Proposed Video Script  
Governor Martinez

I'm pleased and proud to join our great minority leader Bob Dole tonight in congratulating Bob martinez on the great job he's <sup>done</sup> ~~done~~ as governor of Florida. His creative leadership and courage have made a tremendous difference for ~~you~~ Florida and the nation.

Bob Martinez has pioneered effective ideas for fighting crime and drugs -- a battle we must win. He's a champion of managed growth and the environment, and his budgets are models of cost efficient government I wish Congress would emulate.

Bob, your effective hands-on management and care and concern for people have made Florida a better place to live.

And with several Floridians in the family, I have more than a passing interest in your great states' future and quality of life.

I know you're with many great friends and supporters tonight and I'm proud to be among them. Like everyone in this room, I'm going to do everything I can to see that we all continue to benefit from your tremendous leadership as Governor of Florida. You can count on the whole Bush family to spread the word.
