REMARKS BY THE PRESIDENT
AT THE DEDICATION OF
THE MICHAEL BILIRAKIS ALZHEIMER'S CENTER

St. Mark Village
Palm Harbor, Florida

2:11 P.M. EDT

THE PRESIDENT: Thank you all very, very much. Thank you, Mike. Thank you very much for this warm welcome and I am pleased to be here. Please. Governor Martinez and Senator Mack, Congressman Bill Young, our neighboring Congressman from here, I'm just delighted to be here. And I want to congratulate Ed and Reverend Fresh and everybody else that has been instrumental and so creative in this marvelous project that we're here to honor.

But first, I want to say how much Barbara and I treasure the friendship with your Congressman Mike Bilirakis, and his lovely Evelyn. (Applause.) And in case you didn't know it, you're pretty lucky. And since we're in a wonderful health facility, I'll give you a report on the Silver Fox. She's doing very well. And so are the puppies, though I will be glad when they go on to their new owners. (Applause.) But, Evelyn and Mike, thank you for the warm welcome back.

I'm here today to really thank Mike for what he has done in this thousand points of light fashion and his private devotion in seeking support and solutions for Alzheimer's patients. And for his work -- his dedicated work -- we are all very, very grateful.

It's a special honor to be here, on behalf of a cause that matters so deeply to so many. Alzheimer's extracts a devastating toll on its victims -- and on those who love them. And by the time this century ends, more than one out of four Americans will be over 50 and will face some risk of being stricken with this disease.

The Michael Bilirakis Alzheimer's Center is designed to care for Alzheimer's patients all the way from that original diagnosis, to caring for them in their most difficult days. And this center will serve as a place of hope and a source of comfort, until a cure is found.

And while the disease may ravage its victims, it makes heroes and heroines, in my view, out of all who care for them. And while it challenges the very fabric of the family, it also demands new strength -- a strength in each other, that we might not have known we had.

But above all, this disease is a reminder of what ought to be the American birthright: that we should be able to live our lives as engaged, productive, and full participants in this community of citizens.

In a nation that looks after its own, that birthright entails its own responsibility: that any definition of a successful life must include serving others. And that success is not, cannot, be measured by the sum of our possessions, but by the good we do for others -- and that whatever life and health and love we have within us, we must share with others.

MORE

Older Americans represent a phenomenal reserve of talent and experience -- qualities that this country sorely needs. And so even as I join you in dedicating a place of refuge and comfort for those stricken with this deadly disease, I would ask all of you who have health and determination to consider how much we gain when we give of ourselves.

In New York City -- I'll never forget it -- hearing about it from her -- Barbara met with a group helping young Cambodians to learn English. And while she was there, an older lady told Barbara how desperately lonely she had been before she volunteered. And her eyes filled with tears at remembering it. And then her face lit up as she told my wife, "I've never been lonely a day since."

Well, one person's need matches another's -- and a wonderful thing happens. I always like to remember that there is no exercise better for the human heart than reaching down, and lifting someone else up. The rest of your life really should be the best of your life.

At the Inaugural, which seems like months ago, but it wasn't that long ago -- I keep getting reminded it was about 100 days ago -- (laughter) -- I spoke of a new engagement in the lives of others. And today, I challenge those of you who can to get involved -- and to stay involved. Find a place, or an organization, or someone else's life where you can make a difference.

And so many of you here -- I feel like I'm preaching to the choir -- so many of you already have. Some of you do volunteer work at local hospitals -- or in one of the constellation of community groups in and around Palm Harbor. I understand a number of the people here today have been helping boys in trouble, at the Sheriff's Youth Ranch. And many of you at St. Mark's are donating your time to helping out on the Alzheimer's unit.

And to those of you who are making the lives of the less fortunate a little easier, I offer my admiration -- and my thanks.

"The young know the rules," Oliver Wendell Holmes once said; "but the old know the exceptions." Many of you today already are exceptions -- and exceptional. And I cheer you on, and I encourage you, and I thank you for what you do to help others.

Thank you. God bless you. And God bless the United States of America. Thank you very much. (Applause.)

PRESIDENTIAL REMARKS: DEDICATION, ALZHEIMER'S CENTER
PALM HARBOR, FLORIDA
THURSDAY, APRIL 27, 1989
1:50 P.M.

THANK YOU MIKE, IT'S GREAT TO BE BACK. YOU KNOW HOW MUCH I LOVE TO GO FISHING IN THE WARM WATERS OF THE FLORIDA COAST. BUT I AM NO LESS DELIGHTED TO BE BACK AMONG SO MANY FRIENDS.

- 2 -

I AM HERE TODAY TO THANK MIKE BILIRAKIS FOR HIS EFFORTS IN SEEKING SUPPORT AND SOLUTIONS FOR ALZHEIMER'S PATIENTS. FOR HIS WORK, WE ARE ALL GRATEFUL.

IT'S A SPECIAL HONOR TO BE HERE, ON BEHALF OF A CAUSE THAT MATTERS SO DEEPLY, TO SO MANY. ALZHEIMER'S DISEASE EXTRACTS A DEVASTATING TOLL ON ITS VICTIMS -- AND ON THOSE WHO LOVE THEM.

BY THE TIME THIS CENTURY ENDS, MORE THAN ONE OUT OF FOUR AMERICANS WILL BE OVER 50 -- AND WILL FACE SOME RISK OF BEING STRICKEN WITH THIS DISEASE.

THE MICHAEL BILIRAKIS ALZHEIMER'S CENTER IS DESIGNED TO CARE FOR ALZHEIMER'S PATIENTS ALL THE WAY FROM DIAGNOSIS, TO CARING FOR THEM IN THEIR MOST DIFFICULT DAYS. THIS CENTER WILL SERVE AS A PLACE OF HOPE, AND A SOURCE OF COMFORT, UNTIL A CURE IS FOUND.

WHILE THE DISEASE MAY RAVAGE ITS VICTIMS, IT MAKES HEROES AND HEROINES OF ALL WHO CARE FOR THEM. AND WHILE IT CHALLENGES THE VERY FABRIC OF THE FAMILY, IT ALSO DEMANDS NEW STRENGTH -- A STRENGTH IN EACH OTHER, THAT WE MIGHT NOT HAVE KNOWN WE HAD.

BUT ABOVE ALL, THIS DISEASE IS A REMINDER OF WHAT OUGHT TO BE AN AMERICAN BIRTHRIGHT: THAT WE SHOULD BE ABLE TO LIVE OUT OUR LIVES AS ENGAGED, PRODUCTIVE, AND FULL PARTICIPANTS IN THIS COMMUNITY OF CITIZENS.

IN A NATION THAT LOOKS AFTER ITS OWN, THAT BIRTHRIGHT ENTAILS ITS OWN RESPONSIBILITY: THAT ANY DEFINITION OF A SUCCESSFUL LIFE MUST INCLUDE SERVING OTHERS. THAT SUCCESS IS NOT, CANNOT, BE MEASURED BY THE SUM OF OUR POSSESSIONS, BUT BY THE GOOD WE DO FOR OTHERS. THAT WHATEVER LIFE, AND HEALTH, AND LOVE WE HAVE WITHIN US, WE MUST SHARE WITH OTHERS.

OLDER AMERICANS REPRESENT A PHENOMENAL RESERVE OF TALENT AND EXPERIENCE -- QUALITIES THIS COUNTRY NEEDS.

SO EVEN AS I JOIN YOU IN DEDICATING A PLACE OF REFUGE AND COMFORT FOR THOSE STRICKEN WITH A DEADLY DISEASE, I WOULD ASK ALL OF YOU WHO HAVE HEALTH AND DETERMINATION, TO CONSIDER HOW MUCH WE GAIN, WHEN WE GIVE OF OURSELVES.

IN NEW YORK CITY, MY WIFE BARBARA MET WITH A GROUP HELPING YOUNG CAMBODIANS LEARN ENGLISH. WHILE SHE WAS THERE, ONE OLDER LADY TOLD BARBARA HOW DESPERATELY LONELY SHE HAD BEEN, BEFORE SHE VOLUNTEERED.

HER EYES FILLED WITH TEARS AT REMEMBERING IT. AND THEN HER FACE LIT UP, AS SHE TOLD BARBARA, "I'VE NEVER BEEN LONELY A DAY SINCE."

ONE PERSON'S NEED MATCHES ANOTHER'S -- AND A WONDERFUL THING HAPPENS. I ALWAYS LIKE TO REMEMBER THAT THERE IS NO EXERCISE BETTER FOR THE HUMAN HEART THAN REACHING DOWN, AND LIFTING SOMEONE ELSE UP. THE REST OF YOUR LIFE REALLY SHOULD BE THE BEST OF YOUR LIFE.

AT THE INAUGURAL, I SPOKE OF A NEW ENGAGEMENT IN THE LIVES OF OTHERS. TODAY, I CHALLENGE THOSE OF YOU WHO CAN, TO GET INVOLVED -- AND STAY INVOLVED. FIND A PLACE, OR AN ORGANIZATION, OR SOMEONE ELSE'S LIFE, WHERE YOU CAN MAKE A DIFFERENCE.

SO MANY OF YOU ALREADY HAVE. SOME OF YOU DO VOLUNTEER WORK AT LOCAL HOSPITALS -- OR IN ONE OF THE CONSTELLATION OF COMMUNITY GROUPS IN AND AROUND PALM HARBOR.

I UNDERSTAND A NUMBER OF THE PEOPLE HERE HAVE BEEN HELPING BOYS IN TROUBLE, AT THE SHERIFF'S YOUTH RANCH. AND MANY OF YOU AT ST. MARK'S ARE DONATING YOUR TIME TO HELP OUT ON THE ALZHEIMER'S UNIT.

TO THOSE OF YOU WHO ARE MAKING THE LIVES OF THE LESS FORTUNATE A LITTLE EASIER, I OFFER MY ADMIRATION -
- AND MY THANKS.

"THE YOUNG KNOW THE RULES," OLIVER WENDELL HOLMES ONCE SAID; "BUT THE OLD KNOW THE EXCEPTIONS."

MANY OF YOU ALREADY ARE EXCEPTIONS -- AND EXCEPTIONAL. AND I CHEER YOU ON.

THANK YOU. GOD BLESS YOU. AND GOD BLESS AMERICA.

PRESIDENTIAL REMARKS: DEDICATION, ALZHEIMER'S CENTER
PALM HARBOR, FLORIDA
THURSDAY, APRIL 27, 1989
1:50 P.M.

((Thank you, Mike [Congressman Bilirakis]... You know, in a little town near here, a guy got the attention of the local fish and game warden. Seems he brought in a huge catch, every time he went out on the lake. So the warden asks if he can go along with him, the next time. The guy says, "Sure."

So they get out there in the boat early one morning, and the guy reaches into his tackle box, pulls out a stick of dynamite, lights it, and throws it over the side. There's a big explosion under water -- and a dozen fish float to the surface.

The warden yells at him, "Don't you know that's illegal?" Well, the guy reaches down, pulls out another stick of dynamite, lights it, hands it to the warden, and says, "You want to argue? Or you want to fish?"))

Well, you didn't send anyone to Washington to argue. Or to fish -- although I do love fishing in the warm waters of the Florida coast. No, you sent us to Washington to find solutions. And Congressman Bilirakis has been finding solutions and support for Alzheimer's patients. For his work, we are all grateful.

It's a special honor to be here, on behalf of a cause that matters so deeply, to so many. Alzheimer's Disease extracts a devastating toll on its victims -- and on those who love them. And Congressman Bilirakis has been finding solutions and support for Alzheimer's patients. For his work, we are all grateful.

It's a special honor to be here, on behalf of a cause that matters so deeply, to so many. Alzheimer's Disease extracts a devastating toll on its victims -- and on those who love them. By the time this century ends, more than one out of four Americans will be over 50 -- and will face some risk of being stricken with this disease.

The Michael Bilirakis Alzheimer's Center is the first facility in the nation designed to care for Alzheimer's patients -- all the way from diagnosis, to caring for them in their final days. This center will serve as a place of hope, and a source of comfort, until a cure is found.

While the disease may ravage its victims, it makes heroes and heroines of all who care for them. And while it challenges the very fabric of the family, it also demands new strength -- a strength in each other, that we might not have known we had.

But above all, this disease is a reminder of what ought to be an American birthright: that we should be able to live out our lives as engaged, productive, and full participants in this community of citizens.

In a nation that looks after its own, that birthright entails its own responsibility: That any definition of a successful life must include serving others. That success is not, cannot, be measured by the sum of our possessions, but by the good we do for others. That whatever life, and health, and love we have within us, we must share with others.

Older Americans represent a phenomenal reserve of talent and experience -- qualities this country can use right now. So even as I join you in dedicating a place of refuge and comfort for those stricken with a deadly disease, I would ask all of you who have the health and inclination, to consider how much we gain, when we give of ourselves.

In New York City, my wife Barbara met with a group helping young Cambodians learn English. While she was there, one older lady told Barbara how desperately lonely she had been, before she volunteered. Her eyes filled with tears at remembering it. And then her face lit up, as she told Barbara, "I've never been lonely a day since."

One person's need matches another's -- and a wonderful thing happens. I always like to remember that there is no exercise better for the human heart than reaching down, and lifting someone else up. The rest of your life really should be the best of your life.

At the Inaugural, I spoke of a new engagement in the lives of others. Today, I challenge those of you who can, to get involved -- and stay involved. Find a place, or an organization, or even a single life, where you can make a difference for someone else.

So many of you already have. Some of you do volunteer work at local hospitals -- or in one of the constellation of community groups in and around Palm Harbor. I understand a number of the men here have been helping boys in trouble, at the Sheriff's

Youth Ranch. And many of you at St. Mark's are donating your time to help out on the Alzheimer's unit.

To those of you who are making the lives of the less fortunate a little easier, I offer my admiration -- and my thanks.

"The young know the rules," Oliver Wendell Holmes once said; "but the old know the exceptions." Many of you already are exceptions -- and exceptional. And I cheer you on.

Thank you. God bless you. And God bless America.

SUBJECT: Alzheimer's Center Draft Speech

This fine speech hits all the right notes. It uses the President's leitmotifs of "From now on the definition of a successful life must include serving others," "success is not measured by the sum of our possessions," and "new engagement in the lives of others." We especially like the joke!

PRESIDENTIAL REMARKS: DEDICATION, ALZHEIMER'S CENTER
PALM HARBOR, FLORIDA
THURSDAY, APRIL 27, 1989
1:50 P.M.

((Thank you, Mike [Congressman Bilirakis]... You know, in a little town near here, a guy got the attention of the local fish and game warden. Seems he brought in a huge catch, every time he went out on the lake. So the warden asks if he can go along with him, the next time. The guy says, "Sure."

So they get out there in the boat early one morning, and the guy reaches into his tackle box, pulls out a stick of dynamite, lights it, and throws it over the side. There's a big explosion under water -- and a dozen fish float to the surface.

The warden yells at him, "Don't you know that's illegal?" Well, the guy reaches down, pulls out another stick of dynamite, lights it, hands it to the warden, and says, "You want to argue? Or you want to fish?"))

Well, you didn't send anyone to Washington to argue. Or to fish -- although I do love fishing in the warm waters of the Florida coast. No, you sent us to Washington to find solutions. And Congressman Bilirakis has been finding solutions and support for Alzheimer's patients. For his work, we are all grateful.

It's a special honor to be here, on behalf of a cause that matters so deeply, to so many. Alzheimer's Disease extracts a devastating toll on its victims -- and on those who love them.
