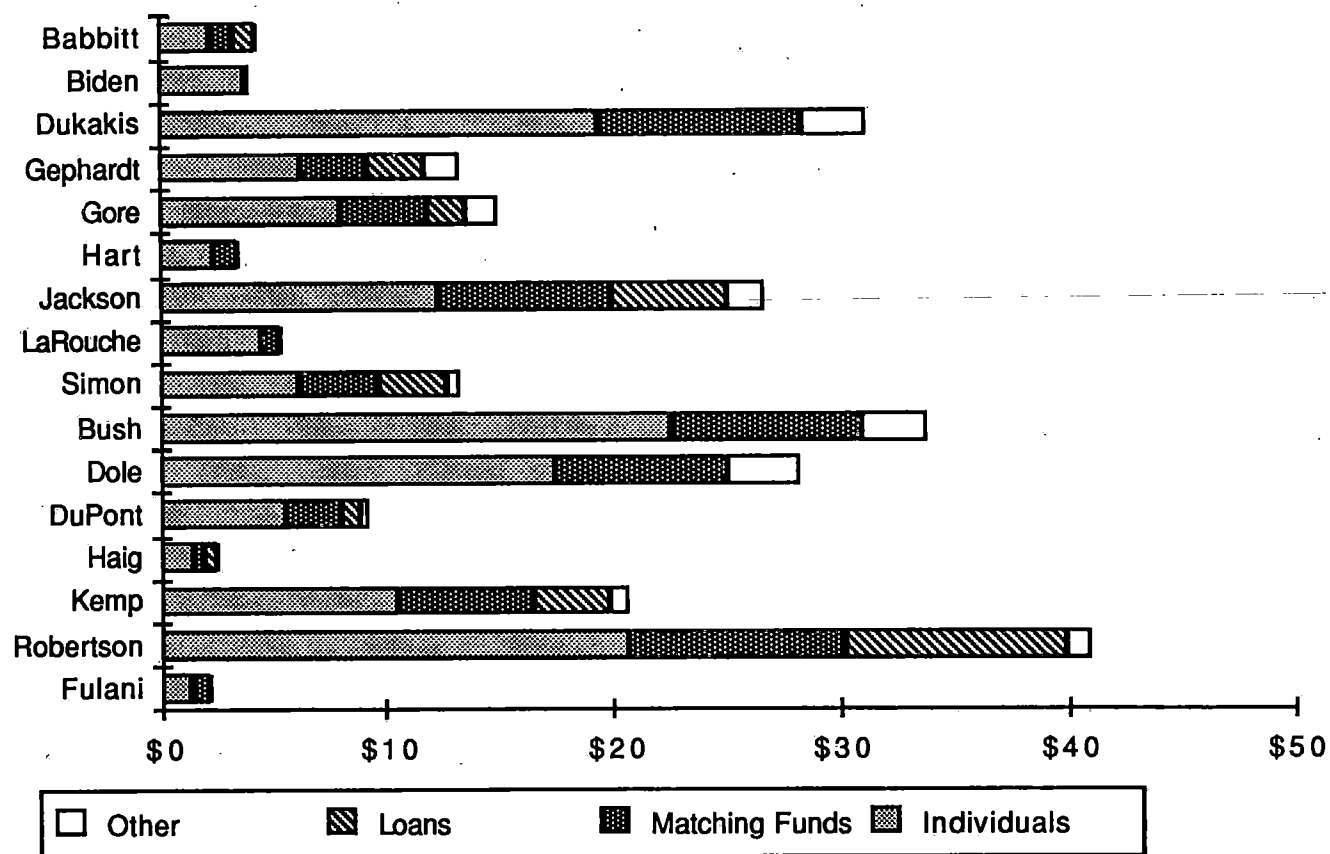

Other candidates' campaign contributions and transfers, when added to PAC contributions, totals \$5.4 million. PAC contributions alone totalled \$3.0 million. This amount can be determined by consulting Tables A1 and A6 of the Report.

FEC RELEASES FINAL REPORT ON 1986 CONGRESSIONAL CANDIDATES

WASHINGTON — The Federal Election Commission has released its final Report on campaign finances in the 1986 Congressional elections. The Report provides a variety of statistical information which is summarized below.

*Total spending in Congressional races grew by 20.5% over 1984 levels.

While this increase is greater than the 9 percent growth in spending between 1982 and 1984, it is less than increases between other election cycles. From 1980 to 1982, spending rose by about 43%, and from 1978 to 1980, spending was up by 23%. The following chart shows financial activity by all candidates for Senate and House races for five election cycles:

	<u>1985-86</u>	<u>1983-84</u>	<u>1981-82</u>	<u>1979-80</u>	<u>1977-78</u>
Receipts	\$472.0	\$397.2	\$354.7	\$248.8	\$199.4
Expenditures	\$450.9	\$374.1	\$342.4	\$239.0	\$194.8
No. of Candidates	1873	2036	2240	2288	1909

(Figures are in millions of dollars)

*Spending by Senate candidates increased 24.1% from two years ago.

Senate candidates spent \$211.7 million, up from \$170.5 million in 1984. The slightly more than 24% growth between the '84 and '86 election cycles is generally consistent with the increase between 1982 and 1984.

*Disbursements in House races rose 17.5%.

While this is a marked difference from the 0.2% drop in spending between 1982 and 1984, it is worth noting that there were numerous "open seat" House races in 1986, due to retirements and incumbents who sought other elective offices. This factor accounts for much of the increase in financial activity.

*PAC contributions to '86 Congressional candidates grew by 26% over 1984 levels.

The amount of PAC money received by House and Senate campaigns totalled \$132.7 million and represented 28% of all moneys raised in Congressional races. Total PAC contributions for five past election cycles appear below, in dollar amounts and as a percentage of total funds raised:

	<u>1985-86</u>	<u>%Rec.</u>	<u>1983-84</u>	<u>%Rec.</u>	<u>1981-82</u>	<u>%Rec.</u>	<u>1979-80</u>	<u>%Rec.</u>	<u>1977-78</u>	<u>%Rec.</u>

***The cost of winning a Congressional seat continued to rise in 1986.**

An analysis of winning House campaigns shows a nearly 19% increase in funds spent over 1984, \$172.7 million as compared with \$144.8 million two years ago. Winning Senate candidates spent 6 percent more, \$106.8 million in 1986, \$100.9 million in 1984. Figures below detail amounts spent for winning races in six election cycles:

The FEC Reports on Financial Activity, 1985-86: U.S. Senate and House Campaigns, Final Report is available for purchase from the FEC Office of Public Records, 999 E Street, NW, Washington, DC 20463. The price is \$10 and advance payment is required. A computer tape of the study also is available at a cost of \$50.

Information on the following pages provides details of the various sources of monies raised by campaigns according to party affiliation and candidate status. A pie graph illustrates the sources of Senate and House receipts. The graph is followed by a chart showing average disbursements by House campaigns, based upon candidate status and the margin by which candidates either won or lost. The fifty largest campaigns, in both the Senate and House, also are listed. The final table gives information on the financial activity of general election Senate candidates over a six year period.

The following notes should be read in conjunction with the tables contained in this release:

- 1) Net receipt and disbursement figures are total receipts and disbursements, (as reported by the campaigns), minus any money transferred between committees within a campaign.
- 2) Non-Party Contributions columns contain PAC contribution information as reported by PAC's . (Previous FEC releases on the 1985-86 elections used summary figures reported by the candidates' campaigns.) The figures cited in this release are more accurate and are comparable to those used in previous cycles.
- 3) Caution should be used when trying to interpret data on candidate contributions and candidate loans. Variations in reporting may cause these fields to be inflated since loans which have been forgiven often appear in both columns. Any attempt to determine the total amount of financial support by candidates for their own campaigns should include a detailed examination of all reports filed by the campaigns in question.
- 4) Latest cash-on-hand figures are as of December 31, 1986, or the last report filed by the candidate's campaign.
- 5) Major party expenditures are monies spent by the National and State party committees of the two major parties on behalf of their candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions.
- 6) Open Seat Races are those in which the incumbent did not seek re-election.
- 7) Receipts and Disbursements columns on the table for Senate activity over a six-year period are net of transfers between committees within the Senate campaigns. The transfer column includes proceeds from joint fundraising activities and amounts transferred from committees authorized by the candidate for a different federal office, e.g. House.

FINAL 1984 PRESIDENTIAL STATISTICAL REPORT RELEASED

WASHINGTON -- As attention begins to shift to the 1988 Presidential race, and with several 1984 campaigns still paying debts, questions have been raised as to how the '84 campaigns were financed and what might lay in store for candidates in '88. The Federal Election Commission answers many of these questions with the release of its final statistical report on the 1984 Presidential primary season.

The FEC Reports on Financial Activity, 1983-84, Final Report: Presidential Pre-Nomination Campaigns includes a look at 14 Presidential aspirants who each spent more than \$100,000 seeking the nomination of their parties. Unlike previous Reports, which covered activity only through the election year, the FEC delayed its final account of 1984 pre-convention election finances to include activity occurring well after the nominating conventions, (almost \$4 million of activity reported in 1985.)

From the inception of their campaigns through December 31, 1985, the 14 Presidential candidates reported raising \$138 million and spending \$137 million. However, in real dollars, (taking into account transfers, loan repayments, contribution refunds, and rebates received,) the campaigns actually raised \$108 million and spent \$107 million.

Using these adjusted figures, contributions from individuals accounted for 60% of what the campaigns raised; Federal funds, 34%; and PAC money, only 1.2%. Loans (other than candidate loans) totalled \$24 million, or 17% of the initially reported \$138 million raised. As of the end of 1985, all but \$4.3 million had been repaid to persons or lending institutions.

Although written to cover the 1984 Presidential primaries only, the FEC Report includes information on all independent expenditures made and all partisan communications spent for both primary and general election efforts. Thus, for 1983-84, the

total amount spent independently by individuals and other political committees on behalf of and against Presidential candidates was \$17.5 million. Partisan communications by corporations, labor unions, etc., totalled \$1.9 million, and delegate committees reported spending \$.7 million.

Comparative figures are provided below for all campaigns which received federal matching funds for 1976, 1980, and 1984:

	<u>1984</u>	<u>1980</u>	<u>1976</u>
Number of Candidates	11	10	15
Adjusted Receipts	\$105.0	\$ 94.2	\$ 67.9
Individuals	\$ 62.8 - 60.0%	\$ 61.0 - 64.8%	\$ 42.5 - 62.7%
Federal Funds	\$ 34.9 - 33.2%	\$ 30.9 - 32.8%	\$ 24.3 - 35.8%
PAC's	\$ 1.3 - 1.2%	\$ 1.4 - 1.4%	\$.8 - 1.1%
Adjusted Disbursements	\$103.6	\$ 92.3	\$ 66.9

- Figures are in millions of dollars and cover activity from inception of campaigns through the end of the election years.
- Percentages are in relation to adjusted receipts.
- The difference in the number of campaigns, plus inflation should be taken into consideration before any comparison is made.

A variety of charts and tables in the FEC Report map receipts and expenditures for each campaign by state and also by time period during the months preceding the conventions.

Copies of the Presidential Report are available for purchase from the FEC's Public Records Office, 999 E Street, N.W., Washington, D.C. 20463. The cost is \$1.00.

The two tables attached to this release depict activity first through 1984 only, and second, through the end of 1985.

FEC RELEASES FINAL REPORT ON 1984 CONGRESSIONAL RACES

WASHINGTON -- The Federal Election Commission has released its final Report on the 1984 Congressional elections. The Report makes a number of statements:

***Total spending in Congressional races rose only 9.3% over 1982 levels.** This increase in spending is considerably less than increases occurring between previous election cycles. From 1980 to 1982, spending increased by approximately 43%, and from 1978 to 1980, spending increased by 23%. Below are figures for activity by all candidates for House and Senate races in the four election cycles:

	1983-84	1981-82	1979-80	1977-78
Receipts	\$397.2	\$354.7	\$248.8	\$199.4
Expenditures	\$374.1	\$342.4	\$239.0	\$194.8
No. of Candidates	2036	2240	2288	1909

(Figures in millions of dollars.)

***Spending in Senate races increased 23.1% over spending in 1982.**

Although this is less than the increases which occurred between the 1978-1980 and 1980-1982 elections, it still represents a substantial increase.

***By contrast, spending for House races decreased by .2%.**

This is a marked difference from the increases seen between 1978 and 1982 in House contests.

A major reason for the difference lies in the nature of the election cycles themselves. Spending is often affected by the status of the candidates and the margin of victory in the general election.

In 1983-84, there were more incumbent candidates involved in "safe" seats, (where the margin of victory was 60% or more,) than in previous election cycles. In addition, there was an unusually small number of House seats in which the incumbent did not run for re-election. These Open Seat races are usually the most expensive races.

In Appendix IV, a table lists the average spent by candidates who won or lost by various margins. It will show that, in each category, the average spent in 1984 increased over previous years. However, since the predominate number of candidates for 1984 House seats were incumbents who won with 60% or more of the vote, and since they tended to, on average, spend less money than their fellow 1984 candidates, overall spending for 1984 House races appears to have declined.

-more-

***PAC money represented 26.5% of all moneys raised in Congressional races.**

The amount of PAC money contributed to Congressional campaigns increased in 1984 to \$105.3 million. Once again, this was a smaller increase in total contributions than in past Congressional elections. Total PAC contributions for each of four past election cycles appear below, in dollar amount and as a percentage of total funds raised:

	1983-84	% Rec.	1981-82	% Rec.	1979-80	% Rec.	1977-78	% Rec.
Total	\$105.3	26%	\$ 83.6	24%	\$ 55.2	22%	\$ 34.1	17%
Senate	\$ 29.7	17%	\$ 22.5	16%	\$ 17.3	16.5%	\$ 9.7	11%
House	\$ 75.7	34%	\$ 61.1	29%	\$ 37.9	26.0%	\$ 24.4	21%

(Figures in millions of dollars)

PAC money continued to represent less than 20% of funds raised in Senate races while playing an increasing role in House campaigns.

***The cost of winning a seat in Congress continued to increase in 1984.**

Similar to overall spending, increases were found more in Senate races than in House contests. Figures below detail amounts spent for winning races in 4 election cycles.

\$3.4 million was spent on behalf of candidates.

\$2.4 million was spent against candidates.

The FEC Reports on Financial Activity, 1983-84: U.S. Senate and House Campaigns, Final Report is available for purchase from the FEC Office of Public Records, 1325 K Street, N.W., Washington, D.C. 20463. The price is \$15 and payment must be made in advance.

Information on the following pages provides details of the various sources of monies raised by campaigns according to party affiliation and candidate status. The fifty largest campaigns are also listed.

For Senate candidates, a new chart has been added which provides information on the financial activity for each candidate during the six years since the last election, or from the inception of the campaign. While much of this activity is related to the lengthy fundraising process for Senate races, some of the activity in earlier years relates to retiring debts from a previous campaign.

The following notes should be read in conjunction with the charts on the next four pages:

- 1) Net receipt and disbursement figures are total receipts and disbursements minus transfers of money between all committees within a campaign.
- 2) Variations in reporting patterns regarding candidate contributions and candidate loan activity require caution in interpreting this data. Specifically, the total of candidate contributions and candidate loans may be inflated because loans which have been forgiven may appear in both columns. Any attempt to determine the total amount of financial support by candidates for their own campaigns should include a detailed examination of all reports filed by the campaigns in question.
- 3) Latest cash-on-hand figures are as of December 31, 1984, or the last report filed by the candidate's campaign.
- 4) Major party expenditures are monies spent by the National and State party committees of the two major parties on behalf of their candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions.
- 5) Open Seat Races are those in which the incumbent did not seek re-election.

FEC RELEASES FINAL REPORT ON 1981-82 CONGRESSIONAL ELECTIONS

WASHINGTON — The cost of waging successful Senate campaigns rose 70.5% from 1980 to 1982. Winning House campaign costs increased by 47% in the same two-year period. These figures come from a final Report just released by the Federal Election Commission on the campaign finance activity of U.S. Senate and House campaigns for the 1981-82 election cycle.

According to FEC data, the 33 successful Senate campaigns raised \$70.7 million and spent \$68.2 million. Their 439 counterparts in the House raised \$123.1 million and spent \$114.7 million.

Successful campaigns also received the majority of PAC contributions - 70%, or \$58.4 million of the \$83.7 million contributed to 1981-82 Congressional candidates. Senate winners received \$15.6 million, which was 19% of all PAC contributions and 69% of the PAC money given to all Senate campaigns. House winners took in \$42.7 million in PAC dollars, which accounted for 51% of all of the \$83.7 million total and 70% of the total given to House races.

Summary figures for winning campaigns for the past three election cycles show:

	SENATE				HOUSE			
	1981-82	1979-80	1977-78	1975-76	1981-82	1979-80	1977-78	1975-76
Raised	\$70.7	\$41.7	\$43.0	\$21.0	\$123.1	\$86.0	\$60.0	\$42.5
Spent	\$68.2	\$40.0	\$42.3	\$20.1	\$114.7	\$78.0	\$55.6	\$38.0
PAC money	\$15.6	\$10.2	\$ 6.0	\$ 3.1	\$ 42.7	\$27.0	\$17.0	\$10.9

Figures are in millions of dollars. 1975-76 figures were compiled in a different manner than those from subsequent years. They do, however, provide a base for comparison.

Total spending for Senate and House campaigns amounted to \$342.4 million - an increase of 43.3% over the \$239 million spent in 1979-80. Fundraising increased 42.6% - from \$248.8 million in 1979-80, to \$354.7 million in 1981-82. Spending for House races increased by 50% (from \$136 to \$204 million); Senate races increased 34.5% (from \$102.9 to \$138.4 million). Fundraising for House candidates increased 48% (from \$144.0 to \$213.2 million); Senate candidates raised 35.1% more (\$104.8 to \$141.5 million.)

The pages which follow detail the financial activity of Senate and House candidates according to party affiliation and candidate status (incumbent/challenger/open seat). Also listed are the campaigns which raised and spent the most money and those which received the most PAC money.

The FEC Reports on Financial Activity, 1981-82, Final Report: U.S. Senate and House Campaigns is available for purchase from the FEC Public Records Office, 1325 K Street, N.W., Washington, D.C. 20463. The cost is \$5 and payment is required in advance. The same information is also available on computer tape. For information contact Data Systems Development Division at (202) 523-4020.

FEC RELEASES FINAL STATISTICS ON 1979-80 CONGRESSIONAL RACES

WASHINGTON — Winners of 1980 U.S. Senate and House seats raised and spent approximately half of all monies raised and spent in those Congressional elections. The same successful candidates received 67.6% of all PAC money contributed to U.S. Senate and House races.

According to the Final Report on Financial Activity for 1979-80 U.S. Senate and House Campaigns, released today by the Federal Election Commission, 34 candidates who won election to the U.S. Senate raised a total of \$41.7 million, spent \$40 million, and received \$10.2 million from PAC's. Their counterparts in the House, numbering 440, raised \$86 million, spent \$ 78 million, and received \$27 million from PAC's.

Similar statistics for 1977-78 showed 35 Senate winners raised \$43 million, spent \$42.3 million and received \$6 million from PAC's. House winners in that election numbered 438, raised \$60 million, spent \$55.6 million, and received \$17 million from PAC's.

Based on the 1976 FEC Disclosure Series on U.S. Senate and House candidates, successful Senate campaigns in 1975-76 raised \$21 million, of which \$3.1 million was from PAC's. The 33 candidates spent \$20.1 million in their primary and general election bids. House candidates in that election raised \$42.5 million, spent \$38 million and received \$10.9 million from PAC's. The number of winning House campaigns numbered 436.

A recap of all 1979-80 Congressional election activity shows that:

	<u># Cands.</u>	<u>Raised</u>	<u>Spent</u>	
All Senate & House	2288	\$248.8	\$239.0	
Senate Candidates	344	\$104.8	\$103.0	
House Candidates	1944	\$144.0	\$136.0	
Democrats	1036	\$126.5	\$121.4	(Figures are in millions of dollars)

Open Seat races*	409	\$ 45.6	\$ 44.4	

(*Open Seat races are those in which the incumbent did not seek re-election)

Congressional campaigns received a total of \$47.5 million in contributions of \$500 or more from individuals. They also received \$55.2 million in PAC contributions. Major party contributions to their campaigns totalled \$6 million, and major party expenditures on their behalf in the general election were \$9.2 million.

Similar figures for 1977-78 Congressional races were:

	<u># Cands.</u>	<u>Raised</u>	<u>Spent</u>

Open Seat races	524	\$ 60.6	\$ 59.6	

-more-

Comparable figures for 1975-76 U.S. Senate and House activity are only available for the campaigns of general election candidates. The statistics do not contain information on losing primary campaigns. However, data on both the primary and general election efforts of general election candidates is included.

The following information shows information on general election candidates (primary and general election activity) for each of the three election cycles:

(Figures are in millions of dollars. Receipt and disbursement figures for 1977-78 and 1979-80 have been adjusted for transfers between all committees of a campaign. Data for 1975-76 have been reduced for transfers between all committees of a campaign, refunds and rebates, loan repayments and contribution refunds. Because of this difference, the information for 1975-76 is not directly comparable to 1977-78 and 1979-80, but is the best available considering the changes in the methods used for compilation.)

Charts on the following pages detail the activity of a) all 1979-80 Congressional candidates; b) the primary and general election activity of just general election campaigns. This last chart is to allow comparison with previous election cycles.

- 1/ Net Receipts and Disbursements are total receipts and disbursements minus transfers between all committees within a campaign.
 NOTE: These figures compare with Adjusted Receipt and Disbursement columns for 1977-78 Congressional campaigns. (See FEC Press Release of June 29, 1979: Interim Report No. 5, Report on Financial Activity for 1977-78 U.S. Senate and House Campaigns.)
- 2/ Major Party Expenditures are monies spent by the National and State Party committees of the two national parties on behalf of candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions made by the parties.
- 3/ All Independent Expenditure columns include independent expenditures made by PAC's, individuals, and other groups.
- 4/ Open Seat Races are those in which the incumbent did not seek re-election.

1/ Net Receipts and Disbursements are total receipts and disbursements minus transfers between all committees within a campaign.

NOTE: These figures compare with Adjusted Receipt and Disbursement columns for 1977-78 Congressional campaigns. (See FEC Press Release of June 29, 1979: Interim Report No. 5, Report on Financial Activity for 1977-78 U.S. Senate and House Campaigns.)

2/ Major Party Expenditures are monies spent by the National and State Party committees of the two national parties on behalf of candidates in the general election ONLY. There are limits on what the parties may spend. These expenditures are in addition to direct contributions made by the parties.

3/ All Independent Expenditure columns include independent expenditures made by PAC's, individuals, and other groups.

4/ Open Seat Races are those in which the incumbent did not seek re-election.
