PROPOSED VIDEO MESSAGE
AMERICAN TRUCKERS ASSOCIATION S.

Good evening. It's wonderful to talk with the American Trucking Association^{ING} once again. The last time we met was about three years ago. And while I held a different job back then, the challenges and issues facing this Nation's transportation network are still of great concern to us all.

Let me first say thank you to your Chairman Bill Word as he finishes his term and congratulate Dunc McRae, your^{ING} incoming Chairman. I also want to mention President Tom Donahue and the top notch job he's doing and say hello to my good friend Craig Fuller who I understand you will hear from next.

Let me begin by commending the work you've all done on transportation safety. From fighting for more roadside inspections, to the commercial drivers license which you helped pass in 1986, to your most recent support of drug testing, the A-T-A has spoken loudly that the industry will **not** tolerate unsafe drivers and unsafe vehicles on our highways.

But with more than three quarters of our nation's communities receiving their food, clothing and daily needs solely through truck delivery, we know more work must be done. As I've heard you say, "Without Trucks America Stops". So, we'll be counting on you -- the A-T-A -- to continue your efforts to make America's highways the safest in the world.

Also, I look forward to working with you on another key issue facing us in the 1990's -- the Clean Air Act and the reauthorization of the Highway ^{Program.} ~~Bill.~~ On the first, the fact that the trucking industry has again taken the leadership role by agreeing to meet EPA's 1994 standards through cleaner diesel fuels shows the willingness of this industry, like few others, to share the responsibility for creating a clean and healthy environment for our children and our grandchildren.

I look forward to working with you on these and many other issues.

Best wishes to all of you and God bless you all.

IN HONOR OF EXCELLENCE SYMPOSIUM FOR EDUCATORS

Good evening and welcome to the Nation's Capitol. It's a historic city and a perfect setting to honor this year's finest teachers and principals.

I've said before that education is long-term planning at its best. And we'll see the payoff from the work you do in our schools today years from now. As those of you gathered here today know, the work you do, the seeds you plant, bear fruit across a lifetime. But there are few tasks in America that demand more urgent attention than the education of our kids.

Last month, I met with each of your governors at the Education Summit in Virginia. While we had many different ideas about how to strengthen our educational system, we agreed on one thing: education has no more important resource than you -- our outstanding teachers and principals. You are true American heroes, on the front line of education, initiating reforms and striving for excellence. Heroes who, day in and day out, nurture and inspire our children to a simple but wonderful goal. (PAUSE)
To learn.

Congratulations once again to each of you. You all have a dedication and love of learning that touches the lives not only of our children but so many in your communities. And for that, not only do you have the heartfelt thanks of this great nation, but also of this President.

Thank you, and God bless you all.

OHIO ASSOCIATION OF BROADCASTERS

Good Evening. And thank you Gene d'Angelo for your kind invitation to speak to the largest radio and tv association in this country. After speaking to your group, both in Cincinnati and Columbus last year, I truly do feel I am among friends with the Ohio Association of Broadcasters.

As most of you know, I have deep roots in Ohio. My grandfather worked at Buckeye Steel in Columbus and my father was born in Ohio. Today, my ties with Ohio remain strong and I am especially proud of the work the Ohio Broadcasters are doing to fight alcohol and drug abuse. I understand the Ohio Broadcasters are devoting hours of free air-time for anti-alcohol and anti-drug public service announcements. And I hear you are taking it one step further, putting competition aside, and on the same day, at the same time, airing two hours of programming exclusively on the war on drugs. What an outstanding contribution you are making to this important fight.

But to be honest, I'm not surprised to hear about such great contributions from the Ohio Broadcasters. Your group has always understood that the definition of any successful life must include service to others. I, and all Ohioans thank you for your commitment.

AMERICAN DENTAL ASSOCIATION

Good Morning! Greetings to the members of the American Dental Association as you begin your 130th Annual Meetings in the "Aloha State". My congratulations to Art Dugoni, (DEW-GO-KNEE) on a successful year of leadership and best wishes to Mike Overbey (OVER-BE) as he begins his new term.

As I have often said, any definition of a successful life must include service to others, and the A-D-A has a long and honorable history of service to the public. As you gather to set policies to guide the dental profession in the coming years, you'll be talking "perio" and "endo", but let me commend you for your longstanding emphasis on effective disease control procedures. Your work to prevent the spread of infectious diseases like Hepatitis, and, more recently, AIDS has been invaluable for the safety of all Americans.

Let me also highlight your efforts to increase access to care for individuals who for financial and other reasons, simply aren't getting the quality care American dentistry can provide. Your efforts have, and will continue to make a difference. Thank you for all you do and have a great meeting. God bless you all.

BOY'S CLUB OF NEW YORK

Good evening. It's an honor to be with you tonight to celebrate the "14th Annual Boy's Club of New York, All Sports Hall of Fame Dinner". It's fitting that tonight this room is filled with some of the greatest athletes of all time, because participating in sports teaches invaluable lessons both on the playing field and off. Learning teamwork, setting goals and working hard to reach them is what the Boy's Club is all about. The athletes you honor tonight share a commitment to this country's most precious resource; our children, at a time when strong role models are desperately needed to help young people understand that true success and true heroes are drug-free.

I join you in congratulating the 1989 Hall of Famers, as well as John Akers, your Harriman Award recipient. I know firsthand of John's commitment to the young people of America. You could not have chosen a more outstanding individual to receive this important award.

I would also like to recognize the efforts of your Dinner Chairman, Lou Gerstner, and all of you who support The Boy's Club of New York. Your contributions make the Boys Club a radiant example of the "thousand points of light" I like to talk about. Barbara and I send our congratulations and best wishes for a wonderful evening.

RELIGIOUS ALLIANCE AGAINST PORNOGRAPHY

I'm honored to join Dr. Jerry Kirk and Joseph Cardinal Bernardin in welcoming you to the National Conference of the Religious Alliance Against Pornography. You know it's something truly important when so many people of different faiths unite for one cause.

Let me state my total support for the goal of eliminating illegal obscenity and child pornography. Our Administration remains firmly committed to take the lead in the battle against pornography. The passage of the Child Protection and Obscenity Enforcement Act provides a powerful new tool for federal prosecutors to act against illegal pornographers. And while this crucial legislation has closed many loopholes, more work needs to be done. But, with your help, we will eradicate these evils.

As you begin your conference, I urge each of you to redouble your efforts to mobilize leaders and educate Americans about the harm of illegal pornography. Your work in this area remains invaluable in our effort to make America a better place for ourselves, and our children.

Thank you, keep up the important work, and God bless you all.

AIR FORCE ASSOCIATION BALL

Good evening. It's wonderful to join you, and the Air Force Association, in the "City of Angels" for this important event.

I've often said that education is our most enduring legacy, vital to everything we are, and can become. That's why the Air Force Association's hard work in creating and maintaining scholarships for the children of American military personnel is so critical.

The men and women of this country's armed forces make so many sacrifices in the pursuit of freedom and democracy. Every hour of every day, in every part of the world, dedicated men and women keep the United States safe and secure with a love of country that is unparalleled. And, it's no surprise that this sacrifice extends to making sure that the children of those who gave their lives can pursue an education.

By recognizing the value of providing educational opportunities for our youngest generation, you understand where the future lies -- in the minds and the hearts of our children. No cause is more important than the course we set for them today, or the tools we give them to prepare for tomorrow's journey.

And to this year's scholarship winners, congratulations and let me pass on a personal thought. Many sacrifices have been made in the cause of freedom -- your fathers are ~~some of the finest~~ examples. In receiving these awards, you ~~too~~ will have

IN HONOR OF EXCELLENCE SYMPOSIUM FOR EDUCATORS

Good evening and welcome to the Nation's Capitol. It's a historic city and a perfect setting to honor this year's finest teachers and principals.

I've said before that education is long-term planning at its best. And we'll see the payoff from the work you do in our schools today years from now. As those of you gathered here today know, the work you do, the seeds you plant, bear fruit across a lifetime. ~~But~~ there are few tasks in America that demand more urgent attention than the education of our kids.

Last month, I met with each of your governors at the Education Summit in Virginia. While we had many different ideas about how to strengthen our educational system, we agreed on one thing: education has no more important resource than you -- our ~~outstanding~~ ^{heroes} teachers and principals. You are true American ~~heroes~~, on the front line of education, initiating reforms and striving for excellence. ~~Heros~~ who, day in and day out, nurture and inspire our children to a simple but wonderful goal. Good Evening. And thank you Gene d'Angelo for your kind invitation to speak to the largest radio and tv association in this country. After speaking to your group, both in Cincinnati and Columbus last year, I truly do feel I am among friends with the Ohio Association of Broadcasters.

As most of you know, I have deep roots in Ohio. My grandfather worked at Buckeye Steel in Columbus and my father was born in Ohio. RELIGIOUS ALLIANCE AGAINST PORNOGRAPHY

I'm honored to join Dr. Jerry Kirk and Joseph Cardinal Bernardin in welcoming you to the National Conference of the Religious Alliance Against Pornography. You know it's something truly important when so many people of different faiths unite for one cause.

Let me state my total support for the goal of eliminating illegal obscenity and child pornography. Our Administration remains firmly committed to take the lead in the battle against pornography. The passage of the Child Protection and Obscenity Enforcement Act provides a powerful new tool for federal prosecutors to act against illegal pornographers. And while this crucial legislation has closed many loopholes, more work needs to be done. But, with your help, we will eradicate these evils.

As you begin your conference, I urge each of you to redouble your efforts to mobilize leaders and educate Americans about the harm of illegal pornography. Your work in this area remains invaluable in our effort to make America a better place for ourselves, and our children.

Thank you, keep up the important work, and God bless you all.

PROPOSED VIDEO MESSAGE
AIR FORCE ASSOCIATION BALL

Good evening. It's wonderful to join you, and the Air Force Association, in the "City of Angels" for this important event.

I've often said that education is our most enduring legacy, vital to everything we are, and can become. That's why the Air Force Association's hard work in creating and maintaining scholarships for the children of American military personnel is so critical.

The men and women of this country's armed forces make so many sacrifices in the pursuit of freedom and democracy. Every hour of every day, in every part of the world, dedicated men and women keep the United States safe and secure with a love of country that is ~~unparalleled~~. And, it's no surprise that this sacrifice extends to making sure that the children of those who gave their lives can pursue an education.

By recognizing the value of providing educational opportunities for our youngest generation, you understand where the future lies -- in the minds and the hearts of our children. No cause is more important than the course we set for them today, or the tools we give them to prepare for tomorrow's journey.

And to this year's scholarship winners, congratulations and let me pass on a personal thought. Many sacrifices have been made in the cause of freedom -- your fathers are some of the finest examples. In receiving these awards, you too will have

the opportunity to carry on their tradition of courage and
commitment to this great nation.

Thank you, God bless you all and God bless the United States

PROPOSED VIDEO MESSAGE
AMERICAN TRUCKERS ASSOCIATION

Good evening. It's wonderful to talk with the American Trucking Association once again. The last time we met was about three years ago. And while I held a different job back then, the challenges and issues facing this Nation's transportation network are still of great concern to us all.

Let me first say thank you to your Chairman Bill Word as he finishes his term and congratulate Dunc McRae, your incoming Chairman. I also want to mention President Tom Donahue and the top notch job he's doing and say hello to my good friend Craig Fuller who I understand you will hear from next.

Let me begin by commending the work you've all done on transportation safety. From fighting for more roadside inspections, to the commercial drivers license which you helped pass in 1986, to your most recent support of drug testing, the A-T-A has spoken loudly that the industry will not tolerate unsafe drivers and unsafe vehicles on our highways.

But with more than three quarters of our nation's communities receiving their food, clothing and daily needs solely through truck delivery, we know more work must be done. As I've heard you say, "Without Trucks America Stops". So, we'll be counting on you -- the A-T-A -- to continue your efforts to make America's highways the safest in the world.

Also, I look forward to working with you on another key issue facing us in the 1990's -- the Clean Air Act and the reauthorization of the Highway Bill. On the first, the fact that the trucking industry has again taken the leadership role by agreeing to meet EPA's 1994 standards through cleaner diesel fuels shows the willingness of this industry, like few others, to share the responsibility for creating a clean and healthy environment for our children and our grandchildren.

I look forward to working with you on these and many other issues.

Best wishes to all of you and God bless you all.

RELIGIOUS ALLIANCE AGAINST PORNOGRAPHY

I'm honored to join Dr. Jerry Kirk and Joseph Cardinal Bernardin in welcoming you to the National Conference of the Religious Alliance Against Pornography. You know it's something truly important when so many people of different faiths unite for one cause.

Let me state my total support for the goal of eliminating illegal obscenity and child pornography. Our Administration remains firmly committed to take the lead in the battle against pornography. The passage of the Child Protection and Obscenity Enforcement Act provides a powerful new tool for federal prosecutors to act against illegal pornographers. And while this crucial legislation has closed many loopholes, more work needs to be done. But, with your help, we will eradicate these evils.

As you begin your conference, I urge each of you to redouble your efforts to mobilize leaders and educate Americans about the harm of illegal pornography. Your work in this area remains invaluable in our effort to make America a better place for ourselves, and our children.

Thank you, keep up the important work, and God bless you all.

AIR FORCE ASSOCIATION BALL

Good evening. It's wonderful to join you, and the Air Force Association, in the "City of Angels" for this important event.

I've often said that education is our most enduring legacy, vital to everything we are, and can become. That's why the Air Force Association's hard work in creating and maintaining scholarships for the children of American military personnel is so critical.

The men and women of this country's armed forces make so many sacrifices in the pursuit of freedom and democracy. Every hour of every day, in every part of the world, dedicated men and women keep the United States safe and secure with a love of country that is unparalleled. And, it's no surprise that this sacrifice extends to making sure that the children of those who gave their lives can pursue an education.

By recognizing the value of providing educational opportunities for our youngest generation, you understand where the future lies -- in the minds and the hearts of our children. No cause is more important than the course we set for them today, or the tools we give them to prepare for tomorrow's journey.

And to this year's scholarship winners, congratulations and let me pass on a personal thought. Many sacrifices have been made in the cause of freedom -- your fathers are some of the finest examples. In receiving these awards, you too will have

the opportunity to carry on their tradition of courage and
commitment to this great nation.

Thank you, God bless you all and God bless the United States
of America.

PROPOSED VIDEO MESSAGE
AMERICAN TRUCKERS ASSOCIATION

Good evening. It's wonderful to talk with the American Trucking Association once again. The last time we met was about three years ago. And while I held a different job back then, the challenges and issues facing this Nation's transportation network are still of great concern to us all.

Let me first say thank you to your Chairman Bill Word as he finishes his term and congratulate Dunc McRae, your incoming Chairman. I also want to mention President Tom Donahue and the top notch job he's doing and say hello to my good friend Craig Fuller who I understand you will hear from next.

Let me begin by commending the work you've all done on transportation safety. From fighting for more roadside inspections, to the commercial drivers license which you helped pass in 1986, to your most recent support of drug testing, the A-T-A has spoken loudly that the industry will not tolerate unsafe drivers and unsafe vehicles on our highways.

But with more than three quarters of our nation's communities receiving their food, clothing and daily needs solely through truck delivery, we know more work must be done. As I've heard you say, "Without Trucks America Stops". So, we'll be counting on you -- the A-T-A -- to continue your efforts to make America's highways the safest in the world.

Also, I look forward to working with you on another key issue facing us in the 1990's -- the Clean Air Act and the reauthorization of the Highway Bill. On the first, the fact that the trucking industry has again taken the leadership role by agreeing to meet EPA's 1994 standards through cleaner diesel fuels shows the willingness of this industry, like few others, to share the responsibility for creating a clean and healthy environment for our children and our grandchildren.

I look forward to working with you on these and many other issues.

Best wishes to all of you and God bless you all.

PROPOSED VIDEO MESSAGE
UNIVERSITY OF TEXAS VERSUS UNIVERSITY OF ARKANSAS

Good evening. It's great to join you in Fayetteville for the reunion dinner of the '68 - '69 Razorback football team to commemorate the twentieth anniversary of the "Big Shoot-Out".

What a wonderful, hard fought game that was, ^{celebrating the 100th year of college football.} As many of you know, I was there along with other elected officials from Texas and Arkansas. ^{between #1 Texas and #2 Arkansas,} While we all expected a good game, we weren't prepared for just how good it actually turned out to be. It was perfect weather to play football -- very cold and misty. And, while my allegiance was with the Longhorns that day, the Razorbacks made it a close game. Too close. We remember the great play of Razorback quarterback Bill Montgomery and the fabulous touchdown of split end, Chuck Dicus. And, except for including the fourth and three pass from James Street to Randy Peschel, and Ted Koy's ~~three two~~ spectacular plays by the Longhorn offense, that Razorback defense held us in check. rumble to set up the tying score--

But, in the end, and twenty years later, it's safe to say that both teams won. Every player gave their best effort, and every fan cheered their hearts out. And that day was also the beginning of an annual meeting between the two schools that's turned into quite a rivalry ^{-- one of many in the} ~~unmatched by any other in the~~ Southwest Conference.

So, tonight, let's relive the lore and legend of the "Big Shoot-Out". And, let me congratulate all the team members for not only a historic game, but a memorable season.

UNIVERSITY OF TEXAS VERSUS UNIVERSITY OF ARKANSAS

Good evening. It's great to join my old friend John Paul Hammerschmidt and everyone else in Fayetteville for the reunion dinner of the '68 - '69 Razorback football team to commemorate the twentieth anniversary of the "Big Shoot-Out."

What a wonderful...
The thing I remember most about that game, *however,* was the difficulty we had getting there. We left Washington the morning of the game on Air Force One with President Nixon, Senators McClellan and Fulbright, Appropriations Chairman George Mahon, Congressman Jim Wright and Jake Pickle, to join Governor Win Rockefeller in Fort Smith. I also remember Henry Kissinger was along.

When we boarded the Marine One helicopter in Fort Smith, the weather was at minimum flight conditions. It got progressively worse as we flew toward Fayetteville.

And while we were circling over someone's cow pasture awaiting clearance to land on the U of A practice field, I asked John Paul how he thought they could allow a President to get in such a dangerous situation. We decided with all that rank on board, it was just "good planning."

But, the game made it all worthwhile. While we all expected a good game between #1 Texas and #2 Arkansas, we weren't prepared for just how good it actually turned out to be. And, while my allegiance was with the Longhorns that day, the Razorbacks made it a close game. Too close. We remember the great play of

AMERICAN TRUCKING ASSOCIATION**

GOOD AFTERNOON. IT'S WONDERFUL TO TALK WITH THE AMERICAN TRUCKING ASSOCIATION ONCE AGAIN. THE LAST TIME WE MET WAS ABOUT THREE YEARS AGO. AND WHILE I HELD A DIFFERENT JOB BACK THEN, THE CHALLENGES AND ISSUES FACING THIS NATION'S TRANSPORTATION NETWORK ARE STILL OF GREAT CONCERN TO US ALL.

LET ME FIRST SAY THANK YOU TO YOUR CHAIRMAN BILL WARD AS HE FINISHES HIS TERM AND CONGRATULATE DUNC MCRAE, YOUR INCOMING CHAIRMAN. I ALSO WANT TO MENTION PRESIDENT TOM DONOHUE AND THE TOP NOTCH JOB HE'S DOING AND SAY HELLO TO MY GOOD FRIEND CRAIG FULLER WHO I UNDERSTAND YOU WILL HEAR FROM NEXT.

LET ME BEGIN BY COMMENDING ALL OF YOU FOR THE WORK YOU'VE DONE ON TRANSPORTATION SAFETY. FROM FIGHTING FOR MORE ROADSIDE INSPECTIONS, TO THE COMMERCIAL DRIVERS LICENSE WHICH YOU HELPED PASS IN 1986, TO YOUR MOST RECENT SUPPORT OF RANDOM, MANDATED DRUG TESTING, THE A-T-A HAS SPOKEN LOUDLY THAT THE INDUSTRY WILL NOT TOLERATE UNSAFE DRIVERS AND UNSAFE VEHICLES ON OUR HIGHWAYS.

BUT WITH MORE THAN THREE QUARTERS OF OUR NATION'S COMMUNITIES RECEIVING THEIR FOOD, CLOTHING AND DAILY NEEDS SOLELY THROUGH TRUCK DELIVERY, WE KNOW MORE WORK MUST BE DONE. AS I'VE HEARD YOU SAY, "WITHOUT TRUCKS AMERICA STOPS". SO, WE'LL BE COUNTING ON YOU -- THE A-T-A -- TO CONTINUE YOUR EFFORTS TO MAKE AMERICA'S HIGHWAYS THE SAFEST IN THE WORLD.

ALSO, I LOOK FORWARD TO WORKING WITH YOU ON ANOTHER KEY ISSUE FACING US IN THE 1990'S -- THE CLEAN AIR ACT. THE FACT THAT THE TRUCKING INDUSTRY HAS AGREED TO MEET EPA'S 1994 STANDARDS THROUGH CLEANER DIESEL FUELS SHOWS THE WILLINGNESS OF THIS INDUSTRY TO TAKE A LEADERSHIP ROLE IN WORKING TOWARD A CLEAN AND HEALTHY ENVIRONMENT FOR OUR CHILDREN AND OUR GRANDCHILDREN.

I LOOK FORWARD TO WORKING WITH YOU ON THESE AND MANY OTHER ISSUES.

BEST WISHES TO ALL OF YOU AND GOD BLESS YOU ALL.

SECRETARY OF EDUCATION CAVAZOS -- "CHOICE" MEETINGS**

IT'S A PLEASURE TO WELCOME EVERYONE TO TODAY'S MEETING ON SCHOOL CHOICE. AS YOU CAN PROBABLY TELL, CHOICE IS SOMETHING BOTH SECRETARY CAVAZOS AND I FEEL VERY STRONGLY ABOUT. AND FOR GOOD REASON.

TODAY, IN THIS COUNTRY, FOR A VARIETY OF REASONS, OUR EDUCATIONAL SYSTEM IS FAILING NOT ONLY OUR STUDENTS, BUT PARENTS, COMMUNITIES, AND EVEN EDUCATORS THEMSELVES. IT'S TIME TO TAKE A STAND. IT'S TIME FOR EVERYONE TO GET INVOLVED. THAT'S WHY YOU'RE HERE.

CHOICE AND SCHOOL-BASED MANAGEMENT ARE NEEDED BECAUSE THEY WILL LIBERATE OUR EDUCATORS AND SCHOOL BOARDS TO CREATE IMPROVED AND DISTINCTIVE SCHOOLS. EMPOWERED WITH SCHOOL-BASED MANAGEMENT AND FLEXIBILITY, TEACHERS WILL BE RELEASED FROM BUREAUCRATIC CONSTRAINTS SO THEY CAN DESIGN AND IMPLEMENT INNOVATIVE CURRICULA. THESE REFORMS WILL FREE OUR SCHOOLS FROM BLAND CONFORMITY AND ALLOW THEM TO BUILD ON THE STRENGTHS OF AMERICA'S DIVERSITY. AND WHERE IT HAS BEEN INTRODUCED, CHOICE HAS REVITALIZED THE SOUL OF AMERICAN EDUCATION FOR EVERYONE INVOLVED -- STUDENTS, PARENTS, TEACHERS, AND THE COMMUNITY.

THE SECRETARY AND I HOPE THAT THIS CONFERENCE, AND OTHERS LIKE IT, WILL URGE YOU TO GO OUT AND TELL THE REST OF THE AMERICAN PEOPLE THAT WE'VE FOUND WAYS TO RESTRUCTURE OUR EDUCATIONAL SYSTEM. WHILE YOU CAN COUNT ON BOTH THE SECRETARY AND ME TO SPEAK OUT AT THE NATIONAL LEVEL, WE'LL NEED YOU TO CARRY THE MESSAGE TO EVERY STATE LEGISLATURE, SCHOOL BOARD, PTA MEETING, AND MOST OF ALL PARENTS. WE'RE MAKING CHOICE THE CORNERSTONE OF EDUCATIONAL REFORM. AND BY DOING THAT, WE'LL MAKE AMERICAN EDUCATION WORK ONCE AGAIN.

THANK YOU ALL FOR COMING TODAY. AND, LARRY, THANK YOU FOR ALL YOUR HARD WORK IN TAKING THE MESSAGE OF OUR EFFORTS TO IMPROVE EDUCATION ACROSS THE COUNTRY. IT WILL MAKE AN IMPORTANT DIFFERENCE. HAVE A GREAT MEETING AND GOD BLESS YOU ALL.

MIAMI COALITION FOR A DRUG-FREE COMMUNITY**

GOOD AFTERNOON. I'M HONORED TO JOIN THE "MIAMI COALITION FOR A DRUG-FREE COMMUNITY". AS MEMBERS OF THE MIAMI RELIGIOUS COMMUNITY, YOU HAVE UNITED TO FIGHT THE TERRIBLE PHYSICAL, SOCIAL AND SPIRITUAL HARM DRUGS INFLICT ON OUR SOCIETY. I'M ESPECIALLY PROUD OF YOUR WORK BECAUSE YOU ARE BACKING WORDS WITH ACTION IN A COMPREHENSIVE COMMUNITY RESPONSE TO DRUG ABUSE. YOUR SOLUTION TO HELP OUR YOUNG PEOPLE THROUGH FAMILY, SCHOOL, NEIGHBORHOOD AND CHURCH, IS THE WAY TO BEAT DRUGS.

EACH OF YOU GIVES OF YOUR TIME, TALENT, AND RESOURCES TO HELP KIDS SEE A WAY TO MEANINGFUL AND SUCCESSFUL LIVES. YOU'RE HELPING KIDS UNDERSTAND THAT THE ONLY WAY TO REALLY LIVE IS TO LIVE DRUG-FREE. YOUR EFFORTS AND YOUR COMMITMENT SHOWS KIDS THAT SOMEONE IS THERE TO HELP THEM AND LOVE THEM. THIS LOVE AND SUPPORT, SPREAD ACROSS THE WHOLE COMMUNITY, WILL MAKE THE DIFFERENCE IN THE WAR ON DRUGS.

THANK YOU FOR YOUR PRAYERS AND YOUR WONDERFUL DEDICATION. YOU ARE TRULY SHINING STARS IN THE "THOUSAND POINTS OF LIGHT" I LIKE TO TALK ABOUT.

AMERICAN DENTAL ASSOCIATION**

GOOD MORNING! GREETINGS TO THE MEMBERS OF THE AMERICAN DENTAL ASSOCIATION AS YOU BEGIN YOUR 130TH ANNUAL MEETINGS IN THE "ALOHA STATE". MY CONGRATULATIONS TO ART DUGONI, (DEW-GO-KNEE) ON A SUCCESSFUL YEAR OF LEADERSHIP AND BEST WISHES TO MIKE OVERBEY AS HE BEGINS HIS NEW TERM.

AS I HAVE OFTEN SAID, ANY DEFINITION OF A SUCCESSFUL LIFE MUST INCLUDE SERVING OTHERS, AND THE A-D-A HAS A LONG AND HONORABLE HISTORY OF SERVICE TO MANKIND. AS YOU GATHER TO SET POLICIES TO GUIDE THE DENTAL PROFESSION IN THE COMING YEARS, YOU'LL BE TALKING "PERIO" AND "ENDO", BUT LET ME COMMEND YOU FOR YOUR LONGSTANDING EMPHASIS ON EFFECTIVE DISEASE CONTROL PROCEDURES. YOUR WORK TO PREVENT THE SPREAD OF INFECTIOUS DISEASES LIKE HEPATITIS, AND, MORE RECENTLY, AIDS, HAS BEEN INVALUABLE FOR THE SAFETY OF ALL AMERICANS.

LET ME ALSO HIGHLIGHT YOUR EFFORTS TO INCREASE ACCESS TO CARE FOR INDIVIDUALS WHO FOR FINANCIAL AND OTHER REASONS, SIMPLY AREN'T GETTING THE QUALITY CARE AMERICAN DENTISTRY CAN PROVIDE. YOUR EFFORTS HAVE MADE, AND WILL CONTINUE TO MAKE A DIFFERENCE.

THANK YOU FOR ALL YOU DO AND HAVE A GREAT MEETING.
GOD BLESS YOU ALL.
