THE WHITE HOUSE

Office of the Press Secretary  
(Houston, Texas)

For Immediate Release

May 15, 1992

REMARKS BY THE PRESIDENT  
AT DOUG SANDERS CELEBRITY CLASSIC DINNER

Greenspoint Club  
Houston, Texas

7:35 P.M. CDT

THE PRESIDENT: Thank you all, and please be seated. Bill, thank you very much. Bill Gray, as you may know, was in the leadership in the House of Representatives; one of the most popular and one of the most important and one of the most effective members of Congress. And he left that to head the United Negro College Fund. And we have great respect for him, and I am delighted to have been introduced by him. And I just wanted all my fellow Houstonians to know how highly we regard him and what he is doing for this commitment to the UNCF.

I want to thank, too, Sandy McCormick, an old friend; and Warren Moon, an admired friend who everyone in Houston respects for their leadership on this drive. I want to single out, of course, Lee and Arnold Palmer -- Lee Trevino and Arnold Palmer. I had the pleasure of flying down here today from Pittsburgh with Winnie Palmer, and she said, "Well, I'm glad Arnold is not with us. He'd be trying to fly Air Force One." (Laughter.)

But it is really a pleasure to be here. And, of course, Doug Sanders is an old friend -- he and Scotty do so much for others. And I'm just proud once again to be at his side, and grateful to him.

I won't keep you, but let me just add a little to what Bill said about the United Negro College Fund. A mind is a terrible thing to waste. And this organization is doing an outstanding job for higher education in this country, offering kids opportunity that might not have had another shot at the American Dream.

And Bill didn't give you the details, but let me just say that I think it was in 1947, maybe '8, that a man named Bill Trent came to New Haven when I was in school there. And he got me interested in the United Negro College Fund, and I have remained interested in that. My brother, John, is now -- what -- Chairman of the Board nationally. And we know that it is worthwhile.

And so we are very grateful to all of you who have pitched in and made this great expansion of their program possible. It's an outstanding outfit.

And now, in conclusion, let me just say to Doug, I'm glad to be back at his side, proud to have seen a little bit of the activities here this evening, and only sorry that I didn't get a chance to tee it up and show the new Mr. Smooth form. I'm back -- (laughter.) They can criticize me for hitting a golf ball, but I'm not going to stop, believe me. I love it.

So good luck to each and every one of you participants. (Applause.)

PRESIDENTIAL REMARKS:

UNITED NEGRO COLLEGE FUND  
HOUSTON, TEXAS  
FRIDAY, MAY 15, 1992

[Acknowledgements] As Barbara and I were driving here, I was feeling a little philosophic. And I told her that golfing really is a funny game, in a way. \ She said, "Yes. The way you play it -- it sure is." \\ Talk about moral support. But to tell you the truth, I do get a little frustrated with my golf game from time to time. \ It's the one thing I can't blame on the Democrats.

The Doug Sanders tournament is always a wonderful event. It kind of reminds me of that old adage: "Drive for show and putt for dough." Doug keeps insisting that the saying goes: "Dress for show." \\ I don't know how we ever got him into black tie.

But the real reason we're here could be summed up in the words of another great golf-pro, Althea Gibson. Althea used to say, "No matter what accomplishments you make, somebody helps you." That's true. And that's what the United Negro College Fund is all about. The mission of the UNCF is to preserve and cultivate our most precious resource: the young minds of the next generation.

I remember when I first heard about the UNCF. It wasn't long after the organization got started. I was myself a senior in college back then. A man named Bill Trent came to speak to a group of us. I remember going up to him afterwards. We talked.

Let's ~~not~~ <sup>not</sup> even wish  
suggesting the violence  
was somehow (legitimate?)  
occasions  
by lack of hope...

I guess I did most of the listening. I remember that he spoke about opportunity, about dignity, about change.

More neutral:

<sup>All of us</sup> <sup>what occasion</sup>  
What our nation saw in Los Angeles -- in the ugly images of hate and violence -- these things threatened to carve the guts out of those simple words of hope. The fear of color-coded courts of justice -- the fear that hatred is stronger than reason, stronger than forgiveness -- these things challenge our faith and test our resolve.

But I also saw and heard about other things as I walked the streets of South Central L.A. About people reaching across lines of color to <sup>(affirm simple human dignity...?)</sup> (rebuild their community). About a black pastor who saw a man being beaten, and laid his body over the man until the beating stopped. About citizens carrying water to put out the fires. About a little girl who prayed that it would never be dark again.

These simple acts of courage echo the guidance of Martin Luther King, Jr. He taught us that "the time is always ripe to do right." I really believe that. And I've tried to do what I could so that someday, maybe for our grandchildren, racism <sup>+ bigotry of every kind</sup> is nothing more than an ugly memory. (Whether through my involvement with the UNCF, or my creation of an advisory board on Historically Black Colleges, or the 1991 Civil Rights Bill, or our commitment of funds (to rebuild the urban ruins of racial violence)); this Administration, this President, will do what he can to wipe bigotry, racism, and anti-semitism of the face of this great land.

I also believe there are limits to what government can do. Government alone won't solve our problems. Sure, government can make good laws -- but government can't make men good. The answers to our problems start in places no law or code could ever touch -- in our hearts and in our minds. I think about the mission of the College Fund -- about giving young African-Americans the education and opportunity they need to make their way. That's real heroism. And I'm very, very honored to be a part of it. Thank you. God bless you, and God bless the United States of America.

CHURCH

PRESIDENTIAL REMARKS: MOUNT ZION  
LOS ANGELES, CALIFORNIA  
THURSDAY, MAY 6, 1992

Rev. Hill, thank you for that introduction. Over the years I've turned to the good reverend for advice. His guidance has always echoed the words of another Baptist minister, a man from Atlanta, Georgia. \ It was Martin Luther King who taught us that "the time is always ripe to do right." That's why we're here.

I've come to Mount Zion on this National Day of Prayer, as a man who cares about his family. Not just the one I share with my wife and my children -- but the one I share with you. For better or for worse, in sickness or in health, America is one family -- One Nation Under God. You see, I believe that we are our brother's keeper. Not to keep him back. Not to keep him down. But to keep him well, and safe. To keep him in our hearts and in our counsel.

I've been keeping quite a bit of that counsel these past few days. From the advice of Rev. Hill \ to the guidance of civil rights leaders \ to the letters of thousands of Americans just like you. The cynics can paint it any which way they like -- that won't change what I know to be right, and how I've fought to do right. In ways small and large, I have spent a good part of my life working on something we want to give to our grandchildren: an America where they can work and play -- freely \ safely \ and together. I've said it before and I'll say it

again: we must not and will not tolerate racism, bigotry, or anti-semitism in America.

I believe we've made progress. We killed Jim Crow. We leveled the legal walls that divided us. Most recently, we took another step: last November I signed new civil rights legislation to strengthen protections against discrimination. I did this not because it was the easy thing to do \ not because it was the political thing to do \ but because it was the right thing to do.

But law alone won't solve our problems. No law can reach what we have in our hearts or change what we have on our conscience. Government can abolish "back of the bus" rules -- but it can't make people share a seat. It can punish cruel acts -- but it can't silence cruel words. Government can make good laws -- but it can't make men good.

I heard a story about one good man. Another man of the cloth, Rev. Bennie Newton, laid his life -- literally -- on the line because he believed he was his brother's keeper. During the riots he saw a man being beaten to the ground. Despite the threats and the blows, Bennie walked into the fray and laid his body over the bloody man until the beating stopped. "My heart was crying," said the pastor. He saved the man's life.

A terrible thing happened to the family we call America, a dark hour that left many wondering what to do. But it's people like Rev. Newton that carried part of the answer within them all along. There were answers in the churches -- churches that opened their doors, congregations that opened their hearts. I

think of the First African Methodist Episcopal Church. During the nights of violence, this house of God also found room for families displaced by fire, for citizens trying to help, and for parishioners seeking to pray.

The Bible tells us, "He has showed you, O man, what is good; and what does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God?" These are words to remember on this National Day of Prayer. All across our land, thousands of churches and synagogues are filled with the prayers of our citizens. Prayers, like the words of the great spiritual anthem, "full of the faith that the dark past has taught us and the hope that the present has brought us." If we "lift every voice," I believe we will be heard.

I heard about the prayers of one little girl, 4-year-old Ryan Bennett -- about the age of my granddaughter Ashley. During the nights of rioting, Ryan's neighborhood was sprayed with bullets, her candy store was looted, her nightmares were real. "I'm saying special prayers," she said, "I asked [God] if He could make it so that it's not dark anymore." Let's make a promise to Ryan and to all the children like her: never again will we let it become that dark again. Never again as dark as the darkest nights of that young life.

We've made a start. As I speak the trucks are rolling in -  
- 6 tractor-trailer loads of food from Oklahoma City, from Albuquerque, from Tuscon and Biloxi. A convoy of caring organized by Feed the Children International, a non-profit church

group. Churches throughout the southland are collecting money, food, and clothing -- reaching out to the community. That's the America we know. The America we're praying for. Thank you. God bless you, and God bless the United States of America.

When she brought scouting to the girls of America 80 years ago, Juliette Gordon Low could not have envisioned the immense popularity and stature that it enjoys today. In a 1924 letter to members of the Girl Scouts, she wrote:

I hope that during the coming year we shall all remember the rules of this Girl Scouting game of ours. They are: To play fair. To play in your place. To play for your side and not for yourself. And as for the score, the best thing in a game is the fun and not the result. . . .

For millions of American women, participation in the Girl Scouts has proved to be excellent preparation for life, and Ms. Low's words are well worth remembering today.

**Nomination of Gregori Lebedev To Be Inspector General of the Department of Defense**

*March 10, 1992*

The President today announced his intention to nominate Gregori Lebedev, of Virginia, to be Inspector General at the U.S.

Department of Defense. He would succeed Susan J. Crawford.

Currently Mr. Lebedev serves as president of the consulting firm of New American Ventures Group, Ltd., in Washington, DC. Prior to this, he served as a senior partner and member of the U.S. executive committee of the Hay Group in Washington, DC, 1978-1991; Assistant Inspector General for Foreign Assistance at the Department of State, 1976-1977; and Deputy Assistant Secretary of State for Security and Consular Affairs, 1975-1976. In addition, he served as Deputy Special Assistant to the President at the White House, 1973-1975.

Mr. Lebedev graduated from the University of South Dakota (B.A., 1966; J.D., 1969). He was born April 1, 1943, in New Brunswick, NJ. Mr. Lebedev is married and resides in Washington, DC.

**Remarks at the United Negro College Fund Dinner**

*March 10, 1992*

Well, welcome. Barbara and I are just thrilled to welcome all of you to the White House. And this will be short because I remember Billy Graham's famous story he tells at the crusade about the speaker that went on and on. The guy sitting next to him picked up the gavel, threw it at the speaker, missed, hit the woman next to him. And the woman said, "Hit me again; I can still hear him." *[Laughter]* We're not here for all of this. Also, you'll forgive me if I'm a little nervous; it's a big election night out there. So, if you see these little slips of paper coming in, forgive me.

Now, first let me thank Bill Gray and Andrea. And I've tried it both ways, of being on the opposite side from this guy when he was in the Congress and being on the same side with him now that he's running the United Negro College Fund. And I like it better this way. He was tough, strong, and able.

To those of you who have benefited the United Negro College Fund and you don't know Bill Gray, you've got a wonderful leader. You've got a man of principle, a man of faith. And we are very fortunate to have him.

I say "we" because I consider myself a part of this family, and so does Barbara.

I will say a word about Walter Annenberg in a minute because he has a very special role in all of this. I want to salute members of the Cabinet that are here: Dick Cheney, Lou Sullivan, Jack Kemp, and our newest member, the Secretary of Transportation, Andy Card. And I also want to thank Joe Williams, the outgoing chairman, for what he's done for this organization. And unless it smacks of a little too much family, I'd like to single out the incoming chairman, my brother John. I think having the United Negro College Fund to a dinner in the White House is perhaps long overdue. And my arm is just twisted out of the sockets, but now it's back and all is well.

Let me just mention some good news for the UNCF. Together, a goal was set for Campaign 2000 of \$250 million. And to get this campaign off to a fast start, and now I get to Walter Annenberg, who does so much for so many, the Annenberg foundation made a \$50 million challenge grant. And since the kickoff, donations large and small have poured in. And I'm delighted to note this evening that we're about halfway there, \$125 million raised so far.

And I look around this room, and I see so many from corporate America, Points of Light all, who were asked day in and day out to support worthy causes, who respond overwhelmingly but have come through for the United Negro College Fund in a profound and wonderful way. And many of America's most successful corporations and business leaders are in this room with us tonight.

I've known many of you for more years than many of us care to count. And let me say to all of you what I've said to many in private conversations: Barbara and I really believe in the United Negro College Fund, and we want to help in any way we can. And that goes for two that aren't with us tonight: the Secretary of Education, Lamar Alexander, and his able assistant, so well-known to many here, David Kearns, who is the Deputy at the Department of Education. They believe in this. They want to support it. And so, we've got a good team who believe in the work here.

The guiding mission of the fund has not changed since the days when Barbara and I first came to the cause in '47, under the leadership then of a guy named Bill Trent that some of you may know, now living in retirement in Greenville, North Carolina, I believe. But when so many despair about a bleak future, this organization gives tomorrow's great minds room to grow. And when so many repeat the all-too-familiar litany of crime and drugs and violence that does concern us all, the UNCF answers with education and opportunity and freedom for all.

So let me say tonight, may the noble aims of this organization guide this Nation always. And once again, may I thank all of you for your support and for joining us here this special evening. And now may I ask Bill Gray, the only other and the final speaker, to come up and just say a word in his defense.

Thank you all very, very much.

*Note: The President spoke at 7:30 p.m. on the State Floor at the White House. In his remarks, he referred to William H. Gray III, president and chief executive officer of the United Negro College Fund; publisher Walter H. Annenberg, president of the M.L. Annenberg Foundation; and William J. Trent, Jr., the first executive director of the fund. A tape was not available for verification of the content of these remarks.*

### Statement on Winning Presidential Primaries

March 10, 1992

To the voters who gave us their overwhelming support today, Barbara and I say thank you. We are especially grateful to those who have given so much of their time and energy to our cause. Because of your efforts, we are winners again tonight.

As a party and a Nation, let us turn our attention to our future. We must focus on the complex task of job creation in this country. Congress must act on my economic stimulus plan. We need action on housing, crime, health care, education, and a host of other issues. The voters of eight States have declared their support for my proposals on be-

I CAN TELL THAT ED ECKENHOFF IS A GOOD GOLFER. WHEN I SHOOK HIS HAND EARLIER, HE CORRECTED MY GRIP.

BEFORE I CAME OVER HERE I ASKED SOMEONE IF HE'D HEARD ABOUT ED'S HOLE-IN-ONE. HE SAID "WHO HASN'T?"

I ONCE PLAYED WITH THE ULTIMATE DISHONEST GOLFER. HE SHOT A HOLE-IN-ONE, BUT WROTE DOWN "ZERO" ON HIS SCORECARD.

I ASKED BARBARA WHAT SHE THOUGHT THE CHANCES ARE OF ME GETTING A HOLE-IN-ONE. SHE SAID "ABOUT THE SAME AS THE CHANCES OF YOU BEATING ARNOLD SCHWARZENEGGER AT WRIST-WRESTLING."

MX I WOULDN'T MIND GETTING SOME TIPS FROM ED, BECAUSE MY GOLF GAME LEAVES A LOT TO BE DESIRED. I'VE GIVEN UP TRYING TO SHOOT MY AGE -- NOW I'M TRYING TO SHOOT THE U.S. BUDGET.
